Annual Town Meeting 1943

Proceedings Town Hall March 1, 1943, at 7:00 P. M.

Pursuant to a Warrant signed by the Board of Selectmen on February 8, 1943, then duly posted and the Constable's return thereon the annual town meeting was held at the Town Hall on March 1, 1943 at 7 P. M. The meeting was called to order by Moderator Forest W. Cousins and the Warrant and Constable's return read by Town Clerk Michael J. McCarthy. The Warrant for a special town meeting to be held on March 1, 1943 was read also. It was voted that action on articles in the Warrant for the special town meeting be deferred until action has been taken on articles in the warrant for the annual town meeting.

The following action was taken on articles in the Warrant:

Article 1. To hear and act on reports of Town Officers and Committees.

Voted to accept the reports of Town Officers and committees as printed in the annual town report.

Article 2. To adopt some method for the collection of taxes.

Voted to adopt the same method for the collection of taxes as used in the previous year.

Article 3. To raise and appropriate all sums of money necessary to pay all town charges during the ensuing year.

Voted to raise and appropriate the sum of twelve thousand six hundred seventy-five dollars (\$12,675.00) for the following purposes:

Moderator, salary	\$25.00

Chairman Board of Water Commissioners	200.00
School Committee, Treasurer	75.00
School Committee, Clerk	25.00

Article 7. To see if the Town will vote to authorize the Tree Warden to hire himself and designate the per diem wage.

Voted, to authorize the Tree Warden to hire himself at a per diem wage of five dollars and fifty cents (\$5.50) when working.

Article 8. To see if the Town will vote to authorize the Selectmen to purchase a new automobile for use of the police department, trading in the present automobile used by the police department as partial payment for the new automobile and authorize that the balance of the purchase cost may be taken from the police department appropriation.

Voted, to authorize the selectmen to purchase a new automobile for the police department, trading in the present automobile as partial payment for the new automobile and authorize that the balance of the purchase cost may be taken from the police department appropriation.

A unanimous vote.

Article 9. To see if the Town will vote to raise and appropriate a sum of money for the proper observance of Memorial Day and Armistice Day, said fund to be expended by the Fred Bates Morse Post 91, The American Legion, subject to the approval of the selectmen.

Article 10. To see if the Town will vote to raise and appropriate a sum of money for the Reserve Fund to be administered during the 1943 fiscal year by the Finance Committee and that to meet said appropriation a transfer of funds from the Surplus Reserve Fund be authorized.

Voted, that the town vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) for the Reserve Fund to be administered during the 1943 fiscal year by the Finance Committee and that to meet said appropriation that the transfer of the sum of three thousands dollars from the Surplus Overlay Reserve Account is authorized.

A unanimous vote.

Article 11. To see if the Town will vote to raise and appropriate money for any purpose and authorize the use of available funds in the treasury for the purposes named.

Voted to pass over.

Article 12. To see if the Town will vote to raise and appropriate a sum of money for the purpose of laying water mains on Highland Street or taken any action relative thereto.

Voted to pass over.

Article 13. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture, and choose a Town Director as provided in Section 41 and 45 of Chapter 128, General Laws.

Voted, to raise and appropriate the sum of one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture and named Robert A. Leland, town director.

Article 14. To see if the Town will vote to raise and appropriate a sum of money for the expenses of the Rationing Board or take any action relative thereto.

Appropriation in budget.

Article 15. To see if the Town will vote to raise and appropriate a sum of money for the expenses of the East Bridgewater Committee on Public Safety or take any action relative thereto.

Voted, that the town vote to raise and appropriate the sum of twenty-five hundred dollars (\$2,500.00) to be expended under the direction of the East Bridgewater Committee on Public Safety and that to meet said appropriation the transfer of the sum of twenty-five hundreds dollars from the Surplus Revenue Account is authorized and that Michael J. McCarthy, Joseph M. Chandler and M. Clifton Edson be named members of the East Bridgewater Committee on Public Safety.

Article 16. To see if the Town will vote to raise and appropriate a sum of money for expenses of the State Guard Unit or take any action relative thereto.

Appropriation in budget.

Article 17. To see if the Town will vote to authorize the acceptance of the statute establishing a Road Machinery Account or take any action relative thereto.

Voted, that the town accept the provisions of the statutes relative to the establishment of a Road Machinery Account and authorize that such account be established.

Article 18. To see if the Town will vote to accept Sections 42, 43 and 44 of Chapter 48 of the General Laws, relative to the establishment of a fire department and the appointment of a Chief of the Fire Department.

Voted to accept Sections 42, 43 and 44 of Chapter 48 of the General Laws, relative to the establishment of a fire department and the appointment of a Chief of the fire department and authorize the selectmen to act in accordance therewith in the establishment of a fire department and the appointment of a Chief of the Fire Department.

Article 19. To see if the Town will vote to accept Chapter 710 of the Acts of 1941, and act relative to the registration and operation of certain bicycles.

Voted, to accept Chapter 710 of the Acts of 1941, an act relative to the registration and operation of certain bicycles and authorize the selectmen to act in accordance with the provisions of said chapter.

**Action Taken on Articles in Special Town Meeting Warrant,
March 1, 1943.**

Article 1. To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treas-

ury, a sum of money for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943.

Voted, that the town authorize the transfer of the sum of twenty thousand dollars (\$20,000.00) from available funds in the Treasury, said sum of money to be used for the purchase of war bonds, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943. A unanimous vote.

Article 2. To see if the Town will vote to raise and appropriate a sum of money to be used for Chapter 90 maintenance work in conjunction with funds provided by the state and county, or either one, or take any action relative thereto.

Voted, to raise and appropriate the sum of one thousand dollars (\$1,000.00), said sum to be used for Chapter 90 maintenance work in conjunction with funds allotted by the State and County for this purpose; said funds to be expended on streets selected by the selectmen. A unanimous vote.

Article 3. To see if the Town will take any action or vote on an increase of salaries, wages or compensation of Town Officers or employees, make any appropriation necessary, or take any action relative thereto.

No action taken on this article.

Article 4. To see if the Town will vote to raise and appropriate or authorize the transfer from the surplus reserve fund, or any available funds in the treasury, money for the repayment of a loan under the provisions of Section 6A of Chapter 44 of the General Laws.

Voted, that the town vote to appropriate the balance of four hundred thirty-six dollars and five cents (\$436.05) in the 1942 Chapter 90 maintenance account, and that an

additional sum of four hundred thirty-six dollars and five cents (\$436.05) from the Surplus Revenue Account be appropriated for the purpose of completing payment of a loan made in anticipation of funds expected to be received from the state and county to said account. A unanimous vote.

Voted to adjourn at 8:22 P. M.

A true record,

MICHAEL MCCARTHY,
Town Clerk

Town Election Saturday, March 6, 1943

Pursuant to the Town Meeting Warrant signed by the Selectmen and the Constable's return thereon, the annual town election was held at the Town Hall on Saturday, March 6, 1943.

Three sealed boxes said to contain twenty-four hundred ballots (2400) were delivered to the ballot clerks before the polls opened and a receipt therefor obtained by the Town Clerk.

All requirements of law having been complied with, penalty and instruction cards and specimen ballots being posted, Moderator Forest W. Cousins declared the polls open at 7 A. M.

At 6:00 a motion was made and passed that the polls be now closed. At 6:05 all ballots remaining in the ballot box were removed and the box inspected by the election officers and found to be empty.

On the check lists both at the entrance gate and at the ballot box, three hundred twenty males and two

hundred females were checked as having voted. After the polls closed the ballot clerks returned eighteen hundred and twenty unused ballots.

After the tabulations were completed, Moderator Forest W. Cousins announced the result as follows:

MICHAEL J. McCARTHY,
Town Clerk

Special Town Meeting November 23, 1943.

Pursuant to a Warrant signed by the Selectmen, duly posted and the Constable's return thereon, a special Town Meeting was held at the Town Hall on November 23, 1943. Moderator Forest W. Cousins presided.

The following action was taken on articles in the warrant.

Article 1. To see if the Town will vote to raise and appropriate an additional sum of eighteen hundred seventy-seven dollars and twenty-one cents (\$1,877.21) for the Water Maintenance Account and that to meet said appropriation the transfer of the sum of eighteen hundred seventy-seven dollars and twenty-one cents (\$1,877.21) from the Welfare Outside Aid Account to Water Maintenance Account be authorized.

Voted, that the Town vote to raise and appropriate an additional sum of one thousand dollars (\$1,000.00) for the Water Maintenance Account and that to meet said appropriation the sum of one thousand dollars (\$1,000.00) from the Welfare Outside Aid Account to the Water Maintenance Account is authorized. A unanimous vote.

Article 2.—To see if the Town will vote to raise and appropriate the sum of fifty-one dollars and seventy cents (\$51.70) for the purpose of meeting deficits in the Overlay Accounts of the years named herein, and that to meet said appropriation the transfer of the sum of fifty-one dollars and seventy cents (\$51.70) from the Overlay Sulplus Account to the following accounts, be authorized; to the Overlay of the year 1937, twelve dollars and seventy cents (\$12.70); to the Overlay of the year 1938, eighteen dollars (\$18.00); to the Overlay of the year 1939, twenty-one dollars (\$21.00).

Voted, that the town vote to raise and appropriate the sum of fifty-one dollars and seventy cents (\$51.70) for

the purpose of meeting deficits in the Overlay Accounts of the years named herein, and that to meet said appropriation the transfer of the sum of fifty-one dollars and seventy cents from the Overlay Surplus Account to the following accounts, is authorized; to the Overlay of the year 1937, twelve dollars and seventy cents (\$12.70); to the Overlay of the year 1938, eighteen dollars (\$18.00); to the Overlay of the year 1939, twenty-one dollars (\$21.00). A unanimous vote.

A true record,

MICHAEL J. McCARTHY,
Town Clerk

Special Town Meeting December 30, 1943.

Pursuant to a Warrant signed by the Selectmen, duly posted and the Constable's return thereon, a special Town Meeting was held at the Town Hall on December 30, 1943. Moderator Forest W. Cousins presided.

The following action was taken on the article in the warrant.

Article 1. To see if the Town will vote to raise and appropriate the sum of nine hundred dollars (\$900.00) for the purchase of an automobile truck for the Highway Department and authorize the Highway Surveyor to purchase an automobile truck and that to meet said appropriation the transfer of the sum of five hundred dollars (\$500.00) from the Sidewalk Account and the sum of four hundred dollars (\$400.00) from the Highway Maintenance Account be authorized, to be used for the purchase of said automobile truck, or take any action relative thereto.

Voted, to raise and appropriate the sum of nine hundred dollars for the purchase of an automobile truck for the Highway Department and authorize the Highway

Surveyor to purchase an automobile truck and that to meet said appropriation, the transfer of the sum of five hundred dollars (\$500.00) from the Sidewalk account and the sum of four hundred dollars from the Highway Maintenance Account is authorized for the purchase of an automobile truck. A unanimous vote.

A true copy,

MICHAEL J. McCARTHY,
Town Clerk

ABSTRACT FROM CHAPTER 99 OF THE REVISED LAWS OF MASSACHUSETTS

Sec. 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number if any, color and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place, the name, if any, of the child, its sex and color, and the names, ages, places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in a city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offence forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the city or town in which child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable, be included in every notice given under the provision of this section.

Sec. 8. A parent, or other persons who, by Section 6, is required to give, or cause to be given, notice of a birth or death, who neglects to do so for ten days after the time limited therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk will furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

Report of Park Commissioners

During the past year, examination of the stand at Strong Field has revealed weaknesses in the structure, which in our opinion makes it unsafe for use by the public.

We recommend that the necessary repairs be made this year to make the stand safe for use and stop further deterioration. For this work we recommend that a special appropriation be made.

Total Expenditures

Appropriation	\$500.00	
Transfer	875.00	
		\$1,375.00

Expended:

Labor and materials	\$632.31	
Balance	742.69	
		\$1,375.00

Respectfully submitted,

NELLIE A. ROACH, Chairman,
 THOMAS E. O'BRIEN, Clerk,
 RALPH CONNORS

Report of Board of Selectmen

We have just completed a year of intensification in the national effort to strike a decisive blow for a definite victory in our war effort. The loyalty of all who have been asked to serve in the special tasks connected with our effort here has been excellent. Some activities which might have been undertaken in the usual municipal program had to be delayed owing to restrictions on material.

Citizens Serving

We now have the names of 340 men and women from our town serving in the armed forces of the nation and away from home, some of whom have been on active duty now for three years. Names of those in the service are on the Service Roll at the Public Library. While all devoutly look for the day of their return to their community and a normal way of life, we cannot relax in our spirit to do for them while they are in the service. To assure them of a degree of security after they return, the community in cooperation with the State and Nation must commence to have a definite post-war rehabilitation program mapped out.

Highway Work

Highway construction under Chapter 90 is suspended for the war years. Highway maintenance under Chapter 90 is being continued. In 1943 we expended \$3,000.00 in this work with State and County grants. We must maintain in serviceable condition work which has been done. For 1944 we recommend an appropriation of \$1,500.00 for Chapter 90 work. Notice has been received from the State and County that each will allocate a like sum for this work here this year.

In August Mr. Adam McCordick, Highway Surveyor, rendered a report to the Board of Selectmen, stating that the Spring Street bridge was in unsafe condition for heavy loads. An inspection of the bridge was made and the County Commissioners were requested to inspect the bridge and

make recommendations, which was done by the county engineer, Mr. Louis Perkins. The State Department of Public Works was also asked to make a survey of the condition of this bridge. The report of their engineer was that certain temporary repairs be made this year to strengthen the structural condition of the bridge and increase its load bearing capacity. We recommend that this be done at an estimated cost of \$1,000.00.

Post-War Fund

A definite responsibility of every community is to plan for the post-war period and be ready to provide employment for demobilized servicemen and war workers when the present employment peak sags. In our planning we should benefit by the experience during the unemployment period which extended from 1935 through 1940. To provide a fund for this work, the need for a post-war rehabilitation fund seems necessary. We started such a fund last year and we now recommend that the sum of \$25,000.00 be taken from available funds in the treasury and invested in war bonds in 1944.

Officers In Service

Frank E. Leslie, clerk of the board who was re-elected a member of the board in March, 1943, while serving in the Navy was sent overseas in June and on July 8, the vacancy on the board was filled by the selection of Mr. Edgar W. Dickinson, as military substitute. Dr. Alton L. Hurlburt of the Board of Health entered the service also. Dr. Samuel Allen was elected to act as military substitute for him. Both elections were made under the statutes which require that elected officers be selected from the registered voters of a town, which also applies to substitutes for elected officers.

The board expresses its appreciation for the spirit of cooperation given by officers and committees during the year.

MICHAEL J. McCARTHY,
EDGAR W. DICKINSON,
GLEN CHURCHILL,

Board of Selectmen.

Report of State Auditor

THE COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation
Divisions of Accounts

State House, Boston
April 6, 1943

To the Board of Selectmen

Mr. Michael J. McCarthy, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1942, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW:CAH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1942, and report thereon as follows:

The financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked with the books of the accounting officer and the treasurer.

The books and accounts of the accounting officer were examined. The receipts, as recorded, were checked with the treasurer's books and with the records of the several departments collecting money for the town, while the payments were checked with the treasury warrants and with the books of the treasurer.

The appropriations as listed from the town clerk's records of town meetings, as well as the transfers from the reserve fund authorized by the finance committee, were checked to the accounting officer's ledger. The ledger's accounts were analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1942. This balance sheet indicates that the financial condition of the town is very good.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the warrants of the selectmen authorizing the disbursement of town funds. The cash balance on February 16, 1943, was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books representing the investment of the several trust funds were examined and listed. The income was proved and the withdrawals were verified.

The tax title deeds representing liens on real estate were listed, the amounts transferred to the tax title account were checked with the collector's records, the reported redemptions were compared with the receipts as shown on the treasurer's cash book, and the tax titles, as listed, were proved and reconciled with the accounting officer's ledger.

The books and accounts of the town collector were examined and checked. The tax, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved. The collections as posted on the commitment records were compared with the cash book collections and with the recorded payments to the town treasurer as shown by the treasurer's cash book.

The abatements of taxes, departmental, and water accounts as entered on the commitment records were checked to the records in the departments authorized to grant abatements, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog and sporting licenses issued were examined, the payments to the State being verified by comparison with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The surety bonds of the town officials required to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of the sealer of weights and measures, as well as of all other departments collecting money for the

town, were examined, checked, and reconciled with the treasurer's recorded receipts.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the trust fund transactions.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

HBD:CAH

Assistant Director of Accounts.

Report of Highway Surveyor

Year Ending December 31, 1943

To the Honorable Board of Selectmen and Voters of the Town of East Bridgewater:

I herewith submit my report, which, owing to the shortage of paper, I have been requested to limit.

Our stock and tools have been kept up to the standard of last year's report, with an additional purchase of one dump truck, which is, in my opinion, an asset to the Highway Department; I have sold one old discontinued snow plow and purchased a new Anderson plow; and purchased one thousand (1,000) feet of new snow fence.

This year, as Highway Surveyor, I am planning, as Tarvia is released, to penetrate several of our dirt roads, which could not be done previously because of the shortage of tar and manpower. Several of our streets have been seal coated to prevent breaking up. Dirt roads have been graded and graveled in places with the anticipation of tarring this year; guard rails have been rebuilt and painted to prevent accidents; general repairs have been maintained to the best of my ability considering the shortage of materials.

We have rented our grader to other Towns, such as Hanson, Pembroke, West Bridgewater, Halifax, and to individuals for private jobs, netting us Seven Hundred and Ten Dollars (\$710.00). This money is to be used for the maintenance and upkeep of our equipment.

Hoping this year we will be more successful in obtaining more material for general purposes, I am

Respectfully yours,

ADAM McCORDICK,
Highway Surveyor.

Report of the Tree Warden

To the Citizens of the Town of East Bridgewater:

I have removed 27 dead and dangerous trees, which are to be replaced in the spring.

I plan to set out a number of White Pine which can be secured at no cost to the Town.

Thanking the Town Officials and Citizens for their co-operation during 1943.

Appropriation		\$1,200.00
---------------	--	------------

Expended:

Labor and car hire	\$1,184.14	
Supplies	15.13	
Balance	.73	
		\$1,200.00

Respectfully submitted,

EDWIN M. DRUKENBROD,
Tree Warden

Report of the Inspector of Animals

To the Board of Selectmen and Citizens
of East Bridgewater:

During the past year, 12 dog bites have been investigated and quarantined, none showing symptoms of rabies.

Seven interstate shipments of cattle have been inspected.

I have supervised the disinfecting of barns, where 28 head of cattle were condemned for tuberculosis.

In July, a census of the milch cows of the town was taken for the State Department of Agriculture, finding 1095 animals.

By order of the Division of Livestock Disease control, no barn inspection was taken because of gas and tire rationing.

Respectfully submitted,

HARRY W. KINGMAN, M.D.V.,
Inspector of Animals

Board of Assessors

Report of the Board of Public Welfare

This Board of Public Welfare and the Bureau of Old Age Assistance presents the following report of their activities during the past year.

General Relief

January 1, 1943, there were 13 active cases receiving this type of relief. Through the year 22 cases consisting of 34 persons were aided at a total expense of \$3,533.31. 16 of these cases were aided in their homes, 2 in institutions, 2 cases were boarded in other homes, 1 case was hospitalized and there was 1 burial. \$133.45 was paid to other towns for aid to persons with an East Bridgewater settlement residing in those towns. There were 3 cases made up of 5 persons in this group.

The Town was reimbursed in the amount of \$891.45 from the Commonwealth, \$613.02 from other towns and \$9.00 from individuals.

Aid Dependent Children

Throughout the year 14 cases consisting of 50 persons received aid under this category. There were 13 cases on the rolls January 1, 1943. During the year 3 cases were closed and 1 new case accepted, leaving at the close of the year, 11 cases made up of 42 persons.

These cases received \$9,411.50 in cash grants and additional sums amounting to \$202.65 for medical and dental care.

The Federal government contributed \$2,907.75 and \$4,826.33 was received from the Commonwealth.

Old Age Assistance

120 individuals received Old Age Assistance payments during the year 1943. On January 1, there were 108 active cases and at the end of the year there were 80 cases on the rolls. 18 new applications were received, of which 11 were granted assistance. 2 cases were reopened and 41 cases were closed during the year.

Those 120 cases received regular cash grants totaling \$38,142.06. In addition they received \$1,096.44 for Medical Care, \$618.48 for hospitalization, \$56.00 for glasses and \$273.00 was paid for burials.

There were 8 East Bridgewater cases residing in other towns for whom \$429.57 was paid to these towns.

\$19,301.09 was received from the Federal Funds, \$18,295.03 from the Commonwealth and \$834.99 from other towns.

Through the use of available Federal Funds, the office equipment has been modernized and now we have an up-to-date office. The Civil Service personnel comprises Charles E. Merrill, Social Worker, and Grace M. Sheehan, Clerk.

The Welfare Department wishes to express their appreciation to the Town Officials in the other departments for their co-operation during the past year.

GLEN CHURCHILL,
MAUD R. ESTES,
PRESCOTT WASHBURN,
Board of Public Welfare
Bureau of Old Age Assistance
Aid to Dependent Children

Report of Forest Warden

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1943.

During the year the Department responded to 41 calls for grass and woods fires.

Equipment on hand: 1 Chevrolet Truck and 1 International Truck, 7 extinguishers, 6 3-gallon pump cans, 1 carboy of acid, 2 kegs of soda, 4 shovels, 4 brooms, 350 feet of $\frac{3}{4}$ -in. hose, 50 feet of $1\frac{1}{2}$ -in. hose.

Appropriation	\$700.00	
Refund	3.16	
		\$703.16
Expended:		
Wages	\$384.00	
Gas, Oil, etc.	18.96	
Equipment and Repairs		
on Truck	271.87	
Other Expenses	6.00	
		\$680.83
Balance		\$ 22.33

Respectfully submitted,

MAURICE F. HENNESSEY,
Forest Warden

Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1943.

During this year the Department responded to 43 calls, 19 district and 24 still or telephone calls.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The Department has 3000 feet of 2½-in. double jacket hose and 800 feet of 1½-in. double jacket hose.

Appropriation	\$4,000.00	\$4,000.00
---------------	------------	------------

Expended:

Wages	859.25
Janitors	484.00
Insurance	170.00
Gas, Oil, etc.	186.23
Supplies	316.45
Fuel and Lights	515.29
Repairs on Buildings	156.36
Telephones	262.84

\$3,957.05

Balance

\$ 42.95

Respectfully submitted,

MAURICE F. HENNESSEY,
Chief of the Fire Department

Report of Moth Superintendent

To the Board of Selectmen and Citizens of the
Town of East Bridgewater:

During the year 1943 the Moth situation has improved greatly.

The trees were sprayed once, due to the lack of labor and supplies. This met with the approval of the State Moth Superintendent.

Appropriation	1,800.00
---------------	----------

Expended:

Labor and car hire	\$1,450.38	
Gasoline, oil, etc.	79.46	
Supplies	3.75	
Insecticide	265.40	
Balance	1.01	
		\$1,800.00

Respectfully submitted,

EDWIN M. DRUKENBROD,
Moth Superintendent

Report of the Chief of Police

Board of Selectmen,
East Bridgewater, Mass.

Gentlemen:

Herewith is my annual report of the Police Department for the year 1943.

Inasmuch as this is the last report that I shall submit, due to the fact that I am resigning as Chief of Police as of February 1, 1944, I have made a complete inventory of all police material, equipment and supplies.

I shall be glad to give any assistance, aid or information to my successor that is in my possession.

GEORGE E. MAYALL,
Chief of Police

DEPARTMENT OF POLICE

Chief

George E. Mayall

Officers

William J. Campbell, Sergt.

School offences	71
Turned over to Juvenile Probation Officer	3

This is my last report to the people of East Bridgewater as Chief of Police inasmuch as resignation goes into effect on February 1, 1944. I am glad to report that there are only minor cases left unfinished and I hope to have these out of the way by the time I leave office. I shall be glad to assist, aid or give any information to my successor at all times.

GEORGE E. MAYALL,
Chief of Police

Committee on Public Safety

Indications for the year 1944 are that an increasing number of our young men will be on the actual battle front in the global struggle. As their task becomes greater and more decisive, to many the security along the home front appears to be normal and that no reason exists for a continuation of the protection provided by a trained personnel working under the direction of the public safety committee.

To relax this watchfulness would be a dire mistake. The state of alert must be maintained and a competent force must be ready for instant mobilization to cope with an unpredicted event.

We are highly appreciative of the loyal services of those who have been identified with the civilian defense and know that they realize that the demobilization of the home front forces cannot be accomplished with safety until the military victory is won.

ALERT STAGE

The training of personnel in their duties was completed in 1942 and review was not necessary during 1943. The civilian defense has taken part in regional and state wide tests when held. These have been suspended during the winter months, but will be resumed soon.

WARNING SERVICE

Contact is maintained 24 hours a day with the Regional Warning Center through which information in event of danger would come. A number of test calls are answered each day. The difficulty of securing volunteers for the warning service at the Report Center made it necessary to secure coverage of this work elsewhere. The same service is maintained. Calls from the Warning Center are received at the Public Library on Monday through Friday from 8 A. M. to 6 P. M., and for the period from 6 P. M. to 8 A. M., daily and

24 hours on Saturday and Sunday at the home of the chairman of the committee or Joseph M. Chandler, Deputy Chief Air Raid Warden, who assume these duties often for a period of several months continuously.

WARNING SYSTEM

In 1943 it had been planned to purchase a suitable warning system which might have volume enough to be heard in all parts of the town. Investigation revealed that many manufacturers of this type of equipment had converted to other war work and the systems which seemed to meet the needs cost more than our total appropriation for the year, hence we were unable to purchase an alarm system. If it had been obtained it would be further desirable as a fire alarm system after the war. No appropriation will be asked for this year. Our funds seem sufficient to meet anticipated needs and part of the available appropriation may be recommended for transfer for war activities.

Late in the year Dr. Alton L. Hurlburt who had been the active and efficient head of the Medical Division since the program was inaugurated here resigned when he was commissioned in the U. S. Navy and detailed to active duty. Dr. S. Morris was named chairman of the division.

SPECIAL WORK

Much special work of importance has been done by divisions of the committee during the year. These have included, salvage collections, maintenance of the service roll, records of those in the armed forces, public information and the excellent job done in the fall when Christmas gifts were sent to each man and woman from the town in the armed forces.

MICHAEL J. McCARTHY, Chairman,
Committee on Public Safety

Service Roll

The following is the list of residents of the town of East Bridgewater serving in the armed forces of the nation as registered with the East Bridgewater Committee on Public Safty and whose names appear on the Service Roll, at the Public Library. The list contains all names received up to February 1, 1944.

Report of Board of Health

East Bridgewater, Mass., Feb. 21, 1944.

Report of the Board of Health.

In December Dr. A. L. Hurlburt left to enter the service of the United States and Dr. Samuel Allen was appointed to serve during Dr. Hurlburt's absence.

The Diphtheria Clinics were conducted during the year.

The new Board met and organized Feb. 21, 1944, with Dr. Allen, Chairman, and John B. Thorndike, Secretary.

Financial Statement

Appropriation		\$2,850.00

		\$2,150.10
Balance		\$ 699.90

Respectfully submitted,

SAMUEL ALLEN, M. D., Chairman
 J. B. THORNDIKE, Secretary
 CLINTON SMITH

Librarian's Report

To the Trustees of the East Bridgewater Public Library:

I present herewith a summary of the activities of the library for the year 1943:

To conserve fuel, the library was closed at 5 o'clock during the first part of the year. In the fall when notice was received that the library need not convert to coal, the closing hour was extended to 6 o'clock from Monday through Thursday and to 8 o'clock on Friday and Saturday evenings. While these hours made it necessary to observe the dimout regulations, it was felt that gasoline could be saved by having our evening hours correspond to the shopping hours in town.

To meet gasoline rationing further, we allowed more books to be borrowed at a time and to be renewed for longer periods. During the summer when pleasure driving was prohibited, the circulation of books was greatly lessened. The library staff put in long hours in an endeavor to complete the re-cataloguing task that was begun in 1941. Over 8000 books in the adult department have been re-catalogued and the re-cataloguing in the juvenile department is nearly completed.

We tried to continue our usual activities. Story hours and a vacation book club for the young people were conducted by Mrs. Moorhouse, also special displays, climaxed by Book Week, were offered them. The morning hours continued to be given to the high school pupils, and the Allen school pupils came directly to the library for their books every week. For the adults we borrowed 242 books. While our own library resources are good, we found that whether the borrower was planning a victory garden or studying post-war planning, he wanted the best and the newest books available.

Other activities were undertaken. The library staff assisted with rationing and at the report centre. In October, when it became increasingly difficult to secure volunteers for the report center, the library assumed the duty of receiving the calls from the Brockton warning district from 8 A. M. to 6 P. M. The second Victory Book campaign ended in 1943. We collected, sorted and boxed the books that were contributed. The Red Cross motor corps carried the boxes to the designated stations.

The war called for extra effort from everyone the past year. In the library we worked willingly and unceasingly for those in the armed forces. We collected data for the service roll, filed and kept the address of each service man and woman up to date, and supervised the sending of cigarettes and candy to them for Christmas. A group of efficient volunteers aided us in securing these addresses, and the gifts were sent from the East Bridgewater citizens. Many letters and cards from our service men and women are on file in the library.

The library received during the year donations of books, magazines, magazine subscriptions, pictures and clippings. We acknowledge these gifts with thanks.

Respectfully submitted,

ETHEL B. CHANDLER, Librarian

STATISTICS

The library was open 302 days for reading and lending—49 hours a week during school months, and 24 hours a week during June, July and August.

39,467 volumes were lent for home use. The juvenile department circulated 12,434 books.

The circulation per capita was 10.92.

The average daily circulation was 130.68.

On December 31, 1943, the library contained 15,917 volumes. 105 were added by gift and 494 were added by purchase.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen,

Gentlemen:

For the year 1943 I performed the duties of Sealer of Weights and Measures as follows:

	S.	A.	N.S.	C
Platform scales over 5,000 lbs.	2			
Platform scales, 100 to 5,000 lbs.	20	5		
Counter scales, 100 lbs. or over	4			
Counter scales under 100 lbs.	8			
Beam scales over 100 lbs.				1
Spring scales over 100 lbs.	2	1		
Spring scales under 100 lbs.	20	4		
Computing scales under 100 lbs.	15	2		
Slot weighing scale	1			
Prescription scales	2			
Avoirdupois weights	122	16		
Apothecary weights	15			
Liquid measures	12			1
Meters, 1 inch inlet	19	7		
Meters, over 1 inch inlet	2	2		1
Gasoline measuring pump	1		3	
Oil measuring pump			25	
Grease measuring pumps	4			
Quantity measures over pump	18			

I made a reweigh of 287 commodities and found five under weight and two over weight.

Respectfully,

JAMES H. FEENEY, Sealer

ANNA M. BANNERMAN, Treasurer

AGE OF ADMISSION TO SCHOOL

Any child who becomes six years of age on or before January first of the year following the term when he wishes to enter school may be admitted into the first grade, but in every case the admission of a child under six shall be dependent upon the fitness of the child to profit by the work of the school, such fitness of the child to be determined by the Superintendent. Pupils under seven years of age who have not previously attended school shall not be permitted to enter later than thirty days after the opening of school in September.

COMPULSORY ATTENDANCE LAW

The following excerpts regarding school attendance have been taken from the "General Laws Relating to Education" (1932 edition): Chapter 76—Section I.

School Attendance Regulated

Every child between seven and sixteen shall attend a public day school in the town where he resides or some other day school approved by the School Committee during the entire time the public schools are in session. The Superintendent or teacher in so far as authorized by him or by the School Committee, may excuse cases of necessary absence not exceeding seven day sessions or fourteen one-half day sessions in any part of six months. The School Committee of each town shall provide for and enforce the school attendance of all children actually residing therein in accordance herewith.

Section II

Duties of Parents as to School Attendance. Penalties

Every person in control of a child described in the preceding section shall cause him to attend school as therein required, and, if he fails so to do for seven day sessions or fourteen one-half day sessions within any period of six months, he shall, on complaint by Supervisor of Attendance, be punished by a fine of not more than \$20.00.

Report of the Superintendent of Schools

To the Members of the School Committee:

I herewith respectfully submit my sixth annual report as Superintendent of Schools in this town. Again this year we find that war conditions are seriously affecting the educational system. Good teachers are becoming increasingly difficult to obtain, certain supplies to be used in the classes are unavailable, the right kind of fuel cannot be obtained to heat some buildings, school attendance is very poor because students are working and sickness seems to be rampant. While these and numerous other conditions present difficulties, it should be the object of everyone to accept the hardships and do the best job possible under the circumstances. Our school department is trying to provide for "the right of every American child to a good education."

During the year many wartime activities have been carried on through the schools. We issued rationing books as requested by the authorities, have sold war stamps and bonds in all schools, three of which have received citations from the Treasury Department because of the amount of sales. The students have had victory gardens, have raised animals to supply meat, and have supplied a lot of agricultural help. Our schools stand ready and willing to do all in their power to assist in the war effort.

PERSONNEL

During the year we have had more faculty changes than for many past years. This situation is almost certain to cause a number of difficulties even in normal times; however, we have been able to make these changes without seriously handicapping anyone. This year I shall simply record the resignations and the reasons therefor. By re-

ferring to the Teachers' Directory, which appears later in this report, the reader can determine who was appointed to fill the vacancy.

The commercial teacher, Miss Jean Jacobs, left to enter the Coast Guard Service. Anthony E. Tancreto, a teacher of science and mathematics, left to teach in some branch of the service. Miss Olga L. Sapp left to enter the Navy. Miss Catherine J. Flaherty resigned from her position as junior high school English teacher to teach in her home city of Portland, Maine. Miss Dorothea F. Smalley resigned from her position in household arts to become the 4H supervisor for Barnstable County. Miss Eleanor E. Aiken resigned as fifth grade teacher at the Allen School to teach in Somerville, her home city. Miss Margaret M. Giles resigned as first grade teacher at the Allen School to enter the Treasury Department in Washington, D. C. Robert Spencer resigned from his position as supervisor of music in order to take a more lucrative position in a defense industry. We were truly sorry to have these teachers leave us, but we wish them the very best of luck in their new positions.

THE ELEMENTARY GRADES

In past years much of my annual report has been devoted to the problems facing the upper grades. It has never been my intention to minimize the importance of the work in the lower grades. On the contrary, I believe that the entire educational attainment of an individual depends quite largely on the basic training obtained when he started school. I believe that much juvenile crime and hatred of school could be eliminated if certain changes were made in our elementary schools. The prevailing practice in most school systems is to have all children enter the first grade at school when they become approximately six years of age. This is true regardless of the mental ability of the child. In the first grade, the primary task is to teach children to read. Good educational theory indicates that children can be taught to read more easily and to better advantage when they have attained the mental age of approximately six

years. In any average group of thirty first grade children, their mental ages from around four to eight years. The immature child, or one with low mentality, is not ready to learn to read and consequently gets off to a very poor start. Regardless of how enterprising the teachers may be, she cannot care adequately for such a wide difference in abilities. Almost all the teaching materials to be used in the first grade are written for children of the six year level. Some of these materials must be as meaningless to some children as a futuristic painting would be to me.

What are some possible results of this muddle? The misplaced child attends school for a year without knowing what it is all about, and is then retained in the first grade for another year. The second year he should have a completely different set of first grade books, but this isn't possible in many places. The child has to try to interest himself in second hand stories, and to break many bad habits formed the first year. Consequently he is likely to become less and less interested in school and lose a desire to learn to read. When the child gets a bit older and these conditions become acute, then he is ready to derive his pleasures in out-of-school ventures. He may become a truant, which is one of the first steps usually taken by the juvenile criminal.

I believe that the public schools could avoid many of these difficulties by instituting a farsighted program. I would like to make a few recommendations which I think would enable East Bridgewater to have such an educational system. First, I would like to have children enter school on the basis of mental age rather than chronological age. Second, I would like to obtain the very best teachers possible for the lower grades, and pay them the same salary as that paid to teachers in the higher grades. This would mean that the first grade teacher should be as well trained and as capable as the upper grade teachers. If any distinction should be made, it should be in favor of the lower grade teachers. The public should look at this teacher appointment business not in terms of an individual wanting a job,

but instead in behalf of the children to be educated. Third, I recommend that the town proceed with the elementary school construction program which was halted when the war started. In this building program, I would like to see the town build a school with rooms enough in it so that the first grade teachers would not have over twenty pupils per teacher. It is far wiser to err by having too few pupils per teacher rather than too many. Unless the new building is constructed with the policy of small classes in mind, it is likely that too few rooms will be provided. A part of the building program should include adequate play facilities both inside and outside of the building.

GUIDANCE

The guidance in the senior high school is being handled most capably by Miss Ellen M. Shea. It is largely through her efforts that we now have adequate information on the interests and out-of-class abilities of each student to make impartial judgments and give impartial advice. Much of this information is accepted at face value by the armed forces. The following report from Miss Shea describes the Guidance program at length:

"The past year has been one of unusual activity in the field of guidance. The demands made by the war have greatly increased the activities of our department. We have tried to carry out the high school testing programs instituted by the army and navy in order that our senior boys might have every possible opportunity of being tested for the college training programs offered by the government.

Normally the guidance work for grades nine through twelve develops along the following lines:

1. Educational counseling to help the undergraduates select their courses of study and to help the seniors prepare for college entrance.
2. Vocational counseling to help the students find out what work they can do best and how they can find places for themselves in their chosen vocations.

3. Personal counseling to help students adjust themselves socially.

4. Placement work through which students are placed in part-time jobs, in many cases leading to full-time positions after graduation.

During the last year we have attempted a new testing program. We have administered the Kuder Preference Test for Vocations and the Otis Intelligence Test to all the seniors. Before the end of the present school year, we hope to give those tests to all the students in high school. The more of this testing we are able to do, the more accurate will be our counseling.

Last winter East Bridgewater High School was selected by the Massachusetts State Department of Education as one of the fifteen high schools in the state whose guidance directors were invited to form a committee of State Consultants in Guidance. This committee, working with Mr. Walter Downey, our former commissioner of education, arranged a "Pupil War Inventory Blank" to be used in the guidance work of the high schools of Massachusetts. This card, filled out by means of individual interviews with each pupil, provides a summary of that pupil's academic, social, and character development throughout the four years of his high school career. During the last week of August this committee of State Consultants served as the staff of a Workshop in Guidance which was held at the Massachusetts School of Art in Boston. This workshop was attended by guidance directors from the whole New England area, and had as its purpose, the discussion of war-time guidance problems in general and the use of the Massachusetts Pupil War Inventory Plan in particular. East Bridgewater was one of the first schools in the state to use this inventory card. Recently a federal law has been passed which requires that every boy entering the armed services must present one of these educational summary cards at the induction center.

We are very grateful for the use of the office on the second floor of the high school for our guidance work. This provides an excellent place for individual pupil conferences. A great deal of vocational guidance material and the various college catalogues are kept in this office. At present we are compiling a guidance filing system in which each high school student is to have an individual folder containing his school records, Kuder test, Otis intelligence test, and pupil war inventory blank. These records provide a complete high school history of each pupil. This may be used in counseling the pupil, particularly in helping him to formulate educational or vocational plans. The placement records are also kept on file in this office.

We wish to express our most sincere thanks to our superintendent and to the members of the school committee for the privilege of experimenting in the development of our guidance program. Some of the units of work and courses of study that originated in our department are now used as working models in junior and senior high schools throughout Massachusetts."

PENMANSHIP

For many years we have been trying to improve the penmanship of our students in every grade, but no great gains could be noticed. This year we have employed Mr. William L. Rinehardt to institute the Rinehardt Functional System of Penmanship. This is a complete supervisory program which has been adopted by approximately sixty school systems in New England. While the system was not started until September, we can already notice a marked improvement in the penmanship of many pupils.

SHOP

During the past year we have experienced considerable difficulty in obtaining some materials which were badly needed. Some of these difficulties appear to be subsiding, others have disappeared entirely. A goodly number of boys

in grades seven through twelve appear to enjoy their shop work, and many worthwhile projects are being developed. Mr. Philip N. Center, the shop teacher, has submitted the following report and recommendations:

"For the past year the boys in the shop classes have been doing volunteer work for the Junior Red Cross. The materials are all furnished and paid for by the Red Cross.

Many projects have been made, such as: occupation tables, bookcases, smoking stands, cribbage boards, and various kinds of games. Boys who desire to make their own projects are always permitted to do so.

I recommend that a new circular saw be installed in the shop, as the one which is now in operation is becoming obsolete. It is also recommended that the students should have individual benches."

HOUSEHOLD ARTS

Miss Helen E. Kelley teaches this subject to the girls in grade seven, and Miss Kathryn M. Stone teaches it to those in grades eight through twelve. Miss Stone is also manager of the school lunchroom. The early courses are interested largely in cooking and sewing, but the course for the seniors is much broader in scope. Here the girls are taught home management, home nursing, child care, and consumer buying as it applies to the home. The following report of Miss Stone gives a more detailed account of this department:

"The wartime theme has entered all of our divisions of Home Economics in this, our second year of war. Our foods and clothing classes, our cafeteria and nursery school have all been affected.

From the beginning, in our foods classes, emphasis has been placed on the preparation of meals designed to be nutritionally adequate and appetizing in spite of rationing.

Keeping these points in mind, the students have planned, prepared, and served "wartime meals."

In clothing classes our main project has been making over garments or repairing clothing. Red Cross sewing has also been introduced into the classroom. This is sponsored by our new Junior Red Cross unit in the High School.

Very recently the cafeteria has been forced to raise the prices of most of the food sold. Although our lunchroom is a non-profit organization, a general rise in prices has necessitated this change. Upon recommendation of the school board, it was decided that a fixed price, 10 cents, would be set for hot lunches. This has enabled the department to serve more nutritious and satisfying meals. Since many children have both parents working in war jobs, it is hoped that more of the pupils will partake of the hot lunches provided especially for their benefit.

The Home Nursing course offered to junior and senior girls has been made a standard Red Cross course. With the help of the school nurse, Miss Ruth G. Evans, a thorough course of study in home nursing methods is being given. This will enable the girls to receive their official Red Cross certificate for home nursing if they pass the course with a grade of 70 or above.

Because the Home Nursing course has necessarily been more detailed this year, the child care unit including the nursery school will be delayed until Spring. It is believed that full attendance in a nursery school is almost impossible for small children during the winter months. Thus for the sake of the children's health, the nursery school will be open only in the warmer weather.

There are several recommendations which, if followed, would greatly improve the efficiency of our department.

1. Double periods would provide ample time for pupils to complete a project in foods classes. It is almost impos-

sible for students in one period of forty minutes to prepare food and take care of their equipment. The amount of sewing done in the same number of class hours would be increased if double periods were used. Home Nursing demonstrations would also prove more effective under a double period system.

2. Instead of teaching foods one-half year and sewing one-half year, each subject should be taught for one full school year. This would make it impossible for students to be placed in advanced classes without having had the fundamental training to enable them to meet the requirements of the class.

It is with these recommendations in mind that we hope to improve our future classes."

MUSIC

Mr. Sarkis Kurkjian, our new Music Supervisor, is carrying on the musical program in all our schools as completely as conditions will permit. Music in the elementary grades has not been seriously affected, except for those pupils who would like to take instrumental lessons. In the senior-junior high school we have had to change the program considerably. Because so many students are working, we have found it necessary to have our school band rehearse within the school session and the junior band has had to meet immediately at the close of school. The boys in the senior high school have shown so little interest in singing that their glee club has had to be discontinued. It is our hope that we may be able to renew our old arrangements at the earliest possible moment. The following report of the Music Supervisor gives a more detailed account of this department:

"The activity of the Music Department consists in the training and participation of students in vocal and instrumental music,

Vocal training begins in the first grade where pitch and tone discrimination is started and continues in a systematic procedure through the sixth grade where the ability to read adequately and to sing music of more than one part has been acquired. In the Junior High grades the theoretical work is mostly in the form of review, with a greater portion of the available time devoted to the performance of a type of music that is of interest and yet is of worthwhile calibre. This year the Department has acquired the necessary textbooks to complete a unified series in each of the grade schools. Emphasis is being placed on the development of reading ability in the grades since it is here that the foundation is laid for ability and interest is instilled for participation in music in later years, whether around the piano at home or in a solo chair of a symphony orchestra.

The girls' chorus of 45 High School students has presented a group of selections in the Christmas program and has as its purpose the singing of fine choral works from the field of musical comedy to music of the church.

The instrumental program is in three main divisions. Pre-band instruction, junior and senior bands. Another organization connected with the music department is the drum majorettes and a group for training in baton twirling. Provision is made for instrumental training for all children above the third grade who desire it and for whom instruments are available. In pre-band training there are four groups—elementary and intermediate in both brass and woodwind instruments. These groups meet after school Wednesdays and Thursdays.

The junior band is composed of pupils who have reached the intermediate level and provides them the opportunity to acquire the fundamentals of group-playing. Its primary purpose is to develop replacements for the senior band.

The senior band has a membership of 45, of whom more than a third are new recruits. It has taken part in the

Armistice Day parade and four members of the brass choir have presented a Christmas program in the three grade schools. A selected group is now preparing for performance at the basketball games. The senior band is handicapped to a great extent by war-time curtailment of contests and festivals. It is the opinion of the present director that these out-of-town activities offer a great incentive toward the building and maintaining of a fine band."

ART

The art department has been affected least of all by our changed conditions. The countryside is still as beautiful as ever and the seasons still provide inspiration for art. The volunteer art class at the senior high school has had to be discontinued because most of the students work after school. By reading the report of the Art Supervisor, a more thorough report of this department may be obtained:

"In directing the art education in the schools of East Bridgewater, I have tried to present art as a source of inspiration for better living. If art can be taught so as to develop the capacity for the enjoyment of the beautiful to its fullest in every individual, then art education, I believe, does open the way to richer experiences and to better living.

In the first three years the greatest stress is upon self-expression through illustration and construction. The course of study is meant to stimulate thought on the part of the child. Thoughts of himself, home and school. The second and third grades have shown progress in initiative and confidence in expressing their own thoughts, emotions and experiences. The guidance, inspiration and encouragement of previous teaching has resulted in a joyous and eager response to picture familiar impressions and memories.

Grades four, five, and six have enlarged their picture vocabulary by thinking more clearly about what they see and feel. In these grades I hope to develop a simple, clear, orderly interpretation of their impressions and experiences.

In illustrating history and geography scenes, there is little value in copying pictures from textbooks. The value lies in building mental pictures from word descriptions not illustrated in the book. If the child cannot draw or explain clearly his idea of Iceland or Sahara, the chances are that the words mean little to him. Drawing reveals the child's state of mind, be it orderly or disorderly, clear or befogged.

In grades four, five and six, the change from hard crayon to soft brush and water color result in the pupil expressing his ideas with more deliberate control of hand and eye and call for constant judgment. Visual judgment is the power to seek to develop. Direct brush drawing and painting do develop visual judgment.

The Christmas illustrations did show an increased skill in manipulating the brush and color as well as thought and visual judgment.

In junior high school the art work continued of the creative type. Increased skill in drawing and painting is expected. An appreciation and recognition of orderly arrangement, balance and fine spacing is emphasized. Training is given in gathering data from pictures for illustrating a given theme and to produce a result artistically good. Training to make pleasing color harmonies. Ability to print and to fit several words into a given space. To express ideas with directness and with such beauty of color and pattern as the pupil is able to achieve.

With the knowledge of order comes a recognition and love of beauty and the creating of a design or a picture must give a thrill of pleasure or our teaching can scarcely be called art education.

Fine emotions, like muscles and brains, develop through exercise. The joy which comes from creating and sharing beauty may help to keep a pupil's heart in his school work. It is this pleasure, pride and joy of creating an orderly arrangement that I want to encourage during the coming year."

HEALTH

This department is one of the most important in our entire system under present conditions. When young people are forced to live under a nervous strain and do unusual amounts of work outside of school, their health is certain to show the results. Many parents are working and are relying on the children to prepare their own meals, others are unable to provide proper night care for children. The open winter may be another cause of the extent of sickness. All these things have placed an unusually heavy burden on Miss Evans, our school nurse. The activities of the Health Department are many and all are of vital importance. I recommend the careful reading of the nurse's report which follows:

"I start this report by stating the most outstanding accomplishment of the year. In previous years, children entering the first grade have been examined either by their family physician or by Dr. F. H. Harris at the Baby Clinic sponsored by the E. B. Public Health Nursing Association. In some instances, this has deprived the clinic of their right-fult duty toward the babies, so this year another way was found. Through the combined efforts of Dr. Hurlburt, the school physician; Dr. Fraser, the school dentist; Mrs. Keith, the Public Health nurse; teachers, parents, and myself 92 per cent. of the children entering the first grade for the first time were registered, weighed and measured, teeth were examined, and a physical examination was made. Results showed that only a few needed removal of tonsils and the correction of dental defects, while the majority of the children were physically ready to begin their school life. Plans are underway to repeat this procedure again this June.

In order for the young child to benefit from the first year's teaching, mental readiness, as well as physical fitness is necessary. Unless a child is mentally ready to begin school life, the child becomes inattentive, loses interest and quite frequently becomes a disciplinary problem. To avoid the formation of these undesirable habits, which are apt

to remain with the child throughout his entire school life, I believe a mental aptitude test should be given to all children entering the first grade.

Routine school work was carried on as follows:

School Visits	434
Special attention including First Aid treatments given to	2300
Recommended for exclusion	225
Ill children carried home	138
Children referred to School Physician	21
Interviews with parents through office, telephone, home contacts	830

Elementary grade children weighed and measured twice.

6 children examined by eye specialist in Brockton. Three were aided by the School Health Fund (Courtesy of Woman's and Teachers' Clubs.

5 children to Brockton hospitals for tonsil operations.

2 children to Bailey Health Camp (Courtesy E. B. P. H. N. Assoc.)

4 children to Brockton hospitals for X-ray following injuries.

Assistance was given Dr. Hurlburt in his annual examination of the children, which revealed fewer defects than in previous years. This shows the value of the careful check-up given the children before entering school and the advisability of the correction of existing defects at that time.

Dental defects were found by Dr. Fraser in his annual dental examination. During the school year 1942-1943, 118 children made 335 visits to 23 clinics and the following was accomplished:

Cleanings	121
Temporary Fillings	57

Permanent Fillings	136
Extractions	48

At the close of the school year, records showed that approximately 65 per cent. of the pupils in the elementary grades had a complete dental correction. Dental clinics will continue as usual for the first three grades this year.

During the winter, spring and fall, records show that communicable disease was slightly higher than last year, with 4 cases of whooping cough, 24 case of chicken pox, 163 cases of german measles, 2 cases of mumps and 19 cases of scarlet fever. Although there has been an increase in the incidence of scarlet fever among the school children this fall and winter, all cases have been mild and have shown no serious complications.

Plymouth County Health Association has discontinued the use of the audiometer for the testing of hearing. If this accurate testing is to continue, it will necessitate the purchase of the necessary equipment. Miss Gibson, a lip reading instructor from Brockton, returned for his sixth consecutive year and conducted classes twice a week for three high school pupils with hearing defects.

At the annual diphtheria immunization clinic, 8 school and 63 pre-school children were given the immunization treatments. This is a very important health activity and will be conducted again this spring.

Dr. Atkinson and Miss Bellew from the Massachusetts State Department of Mental Health returned and examined several children recommended for this examination by the teachers. At a conference held with the teachers, she was able to interpret her findings and in several cases she interviewed the parents and gave them a great deal of assistance.

The need of student nurses in our hospitals for replacing the great number now in the armed forces was heeded. Mrs. Delight Jones of Fall River, Chairman of the Nurse Recruiting Committee spoke to all the High School girls

about requirements and advantages of a nurse's training. Several interested girls visited the Quincy City Hospital, obtaining first hand and valuable information by a visit through the hospital and in interviews with the nurses. Three of last year's graduates are now enrolled in the Nurse's Cadet Corp and are very happy in their chosen profession.

This fall, in co-operation with the Household Arts teacher, the Standard Red Cross Home Nursing Course was introduced in the High school for the first time. This has necessitated an interruption in my regular routine work for the necessary teaching and demonstrations. If the course is satisfactorily completed, the girls will receive a Red Cross Home Nursing Certificate. A similar course was given to an adult class of 24 last spring.

Regardless of war, food rationing, etc., the health of the school children still remains fairly good. There is a tendency of listlessness and lack of energy among some of the high school students, which I believe can be traced to the student's desire to work and carry on their regular educational achievements. Too much work, not enough sleep and a lack of proper food is poor insurance for good health. As their education is paramount, this condition should be watched carefully by the parents and every possible advantage given to the growing boy and girl to improve his or her health standards.

Inclosing this report I wish to express my appreciation of co-operation received from the superintendent, the teachers, the parents, and the children of East Bridgewater."

PROPERTY AND FINANCES

We have been able to maintain our buildings satisfactorily because we had in stock a number of materials which we could not have obtained. Our janitors are to be congratulated for their fine attitude in the care of our property. As things now appear, it will be unnecessary for us to make

any major repairs on any of the buildings in 1944. The townspeople should keep the old Allen School in mind. It does not meet the needs today any more than it did two or three years ago. It is as much of a potential source of danger now as it was after the repairs were made. The safety of the repairs were not guaranteed indefinitely and the town should proceed with plans to rectify this condition. Cities and towns are being urged to prepare public works projects which will provide labor for those who will need employment in the transition period at the close of this war. What better public works project could this town provide than the building of a new elementary school building?

During the course of the year, the town received a total of \$6,912.40 as reimbursement from the State and the City of Boston; also, the sum of \$230.00 which was spent for the new grates in the boiler at the High School came from the 1942 budget. This means that the net cost of the schools was \$63,452.77. We returned a balance of \$2,017.83 from the 1943 budget. This was possible because the heating problem at the High School did not cause us as much difficulty as we had anticipated.

CONCLUSION

First and foremost, I want to thank the teachers for their co-operation in these critical times. I hope the townspeople appreciate our teachers and I hope that our children will show the teachers the respect which is due them. Many people fail to give credit to all who are deserving of it under present circumstances. The glamor of a uniform, the larger salary check, the freedom from cares are all things which appeal in various ways. Certainly our teachers are not staying in their positions for any of these things. "We, too, have a job to do" could very well be the motto of the teachers. If many more leave the profession, society may be in for some bad times. I hope that our teachers may see their way clear to stay on their jobs.

I wish to thank the townspeople for their apparent understanding of many of our difficulties. As long as we have your confidence, we can continue to do our part to see this thing through together.

Finally, I wish to thank the school committee for their friendship and understanding. It is a pleasure to work with and for you.

Respectfully submitted,

JOHN, H. GOTSCHALL,
Superintendent.

AWARDS

1. HORACE T. SMITH ESSAY PRIZE

Mary Balian

Awarded to the member of the Junior or Senior Class who submits the best essay on some scientific subject. Annual interest on \$1,000,000.

2. HORACE T. SMITH SCHOLARSHIP FUND

(Not Awarded)

Given to the graduate of the East Bridgewater Senior-Junior High School who fulfills all the requirements as set down by the will of the late Horace T. Smith. First year's tuition at Massachusetts Institute of Technology, \$500.00.

3. THE MICHAEL J. McCARTHY PRIZES

1. Julia Wojcechowski
2. Lorraine Fuller

Given annually to the two Seniors who exhibit superior knowledge of the United States Constitution or a selected subject in American History.

4. THE WASHINGTON AND FRANKLIN MEDAL

Betty Jean Dalton

Awarded to the Senior who has contributed the most and stands the highest in the study of United States History.

5. THE DICKINSON MEDAL

Everett Ludwig

Given to the graduate who has shown the most improvement in scholarship during his or her four years of High School life.

6. CLASS OF 1931 AWARD (MEDAL)

Lorraine Fuller

Given to the Senior who has fulfilled all the requirements towards being the best citizen of the Class during his or her four years of High School life.

7. THE SYLVANUS COOK PACKARD AND ALUMNI SCHOLARSHIP

Helen Nylen

Given to the graduate who fulfills all the requirements according to Article 5, Sections 1, 2 and 3 of the By-Laws of this fund, and who stands the highest of all those making application for this scholarship. Annual interest on \$1,500.00.

8. THE BANNERMAN SCHOLARSHIP

George Maranjian

Given to the graduate who has completed the High School Classical Course and who is the highest ranking student in the list of applicants to enter a college on the approved list.

9. RENSSELAER POLYTECHNICAL INSTITUTE
SCIENCE AND MATHEMATICS MEDAL

George Maranjian

Awarded to the Senior who has attained the highest excellence in the studies of Mathematics and Science throughout his or her High School career.

10. D. A. R. MEDAL

Grace Johnson

11. READER'S DIGEST

Annual Town Meeting 1944

Proceedings, Town Hall, March 6, 1944, at 7:00 P. M.

Pursuant to a Warrant signed by the Selectmen on February 14, 1944, then duly posted and the Constable's return thereon, the annual town meeting was held at the Town Hall on March 6, 1944. Moderator Forest Cousins presided. The Warrant, with the exception of the articles contained therein and the Constable's return, were read.

The following action was taken on articles in the Warrant:

Article 1. To hear and act on reports of Town Officers and Committees.

Voted to accept the reports of Town Officers and Committees as printed in the annual report and instruct that certain corrections be made in the list of fire alarm districts as printed in the report.

Article 2. To adopt some method for the collection of taxes.

Voted to adopt the same method of tax collection as used in the previous year.

It was voted to take up Articles 3, 8, 9, 11, 12, 14, 15, 17, 18 and 20 in conjunction.

Article 3. To raise and appropriate all sums of money necessary to pay all town charges during the ensuing year.

Voted, to raise and appropriate the sum of thirteen thousand, eight hundred seventy-five dollars (\$13,875.00) for General Government, as follows:

Other Members	100.00
School Committee, Treasurer	75.00
Clerk	25.00
Library Trustees, Park Commissioners	
and Sewer Commissioners are to	
serve without compensation.	

A unanimous vote.

Article 7. To see if the Town will vote to authorize the Tree Warden to hire himself and designate the per diem wage.

Voted, to authorize the Tree Warden to hire himself at the daily compensation voted under Article 6 for this office.

Article 8. To see if the Town will vote to raise and appropriate a sum of money for the proper observance of Memorial Day and Armistice Day, said funds to be expended under the direction of the Fred Bates Morse Post, A. L., subject to the approval of the Selectmen.

Appropriation in the Budget.

Article 9. To see if the Town will vote to raise and appropriate a sum of money for the Reserve Fund to be administered during the 1944 fiscal year by the Finance Committee and that to meet said appropriation that a transfer of funds from the Overlay Surplus be authorized.

Voted, to raise and appropriate the sum of four thousand dollars (\$4,000.00) for the Reserve Fund to be administered during the 1944 fiscal year by the Finance Committee and that to meet said appropriation that the transfer of the sum of four thousand dollars from the Overlay Surplus Reserve account is authorized.

Article 10. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture, and choose a Town Director as provided in Sections 41 and 45 of Chapter 128, General Laws.

Appropriation in the budget.

Voted to choose Robert A. Leland, Town Director, Plymouth County Trustees, County Aid to Agriculture.

Article 11. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, a sum of money for the purchase of war bonds or other bonds that are legal investments for savings banks, in accordance with the provisions of Chapter 5, Acts of 1943 and that bonds purchased under this article shall be added

to the post-war rehabilitation fund established by vote of the town in 1943.

Voted that the Town authorize the transfer of the sum of twenty-five thousand dollars (\$25,000.00) from available funds in the treasury, said money to be used for the purchase of war bonds in accordance with the provisions of Chapter 5, Acts of 1943, and that bonds purchased under this vote shall be added to the post-war rehabilitation fund established by vote of the town in 1943.

Article 12. To see if the Town will vote to raise and appropriate a sum of money not exceeding one thousand dollars (\$1,000.00) for the purpose of making repairs to the Spring Street Bridge.

Voted, to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of making repairs to the Spring Street Bridge.

Article 13. To see if the Town will vote to raise and appropriate a sum of money not exceeding twelve hundred dollars (\$1,200.00) for the purchase of fire hose.

Voted to raise and appropriate the sum of twelve hundred dollars (\$1,200.00) for the purchase of fire hose.

Article 14. To see if the Town will vote to raise and appropriate or transfer, from available funds in the Treasury, the sum of eight hundred dollars (\$800.00) for the purpose of making repairs to the bleachers at Strong Field.

Voted to raise and appropriate the sum of eight hundred dollars (\$800.00) for the purpose of making repairs to the bleachers at Strong Field and that to meet said appropriation, the transfer of the sum of eight hundred dollars from available funds in the Treasury.

Article 15. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or take any action relative thereto.

Voted that the Town raise and appropriate the sum of fifteen hundred dollars (\$1,500.00) to meet the town's share of the cost of Chapter 90 Highway Maintenance and that to meet said appropriation the transfer of fifteen hundred dollars from available funds in the treasury is authorized, and that in addition the sum of three thousand dollars (\$3,000.00) be transferred from unappropriated available funds in the treasury to meet the State's and County's share of the cost of the work, the reimbursement from the State and County to be restored upon their receipt to the unappropriated available funds in the treasury.

Article 16. To see if the Town will vote to rescind all votes now in effect regarding the term of office of the Board of Selectmen, and to substitute the following: That the term of office of members of the Board of Selectmen shall be for a period of three years, provided that at the annual election in 1945, the election shall be as follows: One member for three years, one member for two years, and one member for one year and at each annual election thereafter one member shall be elected for three years.

The vote count taken by a show of hands was counted by tellers Ezra F. Chadwick, Earl A. Peterson, William O. Jahn and Norman Brock. The following result was announced by the Moderator:

Yes	118
No	92

The motion was declared carried.

Article 17. Voted to raise and appropriate the sum of twenty-five hundred forty-one dollars and sixty-four cents (\$2,541.64) for Soldiers' Relief and that to meet said appropriation that the transfer of the sum of twenty-five hundred forty-one dollars and sixty-four cents, an unexpended balance in the W. P. A. Account to the Soldiers' Relief Appropriation is authorized.

Article 18. Voted to raise and appropriate the sum of three hundred dollars (\$300.00) for the expenses of the East Bridgewater State Guard Company and that to meet said appropriation the transfer of the sum of three hundreds dollars from the Public Safety Account to the State Guard appropriation is authorized.

Article 19. To consider and to vote whether or not to grant a permit to the All Souls Cemetery Corporation to prepare, establish and maintain a cemetery on the two lots of land together containing about 22 acres situated in East Bridgewater easterly of North Bedford Street and northerly of Harvard Street, the same being a portion of the land devised to the Elmwood Cemetery Association by the will of the late Allan B. Shaw, the Board of Health of the Town having approved, in writing, the location of the lands as a location for a cemetery.

Voted not to grant a permit.

Article 20. Voted to raise and appropriate the sum of six hundred dollars (\$600.00) for the expenses of the Rationing Board and that to meet said appropriation the transfer of the sum of six hundred dollars from the Public Safety Account to the Rationing Board Account is authorized.

Article 21. Voted to authorize the Board of Selectmen to lease for a period of not more than five years a part of the Alden lot so called, situated in the Town of Whitman on Beaver Street, under such terms as the Board of Selectmen may determine.

Article 22. Voted to authorize the Board of Selectmen to sell trees, timber or lumber on land owned by the Town on the Easterly side of Central Street, plot number 4, plan 76 of the Assessors' map of the Town of East Bridgewater.

Article 23. To see if the Town will vote to raise and appropriate or authorize the transfer of available funds for the purchase and erection at some suitable place within the

Town, of a service flag in recognition of the men and women of the Town now serving in the armed forces.

No action taken.

At 9:11 P. M. it was voted to adjourn to Saturday morning, March 11, at seven o'clock.

A unanimous vote.

Town Clerk

TOWN ELECTION—Saturday, March 11, 1944

A meeting for the election of Town Officers was held in the Town Hall Saturday, March 11, 1944. It was voted to take up and act on Article 24. The Moderator, Forest W. Cousins, declared the polls open and ready for balloting at 7 A. M.

Before the opening of the polls cards of instruction and cards containing abstracts of the laws imposing penalties upon voters and specimen ballots were posted as required by the laws of the Commonwealth relating to the "Conduct of Elections" and all other provisions thereof complied with.

At the opening of the polls the ballot box was publicly opened and shown to be empty; and it registered 0000. It was locked and the key delivered to Louis J. Mondeau, constable, who retained the key until all ballots had been removed from the ballot box.

The following Ballot Clerks and Tellers were sworn to the faithful performance of their duties by the Town Clerk:

Ballot Clerks—Grazziella Audette, Mary A. Hennessey, Mary A. Drukenbrod, Elizabeth Weichel, Margaret McGrath, Mae Foley, Alice Humble, Wilrose LaBelle, Louise Hoyt, Marion Dunbar.

Tellers—James H. Feeney, Gwendolyn Barker, Pearl MacNeill, Hannah Stetson, Evelyn McKenney, S. Elizabeth O'Brien, Minnie Parker, Earl A. Peterson, Barbara Washburn, Audie Wentworth, Margaret Kenneally, Ruth Matthews, Kathryn Rogers, Elizabeth Campbell.

The ballot box was opened and the ballots taken therefrom for counting at ten o'clock in the forenoon upon the order of the Moderator.

At 6 P. M., on motion of Charles W. Waterman that the polls now be declared closed, it was passed by a unanimous vote. At 6:07 P. M. all remaining ballots in the ballot box were removed and the box examined and found to be empty.

On the check lists used at the entrance gate and at the ballot box five hundred fifty-seven names were checked on the women's list and five hundred fifty-eight names on the men's list as having voted. Two voting certificates were received by the Moderator.

After the tabulations were completed Moderator Forest W. Cousins announced the following results:

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk.

SPECIAL TOWN MEETING, April 25, 1944

Pursuant to a Warrant signed by the Selectmen on April 17, 1944, a Special Town Meeting was held in the Lower Town Hall April 25, 1944.

The meeting was called to order at 7:30 P. M. by Moderator George Zwicker. The Warrant and Constable's return were read by Town Clerk George J. Frahar.

The following action was taken on the Article in the Warrant:

Article 1. To see if the Town will vote to authorize the Highway Surveyor to sign and make a contract for the mak-

ing of repairs to the Spring Street Bridge; said repairs having been authorized and an appropriation therefor having been made at the annual Town Meeting on March 6, 1944.

A unanimous vote.

The meeting was declared adjourned by the Moderator at 7:38 P. M.

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk.

STATE PRIMARIES—July 11, 1944

Pursuant to a Warrant signed by the Selectmen on June 30, 1944, then duly posted and the Constable's return thereon, the State Primaries was held at the Town Hall on July 11, 1944.

After complying with the preliminaries of the law, penalty, instruction cards and specimen ballots having been posted, the polls were declared open and ready for balloting at 12 o'clock noon.

The following Election Officers presided:

BALLOT CLERKS—Louise Hoyt (R), Grazziella Audette (R), Marion Dunbar (R), Mae Foley (D), Mary Hennessey (D), Margaret Timmons (D).

TELLERS—Earl Peterson (R), Barbara Washburn (R), Pearl MacNeill (R), Elizabeth Campbell (R), Audie Woodworth (R), Hannah Stetson (R), Thelma Drew (R), James Feeney (D), Margaret Kenneally (D), Ruth Matthews (D), Elizabeth O'Brien (D), Ellen Shea (D), Dorothy Noel (D), Margaret Sheehan (D).

The ballot box being inspected by the Election Officers and was found to be empty before casting the ballots. The box was locked and the key delivered to Edwin Drukenbrod, the Constable at the polls.

Counting was ordered to commence at 4:04 P. M. The polls were declared closed by Glen Churchill, chairman of the Board of Selectmen, at 8:00 P. M. The total number of Republican ballots removed was 530 and Democratic ballots 28, total 558.

When the tabulation of ballots was completed the results read as follows:

TOWN MEETING, October 23, 1944

Pursuant to a Warrant signed by the Board of Selectmen on October 16, 1944, then duly posted and the Constable's return thereon, a Town Meeting was held at the Selectmen's Rooms on October 23, 1944. The meeting was called to order at 7:00 P. M. by Moderator George F.

Zwicker. The Warrant and the Constable's return were read by the Town Clerk.

The following action was taken on the Article in the Warrant:

Article 1. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of storm damage clearance, and that to meet said appropriation the transfer of the sum of one thousand dollars from the Surplus Revenue to the Hurricane Account be authorized.

A unanimous vote.

It was voted to adjourn at 7:05 P. M.

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk

TOWN MEETING, October 23, 1944

Pursuant to a Warrant a meeting of the inhabitants of the Town of East Bridgewater was called in the Selectmen's Rooms on October 23, 1944, at 7:15 P. M. and the following article in the warrant was acted upon:

Article 1. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of storm damage clearance and that to meet said appropriation the transfer of the sum of one thousand dollars (\$1,000.00) from the Surplus Revenue Account to the Hurricane Account be authorized.

A unanimous vote.

It was voted to adjourn at 7:20 P. M.

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk

STATE ELECTION, November 7, 1944

Pursuant to a Warrant signed by the Board of Selectmen on the twenty-seventh day of October, 1944, then duly posted and the Constable's return thereon, the State Election was held at the Town Hall on Nov. 7, 1944. The Warrant and the Constable's return thereon were read by the Town Clerk. Specimen ballots, penalty and instruction cards, and booklets of information to voters were posted as required by law.

The following Ballot Clerks and Tellers were sworn in:

Ballot Clerks—Mildred Craig, Louise Hoyt, Grazziella Audette, Florence Willis, Margaret Timmons, Marion Oakley, Barbara Donahue, Bridget E. Whelan.

Tellers—Earl Peterson, Barbara Washburn, Pearl MacNeill, Elizabeth Campbell, Audie Woodworth, Hannah Stetson, Edythe Paine, Geraldine Felton, Gwendolyn Barker, James Feeney, Ruth Matthews, S. Elizabeth O'Brien, Mae Foley, Margaret A. Kenneally, Margaret A. Hennessey, Constance Marvill, Evelyn McKenney, Anna E. Silva.

The ballot box was inspected by the Election Officers and found to be empty. It registered 0000. It was then locked and the key delivered to Constable Mitchell Gaucher who retained the key until all ballots were removed from the box at the close of the polls.

Th polls were declared open and ready for voting at 8:00 o'clock A. M. The absentee ballots together with the applications filed with the Town Clerk were examined to see if all were qualified voters and found to be in order.

The counting of ballots was ordered to commence at 10:15 A. M. After the voting closed at 8:00 P. M. the absentee ballots were cast separately, announcing each name at the check list at the entrance and again at the check list at the ballot box, on both registered and unregistered voters' lists. Ninety-nine (99) such ballots were cast, seventy-

five (75) official war ballots, one (1) federal war ballot, and twenty-three (23) official absentee ballots. Two official war ballots and one federal ballot were found to be incorrect by the Tellers and consequently could not be cast.

The check lists at the entrance and at the ballot box including five (5) voting certificates issued by the Board of Registrars, together with the unregistered voters checked with the ballot box, reading seventeen hundred seventy-seven (1777).

The total vote registered for Electors of President and Vice-President was 1,777, including one federal war ballot, making the total vote of State offices 1,776 minus said ballot.

When the tabulation of votes was completed the results were announced as follows:

GEORGE J. FRAHAR,

Town Clerk

TOWN MEETING—TOWN HALL—November 27, 1944

Pursuant to a Warrant signed by the Board of Selectmen on November 16, 1944, then duly posted and the Constable's return thereon, a Town Meeting was held at the Town Hall November 27, 1944. The meeting was called to order at 7:00 P. M. by the Moderator. The Warrant and the Constable's return were read by the Town Clerk.

The following action was taken on the Articles in the Warrant:

Article 1. Voted to transfer the sum of three hundred seventy-five dollars (\$375.00) from the Road Machinery Fund for the purchase of a sand spreader to be purchased by the Highway Surveyor for the Highway Department.

Article 2. Voted to raise and appropriate an additional sum of one thousand dollars (\$1,000.00) for the Highway Department and that to meet said appropriation, the transfer of one thousand dollars from the Street Oiling Department to the Highway General Account is authorized.

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk

RECOUNT OF VOTES FOR THE OFFICE OF ATTORNEY-GENERAL, December 7, 1944

A recount for the office of Attorney-General was held in the Selectmen's Rooms, Thursday, December 7, 1944 at 12:00 o'clock noon by the Board of Registrars.

The meeting was called to order by Chairman Charles Waterman. The ballots were delivered and counting commenced. At 3:30 P. M. the final result was announced to be as follows:

Clarence A. Barnes	1,194
Francis E. Kelly	451

Fred A. Oelcher	5
Howard B. Rand	3
Blanks	123
Total	1,776

This was the same as the original count.

The ballots were sealed at the meeting and returned to Town Clerk George J. Frahar.

Meeting was adjourned at 4:15 P. M.

A true record: Attest

GEORGE J. FRAHAR,
Town Clerk

ABSTRACT FROM CHAPTER 99 OF THE REVISED LAWS OF MASSACHUSETTS

Sec. 3. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number if any, color and the family name. They shall within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a report of the birth, stating the date and place the name, if any, of the child, its sex and color, and the names, ages, places of birth, occupations and residences of the parents, giving the street number, if there be any, and the number of the ward in a city, the maiden name of the mother, if the full return is not made within forty-eight hours.

The fee of the physician or midwife shall be twenty-five cents for each birth so reported. A physician or midwife who neglects to report each birth within forty-eight hours or fifteen days thereafter, shall for each offense forfeit a sum not exceeding twenty-five dollars.

Sec. 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the city or town in which child is born.

The facts required for record, as stated in section 3, shall, so far as known or obtainable be included in every notice given under the provision of this section.

Sec. 8. A parent, or other persons who, by Section 6, is required to give, or cause to be given, notice of a birth or death, who neglects to do so for ten days after the time limited therefor, shall forfeit not more than five dollars for each offence.

Sec. 24. The Town Clerk will furnish blanks for returns of births to parents, householders, physicians and midwives who apply therefor.

**MARRIAGES RECORDED IN THE TOWN OF EAST
BRIDGEWATER FOR THE YEAR 1944**

- Jan. 1. Russell E. Ferbert of East Bridgewater and
Annette M. Dumas of Bridgewater.

Report of Board of Selectmen

The activities of the Board of Selectmen during the past year, with a few important exceptions, have been confined to routine matters of administration.

At the first meeting the matter of appointing a new Chief of Police was discussed. For the next two weeks the Board investigated the applicant who was later appointed for the year commencing April 1, 1944.

We feel that the Town was fortunate in securing the services of Myron H. Hayden to fill the position. A former State Police officer and chief of the Carver police, Mr. Hayden has a broad knowledge of police duties and the ability to organize the same. He has installed a complete system of tabulated reports on all cases handled by his department which should be of increasing value as information is added.

Early in July the Town was shocked to learn of the sudden passing of Town Auditor Lester R. Fisher. In the appointment by the Board of Selectmen of his son, L. Robert Fisher Jr. to fill the balance of the term of office the town has secured a man trained in the accounting profession who has capably carried the work on without interruption.

During the summer a request was received from the State Veterans Re-Habilitation and Re-Employment Committee that the Town establish a committee to aid returning veterans of World War II.

A committee was appointed by the Board of Selectmen and several organization meetings have been held. It is called the East Bridgewater Service Men's Committee.

Town Clerk George Frahar was elected chairman and members include representatives of the legal and medical professions, the local banks, the Grange, the local churches, the vocational guidance department at the high school, the

Soldiers' Relief Agent, three women to aid in preparing the records, local business men for the re-employment division together with the Board of Selectmen.

The functions of this Committee will be to aid returning veterans to re-establish themselves in civilian life and to secure any vocational aid or benefits to which they may be entitled under laws which have been or may later be enacted.

Each returning veteran will receive a letter outlining the work the committee is set up to do for them. An important feature will be an offer to make a photostatic copy of each veterans discharge papers to be kept in the Town Clerk's files. The value of this cannot be too strongly expressed as discharge papers can easily be lost or mislaid and copies may be necessary in securing pensions or other benefits in years to come.

One of the most widely discussed and most frequently mis-understood provisions of the Servicemen's Re-Adjustment Act commonly known as the G-I Bill of Rights deals with Federal loans for the purchase of homes and farms. The committee members from the two local banks and the Grange are well informed on this section of the law and should be of material assistance to veterans desiring this information.

New construction work under Chapter 90 is still prohibited due to war condition. Your Board recommends an appropriation of \$1,500.00 for Chapter 90 maintenance work to be spent for this purpose in conjunction with State and County funds.

We feel that mention should be made in this report of the excellent work performed by the regular and Auxiliary Police and the East Bridgewater Company, Massachusetts State Guard who were called for duty during the September hurricane. Fallen trees and wires created dangerous conditions in several places and as soon as reports were received by Police Chief Hayden a man was dispatched for traffic duty until the hazard was removed. This emergency de-

monstrated the value of having available a group of men trained to act at such a time.

The fire department continues at a high state of efficiency under the leadership of Chief Maurice F. Hennessey who was re-appointed by the Board for the fifth year. Buildings and equipment have been improved and added to and the morale of the department is excellent.

With restrictions on all new construction due to the war we must forego any definite plans for this type of work for the town. For the past two years a sum has been voted to be taken from available funds in the treasury for the purchase of war bonds to provide a fund for post war construction work. This fund now totals \$45,000 and it is recommended that an additional sum be voted this year to add to the fund.

Plans have been made by the Board to appoint a committee to study projects which may be presented by different town departments for post war construction work. This work will have the dual purpose of providing employment and giving the town the benefit of useful and necessary improvements.

During the past year it has not been necessary to borrow any money as available funds were sufficient to carry on the town's business. The balance of the fire equipment loan is due this year and the balance of the Allen School repair loan will be paid in 1946. After this payment the only outstanding indebtedness will be for the high school addition, the last payment on which is due in 1955.

We wish to express our appreciation for the cooperation of all town departments in our work during the past year.

GLEN CHURCHILL
WM. C. PAULSON

NELLIE A, Roach, Chairman
 THOMAS O'Brien, Clerk
 RALPH CONNERS
 Park Commissioners

Report of Highway Surveyor

Year Ending December 31, 1944

To the Honorable Board of Selectmen and Voters
of the Town of East Bridgewater:

I submit herewith my inventory of stock and tools:

1 10-Ton ReBuilt Gas Roller	8 Stone Forks
1 Caterpillar Power Grades	24 Lanterns
1 International Dump Truck	6 Torch Bombs
1 Ford Dump Truck	18 Street Brooms
1 Tar Kettle	2 Cross Cut Saws
1 Heater Tank	1 Hand Saw
3 Tool Boxes	2 Stone Hammers
1 Grind Stone	2 Sledge Hammers
1 Hand Roller	5 Frost Wedges
2 Sets Truck Chains	4 Axes
1 Set of Blades for Grader	3 Pairs of Rubber Boots
1 Road Hone	3 Raincoats
12 Long Handled Gravel Shovels	16 Gallons of White Paint
18 Pick	1 Gallon of Gray Paint
12 Mattocks	1 Gallon Red Paint
18 Handles	1 Gallon Barn Paint (Red)
16 Short Handled Square Shovels	4 Tons Coarse Fine Salt
6 Long Handled Square Shovels	2000 Feet Snow Fence
8 Short Handled Round Shovels	9 Snow Ploughs
2 Crow Bars	4 Sidewalk Ploughs
6 Iron Rakes	36 Snow Shovels
6 Wooden Rakes	1 Set of Blades for Each Plough
1 Large Hoe	1 New Power Sand Spreader
4 Pitch Forks	1 Conant Sand Loader
	20 Tons Half Inch Stone (esti- mate)
	600 Gallons Tar for Cold Patch

HIGHWAY MAINTENANCE

This year we have widened several streets with tar mixture on shoulders and shaped up badly worn old surface roads. We have used several tons of mix for this purpose to put them in first class condition.

Our gravel roads have been graded and new gravel used where necessary to make such roads passable to the best of our ability. There have been several guard rails repaired and painted to quite a considerable expense. We have built 3 catch basin culverts and laid 1,120 feet of 12" concrete tile on Central Street to take care of surface drainage.

Special appropriation to repair Spring Street Bridge was put out at contract.

STREET OILING

Our sealcoating, or street oiling, has been quite extensive. We have sealcoated Central Street from Town Hall to Washington St., from Washington St., part of Central and Cedar Sts., to South Hanson Line; penetrated Walnut St. and sealcoated same; penetrated Bridge St. from Plymouth St. to Crescent St.; continued sealcoating from Crescent St. to Central St.; sealcoated Crescent St. to Washington St., Chestnut St. from Bridge to Central St.; sealcoated South St. from Plymouth St. to Pond St., Laurel St. from West Union St. to West St. We have also sealcoated Thatcher St. from Summer St. to the Brockton Line, and penetrated and sealcoated Pond St. from Robbins Pond Bridge to Halifax Line.

SIDEWALKS

We had \$1,000.00 appropriated for sidewalks which was spent on Central St. from Bedford St. to the residence of Mrs. Edward Hobart estate and North Central St. from Pearl St. to the residence of Ralph Jones; also Plymouth St. from Carver Cotton Gin to the Satucket Garage. This work being done with an asphalt mixture.

Our road materials this year having been more expensive than in previous years has prevented us from accomplishing more.

CHAPTER 90

Type 1 mixture was used from North Central Street R. R. Crossing to the Town Hall. Sealcoated Washington St. from residence of J. W. Smith to Pond St. with sand cover. Mixed in place $\frac{1}{2}$ " stone and asphalt on West St. from West Bridgewater Line at Westdale to residence of William Hecker on West St.

Chapter 90 work was done under State supervision.

Thanking the Board of Selectmen and the Voters of the Town of East Bridgewater for their co-operation in my work, I remain,

ADAM McCORDICK,
Highway Surveyor

Report of Tree Warden

To the Board of Selectmen and Citizens of the
Town of East Bridgewater:

I have removed a great many trees that have died within the last few years and also have trimmed those which seemed most dangerous.

The hurricane raised havoc with a great many trees in town that were severely injured in the first hurricane. I removed 97 trees that had been blown over and had to have 43 of the stumps removed by power shovel.

TREE DEPARTMENT

Appropriation	\$1,400.00
Transferred	200.00
	1,600.00

HURRICANE CLEARANCE

Appropriation at Special meeting	\$2,000.00
Transferred	1,671.03
	3,671.03
Expended	3,566.64
Balance	104.39

Respectfully submitted,

EDWIN M. DRUKEUBROD,
Tree Warden

Report of the Inspector of Animals

To the Board of Selectmen and

Citizens of East Bridgewater:

During the past year, there have been fewer dog bites in the town. All cases have been investigated and quarantined, none showing symptoms of rabies.

Nine interstate shipments of cattle have been inspected.

I have supervised the disinfecting of barns, where seven head of cattle were condemned for tuberculosis.

There has been one outbreak of dog-cholera.

Respectfully submitted,

HARRY W. KINGMAN, M.D.V.

Inspector of Animals

Board of Assessors

Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following summary of their activities for the year 1944.

General Relief

There were 8 active cases receiving relief in this category at the beginning of the year. Through the year, 12 cases consisting of 32 persons were aided at a total expense of \$2,927.67. Nine of these cases were aided in their homes, 1 in an institution and 2 cases were boarded in other homes. Two cases were hospitalized. \$78.00 was paid to another town for aid to a person with an East Bridgewater settlement residing in that town.

The town was reimbursed in the amount of \$1,747.39 from the Commonwealth, \$479.67 from other towns and \$31.50 from individuals.

Aid to Dependent Children

During 1944, 14 cases consisting of 58 persons were aided. There were 11 cases on the roll, January 1, 1944, and at the end of the year 9 cases made up of 40 persons were being carried. Two new cases were accepted, 1 reopened and 5 cases were closed during the year.

These cases received \$9,753.10 in cash grants and additional sums amounting to \$393.95 for medical care, \$98.00 for dental work and \$159.09 for hospital expenses.

The Federal Government contributed \$2,736.01 and \$3,555.79 was received from the Commonwealth.

Old Age Assistance

The year began with 80 cases on the rolls and at the end of the year there were also 80 active cases. During the year, 92 individuals received Old Age Assistance. Sixteen

new applications were received, 10 of which were granted assistance and 2 cases were reopened. Twelve cases were closed during the year.

These 92 persons received regular cash grants totaling \$31,256.58. In addition they received \$1,342.77 medical care, \$478.80 for hospitalization, \$20.75 for glasses, \$55.00 for ambulance hire and \$60.00 for special services. \$100 was paid toward burials.

There were 14 East Bridgewater cases residing in other towns, for whose care these towns were paid \$1,100.50.

\$15,903.97 was received from Federal Funds. \$14,099.98 from the Commonwealth and \$1,169.53 from other towns.

A Recovery Account was set up for money received from individuals receiving Old Age payments. \$72.62 was received in this account and the Commonwealth was reimbursed from it in the amount of \$48.41.

The past year has been a difficult one for this department in view of the major changes in the Old Age Assistance law. For this reason, particularly, we were gratified to receive from the State Department of Public Welfare a letter of commendation for the Boards' administration of the various public assistance programs.

GLEN CHURCHILL,
 MAUD R. ESTES,
 PRESCOTT WASHBURN,
 Board of Public Welfare,
 Bureau of Old Age Assistance,

Report of Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1944.

During this year the department responded to 94 calls, 25 district and 31 still or telephone calls and 38 grass or woods fires.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one International.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The Department has 3300 feet of 2½-in. double jacket hose and 800 feet of 1½-in. double jacket hose.

Appropriation	\$5,500.00	
Transfer	205.00	
		\$5,705.00

Expended:

Salaries and Wages	\$3,624.28	
Janitor	490.00	
Gasoline, Oil, Etc.	198.47	
Supplies	321.97	
Fuel and Light	420.81	
Repairs to Building	300.04	
Telephones	332.43	
		\$5,688.00

Unexpended Balance		\$17.00
Appropriation for Fire Hose	\$1,200.00	
Expended	1,156.40	
		\$43.60

Respectfully submitted,

MAURICE F. HENNESSEY,
Chief of the Fire Department.

Report of Moth Superintendent

To the Board of Selectmen and Citizens of the
Town of East Bridgewater:

The moth situation compares favorably with the surrounding towns although at some town line we are having difficulty keeping them them down.

I have sent samples of the dead elms in town to the Mass. State Agricultural College to test for elm beetle and the reports have come back negative.

Moth Dept. Appropriation	\$2,008.39
Expended	2,008.39

Respectfully submitted

EDWIN M. DRUKENBROD,
Moth Superintendent

MISCELLANEOUS

Accidents Investigated	20
Persons Injured in Motor Vehicle Accidents	9
Persons Killed in Motor Vehicle Accidents	2
Motor Vehicle Transfers	183

During the nine months that I have served this Town as Chief of Police I have found that the Auxiliary Police

Force is a first class organization and under their able leader they have done some very fine work and at this time I want to thank all of the men for their fine work as I could not have rendered good service during the emergencies without them.

During the year there are many calls received by this department and among them there are many trivial complaints that are not recorded as it would require more time than the office could afford.

These trivial complaints do, however, receive the same attention as the more serious complaints.

Between the regular police work, school traffic, court work, keeping records, patrolling traffic lanes, the business district, fire calls, dog calls and the general patrol of the Town it takes about sixteen hours per day to complete the police work in this town and I am in hopes that the Town will assign another regular man to this department so that the number of working hours can be reduced to a normal working day.

I am concluding this report by thanking the people that have assisted this department in the past year.

Respectfully submitted,

MYRON H. HAYDEN,
Chief of Police

Report of Committee on Public Safety

Progressive victories by the armed forces since our last annual report has reduced markedly the possibility of an invasion or attack on the home front. Civilian defense forces therefore have been ordered maintained at the alert stage.

This has been true during most of the year. No drills or schools were held during 1944. The various services are expected to be maintained for the duration, ready for any emergency for which they were trained. The report center was closed during the year.

Many functions are and may be maintained by the committee. A V-Day committee has been authorized and also a committee to consider proposals for the proper recognition of the services of the servicemen when they return to their homes after the cessation of hostilities.

One of the most vital services of the committee at present is that being performed by the war information division of the committee. This service deals with matters affecting our servicemen and the division is composed of members of the staff of the Public Library with Mrs. Ethel B. Chandler as chairman. Members of this division have performed outstanding work faithfully and efficiently. Their work includes, maintenance of the service roll which now has over four hundred names, personnel records of those in the armed forces, mailing list, publication of the service paper and the work of mailing Christmas packages to all in service again this year. A number of volunteers aided in the Christmas mailing work.

Some salvage collections were made in 1944. It is hoped that this year collections may be made on a more defi-

nite schedule of a town-wide collection to be held every two or three months, especially for paper.

The town service roll is printed in the report this year with 403 names listed up to the time of printing the annual report. This year the town pays tribute to eleven residents listed as killed in action and six reported as missing in action.

MICHAEL J. McCARTHY, Chairman,
Committee on Public Safety.

Librarian's Report

To the Board of Trustees:

I present herewith the annual report of the East Bridge-water Public Library for the year ending December 31, 1944.

Many times this year I have been reminded of the Queen's reply to Alice, "Why, sometimes I've believed as many as six impossible things before breakfast." So many of our plans have been fulfilled, and so much of our program has been smoothed out that at last I believe the library to be functioning to its capacity. Utilization has been made of all space in the building, the project to recatalog and reclassify the non-fiction has been completed, the work with the schools is running smoothly and our community contacts are increasing.

Although the ground work has been laid, there are continued improvements to be made. The newly made rooms in the basement and tower are merely partitioned. The brick walls are still to be covered and painted and the floors finished. Two book stacks have been in very poor condition for several years and must be replaced. With the non-fiction inventory completed, it is planned to inventory the fiction this coming summer.

The activities in the children's department always add color to our library work. Book Week, story hours and holidays are all very special occasions, and many new young readers began to date their calendars by these events. The summer reading club culminated in a party at the library for the enthusiastic members.

The staff of the library has continued to make its war effort a major accomplishment of the year. Acting as the War Information Division of the Public Safety Committee, many special as well as regular tasks have been performed.

The service roll has now grown to slightly over 400 names of local men and women in the armed forces. This number fills the original service roll and the additional wing for new names has been ordered. A complete record of each person in the service is our goal.

During the year we printed and mailed the editions of the service paper. For Christmas, with the aid of capable volunteers, cigarettes or chocolates were mailed to each person in service. In order to send this mail we maintain a file of mail addresses of all townspeople in the armed forces.

This year has brought us many gifts of books, magazines, and reference material. In these war years when book format is very poor, we are especially grateful to the donors. We are also very grateful to those who so willingly assisted us with the Christmas packages.

For the library staff, and for myself, I express appreciation to the Trustees for their interest and co-operation.

Respectfully submitted,

ETHEL B. CHANDLER,
Librarian

STATISTICS

The library was open 303 days for reading and lending—53 hours a week during school months, and 24 hours a week during June, July and August.

Forty-five thousand two-hundred twenty-one volumes were lent for home use. The juvenile department circulated 13,482 books.

The circulation per capita was 11.79.

The average daily circulation was 149.24.

On December 31, 1944, the library contained 16,175 volumes; 97 were added by gift and 477 were added by purchase.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

I have performed the duties as Sealer of Weights and Measures for 1944 as follows:

	A. S. N. S. C.		
Platform Scales from 100 to 5000 lbs.	9		
Counter Scales under 100 lbs.	5		
Spring Scales under 100 lbs.	29		
Computing Scales	1	26	
Spring Scales under 100 lbs.	1	26	
Prescription Scales	1		1
Avoirdupois Weights	11	69	
Apothecary Weights		11	
Liquid Measures under 1 gal.		17	
Kerosene Pumps		5	
Oil Pump			11
Stops on Pump		14	
Gasoline Meters	5	14	1
Vehicle Tank Meter System		2	

I made six store inspections and made reweighs on 156 articles

Respectfully

JAMES H. FEENEY
Sealer

Report of State Auditor

February 28, 1944

To the Board of Selectmen

Mr. Michael J. McCarthy, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW:FC

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1943, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked

and verified by comparison with the books kept by the accounting officer. The recorded receipts were compared with the treasurer's books and with the records of the several departments collecting money for the town or committings bills for collection. The records of disbursements were checked with the treasury warrants and with the payments as shown by the treasurer's books.

The general and appropriation ledgers were analyzed, the appropriations and transfers as recorded were checked with the town clerk's record of town meetings and with the records of the finance committee, the necessary adjusting entries resulting from the audit of the several departments were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1943. This balance sheet indicates that the financial condition of the town is very good.

The books and accounts in the treasurer's office were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which money was collected by the town, and with the other sources from which money was paid into the town treasury. The disbursements were checked with the warrants authorizing the treasurer to disburse town funds.

The footings of the cash book were verified and the cash balance on January 24, 1944, was proved by actual count of the cash in the office and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The payments on account of debt and interest were verified by comparison with the amounts falling due and checked with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined

and listed, the income being proved and the transfers to the town being verified.

The records of tax titles and tax possessions held by the town were examined and listed. The taxes transferred by the collector were proved, the reported redemptions and sales were checked with the treasurer's receipts, and the outstanding accounts were listed and proved.

The books and accounts of the town collector were examined and checked in detail. The tax, departmental, and water accounts outstanding according to the previous examination and the subsequent commitments were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective controlling accounts in the ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The efficient and accurate manner in which the work of the town collector has been performed is worthy of commendation.

The records of licenses and permits issued by the selectmen, town clerk, and the health department were examined and checked, and the payments to the State and to the town treasurer were verified.

The surety bonds of the financial officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures, and of all other departments collecting money for the town or

committing bills for collection were examined and reconciled with the town treasurer's receipts and the records of the accounting officer.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was received from all the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts.

Report of the Superintendent of Schools

To the Members of the School Committee:

It is with pleasure that I present my seventh annual report as your superintendent. While the past year has supplied many added problems to all branches of society, I think our schools have operated without serious loss in any way. We have had to face difficult problems causing our employees to perform added tasks which have been assumed without complaint.

PERSONNEL

By far the greatest change in the teaching force in many years has taken place during 1944. A total of eleven changes have been made which is almost half of our staff. This unusually large change in teachers was one of the most serious problems my administration has ever been called upon to face. Good teachers are difficult to obtain in normal times and the task is almost impossible under present conditions. Many teachers have left the profession and the number of those preparing to teach has been greatly reduced. Well trained teachers will be impossible to obtain in the near future unless some radical changes are made whereby more young people will be induced to enter the teaching profession. The public may need to be more considerate of teachers and their salaries will have to be raised. The teaching profession cannot offer to high school students the appeal which many other professions offer at the present time.

Mr. Frank H. Damon, a teacher of mathematics, was replaced by the election of Miss Muriel Middleton, who teaches all the college mathematics in grades nine through twelve. Miss Katherine L. Morehardt, who had been teaching English in grades nine and ten since 1937, left to head the English department in the Gilbert School at Winsted, Conn. Her place was taken by Mrs. Mary R. Pimental, formerly head of the English department at Easton High

School. Her husband is in service. Miss Ellen M. Shea, head of our Social Science and Guidance work, resigned to become dean of girls at the high school at Wallingford, Conn. Her place was taken by Miss Anne R. McNally, who held a similar position in the high school at Danielson, Conn., last year. Mr. Herbert G. Coar did not return to his position as teacher of Science in the Senior High School. To fill his position, Mr. John Roudels was elected. Mr. Roudels is a graduate of Boston University and has had some teaching experience at Wayland High School. Miss Edna L. Dolber resigned from her position as teacher of English in grades seven and eight to become assistant librarian at Wheaton College. Miss Mary H. Waterman of this town, who graduated at Bridgewater Teachers College in June, 1944, was elected to the position. Mr. Philip N. Center, our shop teacher, resigned to accept a similar position in Brockton. His position was taken by Mr. Robert Eastman of this town, who has worked as a carpenter and has taken a number of extension courses preparing him to teach shop work. He has had two years of work at Massachusetts State College.

Miss Helen Zilinski, who taught grade one at the Allen School, resigned to go into insurance work. Her position was taken by Mrs. Edna Whitmore of this town, who taught some years ago at Norwood. Mrs. Helen Bosworth resigned from her position as principal and primary teacher in the Elmwood School. Miss Isabelle R. Odabashian was transferred from her position as teacher of the intermediate grades in the Elmwood School to teach one division of the sixth grade at the high school. Miss Marjory F. Russell resigned as assistant primary teacher in the Elmwood School. These three changes left this school without any teachers. Miss Mabel W. Ballantine was elected principal and teacher of grades three, four, and five. She taught at Essex last year. Miss Margaret M. McCarthy was elected to teach grades one and two. She taught at Upton last year.

Miss Grace R. Smith was transferred, with her division of the sixth grade, from the Allen School to the High School.

Mrs. I. Athalie Owen resigned as drawing supervisor in order to have more time at home. Her position was filled by Mrs. Ella B. Hebbard, who holds a similar position in Howard Seminary and at Duxbury. She serves this town two days each week. Miss Ruth G. Evans, our school nurse, was granted a leave of absence for the year in order to care for her aged mother. Her place was taken by Mrs. Elizabeth H. Cochrane of this town who is a registered nurse.

We were sorry to lose so many of our competent teachers who had been with us for a number of years; however, we are well pleased with our new teachers who have assumed their duties commendably.

THE LEARNING PROGRAM

The most important item in any educational program is the amount of "all-around" learning developed by the young people. We want them to learn the basic fundamentals, without which true education is impossible. Just what methods should be used to obtain the best results is open to question. We are interested in having the child develop his total being so that he will become the greatest possible asset to our democratic way of life. To have the child develop in this manner, we need to guide him in project work, the goal of which is child development instead of strict adherence to bare fundamentals. It is my hope that we may be able to promote the project, or unit, method to a greater degree in the future.

We are seeing a greater integration between our art program and our classroom teaching. Our English and history departments are working in close co-operation and have jointly undertaken the development of a public speaking program for the senior high school. Our penmanship is well integrated with all our work.

We have been gradually introducing the Elson reading system and now have the materials for the first three grades. The children appear to enjoy this work and their achieve-

ment appears to be better. New spelling and arithmetic books have been introduced within the past two years.

TESTING PROGRAM

During the year, we have given the Metropolitan Achievement Tests in the first eight grades, the Iowa Achievement Tests to grades nine and twelve, and the Iowa Group Intelligence Tests to all our pupils. The results of our achievement tests indicate that we have a better than average school system and the twelfth grade results show our high school to be considerably above average. We are including these test results in our permanent files and are using them to give the type of individual help which each child seems to need.

While our testing program was considerable for a system our size, I believe it is a point decidedly in our favor. To the best of my knowledge, the accumulation of tests results seldom does any child any harm, and the benefits derived are very great. When any pupil is being transferred to any other situation where education is involved, the complete history is requested. This is now true when our boys and girls enter the service.

ADMINISTRATIVE TECHNIQUES

The most progressive step taken in my administration was the change in our method of entering pupils to the first grade. All children who were six years of age or older by September 1, 1944 were admitted without examination. Those who were between the ages of five and six years on that date were given group tests by the State Clinic. Those who were not accepted on the results of the group test were given an individual test if their birthday came between September 1st and December 31st.

We have now had these children in school four months during which time we have been able to observe some of the results of this method of admission. Some of the youngest

children appear to be close to leading the class while some of those who were admitted without examination are having trouble. Those of us who work with the children are well pleased with our admissions, and I wish to congratulate the members of the School Committee for their willingness to make the change possible. It is easy to continue an old system, but little progress is made under such conditions. This new method is not intended to work a hardship on anyone and it now appears that it will reduce our first grade failures considerably.

The second important change made during the year was that of transferring all the sixth grade pupils to the high school building where they are divided into two classes according to homogeneous grouping. All these pupils are working at about their maximum rate, and we can see a marked improvement in their work.

By moving the sixth grade pupils to the high school, we were able to change the classes at the Elmwood and West Schools. The primary teachers in these schools have only the first two grades instead of the first three as in former years. The intermediate teachers now have grades three, four and five instead of four, five and six as formerly. This change is making it possible for the beginning children to get a better start.

WARTIME INNOVATIONS

During the year, many products have been made by the school pupils for the Junior Red Cross. Miss Grace M. Swift and her intermediate pupils at the West School made many toys and favors,, the shop students at the high school made many games and room furnishings, and considerable money was collected in all schools to be turned over to the organization.

In September and October, a milkweed pod collection drive was made in all schools throughout the country. The floss from the pods is to be used as a substitute for kapok, a

material used in life belts, insulation materials, and in a number of other ways connected with the service. Our pupils collected a total of 105 bags which was more than any other town in the county.

Bonds and stamps have been sold in all schools during the year. We try to encourage all our pupils to participate in this school saving program; however, we do not intend to embarrass anyone by it.

One new thing that has been introduced because of war necessities is our co-operation in a pre-induction training course in machine shop work. The course is given in the Brockton Vocational School in the afternoon. Five of our boys attend our high school during the forenoon and then go to Brockton to take the shop work in the afternoon. At this time, the program seems to have many benefits and to present few difficulties.

ADULT EDUCATION

In October we tried to form an alien education class for those townspeople who might want help in obtaining their citizenship papers. Not enough people were interested to justify having the class, but we hope we may be able to start the work again in 1945.

At the close of the war there is likely to be a need for education suited for returning service men. Some of our boys have written asking my recommendations regarding their future education. These boys have not graduated from high school and have now come to see the importance of it. Facilities are now provided whereby the boys may study and earn credits while they are in service. I am recommending that our boys do as much of this work as possible and I recommend that we try to provide sufficient evening courses to make graduation possible for them if a sufficient number are interested.

PHYSICAL EDUCATION AND MILITARY TRAINING

Our athletic teams have not been outstanding for the past couple of years largely because of circumstances connected with the war. Many students spend most of their spare time working, thereby making out-of-school activities difficult to operate successfully. I am in hopes that we may be able to arrange our school program for next school year so that physical education classes will be available for all students in grades nine through twelve in our regular school day.

There is much discussion these days about the necessity of compulsory military training for all young men. This is a serious problem which we should not attempt to solve without seriously considering the costs in terms of our own social heritage and the possible effect such a move might have on world peace. I am thoroughly in favor of providing basic military training for all our boys; however, I don't think we need to make professional soldiers of them. I would much rather see military units set up in our high school where a certain amount of military supervision could be given by the war department. To take all boys from their homes and place them in military training camps for a year or so is a Prussian technique instituted by the Prussian militarists around 1870. It has been a factor in causing two World Wars although it is evident that all their training has not made them able to win when they fight for an unjust cause. I recommend a type of training that will keep our boys at home with their parents where their normal lives will be disrupted as little as possible.

PARENTS AND CHILDREN

I am happy to note the formation of the Parent-Teacher Association during the year. This is an organization which the department has long wanted to have formed, but we thought the impetus should come from the parents rather than from the teachers. The organization can accomplish many things for the benefit of the schools, chief of

which is to provide a time and place whereby parents and teachers may discuss problems pertaining to the children. The organization could be made more valuable if we could induce the parents of children who have serious problems to come to the meetings. One of the greatest hindrances in our whole society is that of getting parents to help settle the problems affecting their children. This does not mean that the "rod" needs to be applied, but an understanding discussion should be held so that all those involved could work toward a common goal.

In the seven years which I have worked with the young people of the town, I have had considerable experience in dealing with their troubles and their successes. Some people talk a lot about juvenile crime and seem to feel that the situation is serious. Our young people are as good to-day as they have ever been in the past seven years. Instead of the adults talking so much about juvenile crime, I think much more could be accomplished by placing the emphasis on adult or parental negligence. Our society is apparently too greedy for money and pleasure to give the children proper home training.

BUILDING PROGRAM AND REPAIRS

We are rapidly arriving at the time when we will have to supply more building facilities for our elementary schools. We seem to have many more children entering the lower grades. The facilities which we have at the Allen School are inadequate and unsatisfactory. This is an opportune time for the building committee to make plans to submit to the town for a building program in the early post war era.

The addition at the high school is leaking so much again that considerable repairs will have to be made again this coming summer. Apparently the artificial capstone is of such poor quality that it will have to be replaced. It has been waterproofed twice, but that is good for only two or three years. The water has entered the walls of the building to such an extent that the plaster is falling off the walls in the classrooms.

RECOMMENDATIONS

I wish to make the three following recommendations:

1. That the present method of admitting pupils to the first grade be continued with only one change, namely that the state clinic give individual tests instead of group tests to all pupils who will be between the ages of five and six years on September 1, 1945.
2. That the junior high school method of departmentalization be discontinued for grade seven at the high school.
3. That we adopt the single salary schedule as soon as practicable.

CONCLUSION

The reports of all the supervisors are included for your further information regarding the total work of the department. I recommend that you give each report your serious consideration.

I wish to thank every member of the school personnel for their fine support during the year. The citizens and parents have co-operated to make the year profitable and enjoyable. Again permit me to thank you, members of the committee, for your honest consideration and judgment on all the problems which we have had to face.

Sincerely yours,

JOHN H. GOTSCHALL,
Superintendent

REPORT OF THE ART DEPARTMENT

Dear Dr. Gotschall:

The Art program in the East Bridgewater Public Schools shows a willing co-operation of the teachers and a definite enthusiasm of the pupils—especially in the elementary grades.

If we are to follow the plan of the Massachusetts State Board, in Art, we must keep in mind that Art is an expression of ideas. We must get away from copying someone else's ideas. To have ideas to express, the child must think for himself—must reach out beyond himself for contacts with the world around him. This is best done by correlation of Art with his other studies—History, English, Geography, Science. To this end murals of the southwest Indians have been made by the 6B and West School 5th grades. 6A made drawings of the activities of the Egyptians and Egyptian scenes—molding the sacred Ibis in clay. The 1st and 2d grades of the West School made a mural of the farm. The Allen School 3d grade had a perfect example of the tie-up of Art and the unit system. They built a Pilgrim Village, painted the background of harbor and Mayflower, drew pictures of Pilgrim activities, dipped candles and ended by drawing the pictures of the first Thanksgiving—all original—expressing each child's idea of the first Thanksgiving.

The two 1st grades of the Allen School made murals of the Bethlehem Scene and Santa Claus driving through the country. These were cut-outs pasted on the painted background and represented the work of almost every child in the grade.

At the Elmwood School much originality and talent has developed.

With all this free Art, it does no harm to have the children observe certain things first hand—that the sky is bluer

at the top than at the horizon, the way different trees grow, the relation and proportion of animals and man, the rhythm of their movements, how to make things look near them and also far away by size, color and detail. In other words, time is spent partly on technique and partly given over to free expression.

In the 7th and 8th grades the same idea holds true. They are experimenting in design—experimenting in the use of different mediums, pencil, crayon, water-color and charcoal.

It is unfortunate that there is not an Art room for the 7th and 8th grades and high school. There is no definite place to keep and display the pupils' work, no place to keep materials within easy reach—no Art atmosphere. If this could be remedied in some way it would probably help the interest and results fifty percent.

The high school class is small. The class, coming as it does after school, interferes with the attendance of those who take care of children or work at other jobs. However, we began by drawing fall flowers—making designs from the drawings—making conventional designs—making stencils from these and making colored stencils on a head scarf. This led to a study of good taste in dress—framing the face, lines for certain figures, the best use of color, influences that determine style. Time out was taken to do some out-door sketching and some Christmas card designing. Now we shall go on with good taste in the home—a practical interior decorating course.

There seems to be an excellent response from the pupils everywhere. They keep their eyes open for examples of the things they are studying and bring them in. It is a habit of research and observation that will follow them all their lives and give them many hours of enjoyment and pleasure.

Respectfully submitted,

ELLA B. HEBBERD,
Art Supervisor

REPORT OF THE MUSIC DEPARTMENT

Dear Mr. Gotschall:

The Music program of the schools is developing according to plans outlined by the Supervisor. The vocal instruction, which starts in the elementary grades, continues in its aim toward the understanding and desire for music through the learning of its fundamentals. Emphasis has been placed on periodic "concerts" in the classrooms where individuals and small groups have been encouraged to sing before their classmates—the purpose being to overcome the inherent shyness in most children to perform before others.

This year, music has been offered as an elective to the Junior High grades. They meet one period each week, during which they sing familiar and favorite songs, learn a new song and are taught some history and appreciation of fine music through recordings.

The Girls' Chorus, of fifty-five voices, which also meets one period each week, devotes its time to the study and performance of selections which are not only interesting to the students but also are examples of fine choral music. The active enthusiasm of the boys has led to the revival of a Boys' Glee Club. There are twenty-three boys who participate with fine spirit in two and three part work.

The instrumental program is of necessity based on the development of young students on the various band instruments. There has been relatively a small number of children taking lessons in school during the past year. It is hoped that there will be more, so that in the future the band may maintain and surpass the high level that it has attained. With this aim in view, a survey was made with a well known instrumental concern to interest and start new pupils. The result is that eleven more students have begun the study of a band instrument.

The Senior Band has been fortunate in maintaining a fairly full instrumentation. It can be complimented for its diligence and achievement. An attempt was made to provide the band members with new uniforms, but wartime conditions prevented it.

The Band participated in the Memorial Day and Armistice Day programs. A high point in the program of the Music Department was the annual Spring Concert when a large attendance enjoyed a performance of good quality which ranged from classical to semi-popular music. In addition to selections by the Band, songs of many nations were presented by the Girls' Chorus. The high light of the evening was sparkling singing of patriotic songs by the Junior Boys' Glee Club.

The Supervisor appreciates the support and co-operation he has received from the administration and faculty during the past year.

Respectfully submitted,

SARKIS KURKJIAN,
Music Supervisor

REPORT OF THE SCHOOL NURSE

Dear Mr. Gotschall:

In writing this year's report I wish to first state that I will be quoting figures from Miss Evans' monthly reports of January to June inclusive. These months are the months when communicable diseases are most prevalent. During those six months there were 19 cases of mumps, 4 cases of measles, 3 cases of scarlet fever and 45 cases of chicken pox. For these first four months of the school year, we have had only four cases of scarlet fever.

We had an unusually large entering class this year. For the first few months most of the children taken home with colds were from this group. Parents should not send children to school in the acute stages of a cold. It only means the child being found with a temperature and carried home. The upper grades know this from experience.

The Plymouth County Health Association again discontinued the Audiometer for the testing of hearing. Miss Gibson has continued to teach two pupils in high school in lip reading.

Dr. Atkinson of the State Department of Mental Health returned to retest entering pupils but is not available for problems this year.

Dr. Fraser made his annual dental examination. There were dental clinics in January, February, March, and June. None have been held this school year, due to lack of time and scarcity of material (I quote Dr. Fraser).

I would like to urge all parents to attend to this very important source of health. It would be most gratifying if all those who received notice of defects would attend to this before the close of the school year.

Assistance has been given Dr. Morris in the annual examination of the children which is not yet completed. To date the response of the parents has been excellent. Two children have already had tonsils removed with marked improvement in health (partial assistance of School Health Fund).

Five pupils found to have faulty vision have been examined by eye specialists in Brockton and are now wearing glasses.

Routine school work is summed up as follows:

School visits	385
Special Attention including First Aid	1,661
Recommended for exclusion	168
Ill children carried home	119
Children referred to School Physician	19
Interviews with Parents	622

Elementary grade children weighed and measured twice. Five children to eye specialist in Brockton, two to Brockton hospitals for tonsil operations, and three children to Plymouth County Hospital for X-ray.

In summing up the general health of the pupils, I would like to urge all parents and pupils to give better care of the teeth especially in the upper grades. More frequent visits to the dentist are indicated.

I have tried to reach the high standard of school nursing set by the previous school nurse whose leave of absence I am filling. In the effort, I deeply appreciate the co-operation given me by the superintendent, his assistant, the teachers, parents and children.

Respectfully submitted,

ELIZABETH H. COCHRANE,
School Nurse

REPORT OF THE HOME ECONOMICS DEPARTMENT

Dear Mr. Gotschall:

The Home Economics Department this year is continuing its theme of wartime living. All classes are conducted with all students mindful of the present conflict, and mindful of how it affects their daily living.

For our Red Cross Home Nursing course we were ably assisted by Miss Ruth G. Evans in the 1943-44 season. As school nurse she gave practical demonstrations on all phases of home nursing.

During the late spring months our nursery school sessions were held in connection with our course of child care and development. It met with a few misfortunes however when some of its members were unavoidably exposed to measles. The nursery school was quarantined and we are happy to report that there was no further outbreak of measles.

In the 1944-45 school season it will be impossible to maintain the nursery school, due to the fact that there is no room available in the high school for its use. Nevertheless it is hoped that the nursery school can and will be re-established soon in the public school system.

Our clothing classes were begun this year with the idea of thoroughly familiarizing the students with the electric machines, as well as with the basic principle of clothing construction. A working knowledge of the machines had been previously found to be lacking in pupils. With this program in mind, it has been found that less repair work is required on the machines and the students turn out clothing of a better grade.

Our foods classes inaugurated the fall term by canning many seasonable products. Results in most cases were quite

good. Included in the products preserved were jellies, jams, canned vegetables and fruits, mincemeat and relishes. On several occasions students used the products of the family victory garden crop. In this way they are learning to cooperate in the national war effort by raising and canning their own foods.

During this period of time we felt the need for a pressure cooker for classroom use. Because they are so indispensable in home canning, it is to be hoped that one will be available for school use soon. By having a pressure cooker in the schools, students can be taught the correct methods of use, and thereby be of greater assistance to the family canner in the home.

The cafeteria is functioning well during the present year. Prices have remained at the same level and rationing hasn't been too harsh. Because of the extra grade in the high school building, the output of food this year is greater than that of previous seasons.

The management of the cafeteria has really been hit hard by the current labor shortage. Students in the senior high school who had previously worked in the lunchroom now have other outside jobs and are unable to assist there this year. Assistance had to be recruited from the 8th grade and they have been doing an excellent job. However, we have all we can do to prepare lunch for seven grades in a forty-minute period with only half a dozen assistants.

During the past year the cafeteria was favored with a new set of dishes, and additional silverware. These sorely needed articles were a pleasing addition to our equipment.

In making recommendations for the coming years, it would be fitting to have the following changes and improvements made:

1. Double periods for classes would more than double the amount of work done in foods and clothing classes.

2. Additional new books for the department, so that each student could have her own copy of a textbook and be able to do assignments more thoroughly.

With these improvements in mind, we hope to equip students with more knowledge on how to meet the problems of everyday life.

Respectfully submitted,

KATHRYN M. CRAIN,
Home Economics Instructor

REPORT OF THE SHOP DEPARTMENT

Dear Mr. Gotschall:

I submit the following report of the Shop Course for the past four months.

We started the year handicapped both as to materials and equipment. A variety of lumber was hard to obtain and both the power and hand tools were in need of conditioning. We were, however, very fortunate in receiving some fine birch and oak.

During these four months, the boys have received instruction in the use and care of the hand tools, as it is with these hand tools that most of the boys will work with outside of class.

The shop has been completely equipped with ten new benches, made with oak frames and birch tops. Each bench has two vises, providing twenty stations. All the work has been done by the boys with the hand tools. A new locker rack has been built to hold the boys' work to prevent damage and loss of time.

The shop has been entirely rewired for electricity, with safety switches on each machine, and a master switch for the whole. Every motor has been overhauled and put in first class condition.

As time and conditions permit, it would be advisable to rebuild the circular saw, both for accuracy and safety. This could be done at small cost.

Shop is not a trade or vocational course of study, but it is hoped that with the new equipment the boys will get and appreciate a working knowledge of the basic tools.

I want to express my appreciation both to Dr. Gotschall and the School Committee for their help, consideration and co-operation.

Respectfully submitted,

ROBERT EASTMAN,
Shop Instructor

REPORT OF THE GUIDANCE DEPARTMENT

Dear Dr. Gotschall:

I present, herein, my first report as Guidance Director of East Bridgewater Senior-Junior High School. This covers the period from September-December 1944. Obviously because of the short time I have been in this position, the report must be brief. It can present only a resume of the activities engaged in, an indication of objectives for the ensuing months of the school year, and recommendations for future planning.

The aims of the department are to counsel students in selecting and preparing for "jobs with a future," to widen their scope of opportunity by bringing to their attention the many possibilities for advanced training and to encourage self-development through student participation in projects sponsored by the school.

We have continued the guidance program that has been operating so effectively for the past six years. This has included testing, educational, vocational and personal counseling along with part-time job placement.

In October we administered the Iowa Educational Development tests to all members of the senior and freshman classes. This battery of nine tests gives an accurate picture of the development of individual pupils in specific fields (social studies and natural science background, correctness in writing, quantitative thinking, etc.). The results of the tests: Class norms and standard individual scores have been compiled. Profile cards of each person tested have become a part of his permanent record folder. In January a meeting of faculty members is planned during which it is hoped we can use these tests as a basis for adapting teaching techniques for groups in which that seems advisable and for planning in so far as it is feasible, for special attention to those individuals who were found to be noticeably below standard school norms in certain fields. On the whole, the

test results indicate the educational development of our high school students is above the average set by the other schools (approximately 300) using these tests.

Active participation in public affairs is a vital part of effective citizenship. In order to encourage this, we have, in co-operation with other faculty members planned a series of assembly programs. A Round Table discussion of pertinent problems followed by questions, challenges and comments from the floor have presented an excellent opportunity for self-development. This series will culminate in the spring with our participation in the Junior Town Meeting sponsored by Station WBZ. In connection with this project we would commend Miss Andrews for planning the very successful forum that was presented in December. Such co-ordination of activities of different departments is an essential part of any effective guidance program. The excellent co-operative spirit of faculty members in carrying on this program assures its success.

Although the demands of the military services have been negligible as far as our boys are concerned, we have continued to keep in contact with the Army, Navy, Marine, and Maritime Service during the first part of the school year. In keeping with the recommendation of the U. S. Department of Education however, every effort has been made to keep our students at their "posts"—in school.

However, in order to insure that those boys nearing eighteen will have the opportunity of serving in branches for which they are best suited, bulletins and announcements concerning Army and Navy training programs have been discussed in individual interviews with those interested. General information assembly programs by two branches of the service are planned for boys over seventeen in January.

Regarding the set-up of the guidance department, a few minor changes have been made. In compliance with plans made by Miss Shea last year, we have adopted the use of individual folders for each pupil's guidance data. Results of Kuder Preference Tests, Otis I. Q., Iowa Educational Devel-

opment and the Pupil War Inventories become a part of each persons' permanent record.

This year we have extended the use of the Pupil War Inventory to all 9-12 grade pupils. In addition, by periodically returning them to students for additions or changes, the inventories are now cumulative and therefore give a more complete and growing picture of each person's record of training services and aims. Upon making these and other small changes, we have met the qualifications, in so far as possible, for a Class A rating by the State Department of Vocational Guidance and our application for such approval has recently been submitted to the Department.

Concerning future plans, it is hoped that a series of community leaders in various fields can be planned for seniors. The purpose of such a program would be to acquaint our young people with the work in and opportunities offered by community agencies, industries, and a few representative professions.

The lack of an adequate extra-curricular program, we feel seriously affects the adjustment of pupils to school as well as social life. Time is, of course, the element standing in the way of arranging such a schedule. It is strongly recommended that consideration be given to possibility of extending at least two or more of our extra periods from their usual twenty minutes to a full period. This could be done by lengthening our school day only fifteen minutes. This would allow for an opportunity for new activities and eliminate the present system of class interruption for specific groups already organized.

In conclusion, may we say that the potentialities of this situation will, we hope, enable us to continue the progress and service that has characterized the work of our predecessors.

Respectfully submitted,

ANNE R. McNALLY,
Guidance Director

In Memoriam

EZRA S. WHITMARSH

1858 — 1945

For nearly fifty years he served the citizens of this town. His wise counsel on many matters pertaining to town affairs will be greatly missed.

EZRA SCOTT WHITMARSH

In the passing from this life of EZRA SCOTT WHITMARSH, on May 23rd, 1945, the Plymouth County Assessors' Association lost a faithful and valued member.

Mr. Whitmarsh, affectionately known among his friends and associates as "Scot", was born in 1858 and passed away at the age of 86 years, 11 months and 24 days, within a very few days of his 87th birthday.

Considerably more than half of this total span of years was devoted to public affairs and civic activities. For close to fifty years he had been a member of the Board of Assessors in his home town of East Bridgewater, and many of them as its Chairman.

He had also held other public offices from time to time, among which were those of Selectman and Representative to the State Legislature.

His honesty and integrity were recognized by all who knew him. He could forcefully express his opinions on matters of greater or lesser importance and still maintain the respect and admiration of those who might disagree with him.

His ready wit and keen sense of humor made him a welcome member in any group, as well as his ability to see the more serious side and contribute much toward the solution of a problem in an intelligent and constructive manner.

Therefore, be it hereby resolved that the Plymouth County Assessors' Association has suffered a great loss in the passing of our friend and colleague. His absence will continue to remind us of his loyalty while with us. We shall miss his presence, we shall miss his kindly advice and counsel. We shall always be grateful for the privilege which was ours to have him as a friend and fellow member.

LEO F. NOURSE,
HENRY H. PERKINS,
ROBERT H. HALL,

Committee on Resolutions

Report of Town Clerk

TOWN OF EAST BRIDGEWATER

SPECIAL TOWN MEETING ,

Monday, January 22, 1945

At a legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in town affairs, held in the Town Hall in said East Bridgewater, on Monday the twenty-second day of January, at 8.00 o'clock in the evening under a Warrant issued by the Selectmen and dated the twelfth day of January in the year of our Lord one thousand nine hundred and forty-five, action was taken under the article in the Warrant as follows:

The meeting was called to order by the Moderator. The Warrant and the Constable's return were read by the Clerk.

Article 1. To see if the Town will vote to rescind the vote passed under Article 16 at the Annual Town Meeting on March 6, 1944, whereby the term of office for members of the Board of Selectmen was fixed at a term of three years and to substitute the following:

At the Annual Town Meeting three selectmen shall be chosen by ballot for the term of one year in accordance with the method of electing the selectmen in force for many years prior to the meeting of March 6, 1944.

Voted, not to rescind the vote passed under Article 16 at the Annual Town Meeting on March 6, 1944, whereby the term of office for members of the Board of Selectmen was fixed at a term of three years.

The vote count taken by a show of hands was:

Yes: 113

No: 95

The meeting was declared adjourned at 9.10 P. M.

A true record, Attest:

GEORGE J. FRAHAR,

Town Clerk

Annual Town Meeting 1945

Monday, March 5th, 1945

At a legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in Town affairs, held in the Town Hall in said East Bridgewater, on Monday the fifth day of March, 1945, at 7.30 o'clock in the evening under a Warrant issued by the Selectmen and dated the twenty-fourth day of February in the year of our Lord one thousand nine hundred and forty-five, action was taken under the articles in the Warrant as follows:

The meeting was called to order by the Moderator. The warrant with the exception of the articles contained and the Contable's return were read by the Clerk.

A unanimous vote.

Article 7. To see if the Town will vote to authorize the Tree Warden to hire himself and designate the per diem wage.

Voted, to authorize the Tree Warden to hire himself at the hourly wage voted under Article 6 for this office.

Article 8. To see if the Town will vote to raise and appropriate a sum of money for the proper observance of Memorial Day and Armistice Day, said funds to be expended under the direction of the Fred Bates Morse Post, A. L., subject to the approval of the Selectmen.

Appropriation in the Budget.

A unanimous vote.

Article 9. To see if the Town will vote to raise and appropriate a sum of money for the Reserve Fund to be administered during the 1945 fiscal year by the Finance Committee and that to meet said appropriation, a transfer of funds from the Overlay Surplus be authorized.

Voted, to raise and appropriate the sum of four thousand dollars (\$4,000.00) for the Reserve Fund to be administered during the 1945 fiscal year by the Finance Committee and that to meet said appropriation the transfer of the sum of four thousand dollars from the Overlay Surplus Account is authorized.

A unanimous vote.

Article 10. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture, and to choose a Town Director as provided in Sections 41 and 45 of Chapter 128, General Laws.

Appropriation in the budget.

Voted, to choose Robert A. Leland, Town Director, Plymouth County Trustees, County Aid to Agriculture.

A unanimous vote.

Article 11. To see if the Town will vote to raise and appropriate, transfer from available funds in the Treasury, a sum of money for the purchase of war bonds or other bonds, that are legal investments for savings banks, in accordance with the provisions of Chapter 5, Acts of 1943, and that bonds purchased under this article shall be added to the Post-War Rehabilitation Fund established by vote of the Town in 1943.

Voted, that the Town authorize the transfer of the sum of twenty-five thousand dollars (\$25,000.00) from available funds in the treasury, said money to be used for the purchase of war bonds or other bonds that are legal invest-

ments for savings banks, in accordance with the provisions of Chapter 5, Acts of 1943, and that bonds purchased under this article shall be added to the Post-War Rehabilitation Fund established by vote of the Town in 1943.

A unanimous vote.

Article 12. To see if the Town will vote to raise and appropriate a sum of money not exceeding twelve hundred dollars (\$1,200.00) for the purchase of fire hose.

A unanimous vote.

This vote was rescinded and a motion made and seconded that the Town vote to raise and appropriate the sum of twelve hundred dollars (\$1,200.00) for the purchase of fire hose.

Voted, to raise and appropriate the sum of twelve hundred dollars (\$1,200.00) for the purchase of fire hose.

A unanimous vote.

Article 13. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or take any action relative thereto.

Voted, that the Town raise and appropriate the sum of fifteen hundred dollars (\$1,500.00) to meet the town's share of the cost of Chapter 90 Highway Maintenance and that to meet said appropriation the transfer of fifteen hundred dollars from available funds in the treasury is authorized, and that in addition the sum of three thousand dollars (\$3,000.00) be transferred from unappropriated available funds in the treasury to meet the State's and County's share of the cost of the work, the reimbursement from the state and county to be restored upon their receipt to the unappropriated available funds in the treasury.

A unanimous vote.

Article 14. Voted, to reserve the income of the Water Department to be appropriated for defraying the cost of the water purchased and operating expenses, any balance after paying the foregoing to be held for appropriation for additions or improvements to the water system.

A unanimous vote.

Article 15. Voted, that the Town accept Section 103 A of Chapter 54 of the General Laws and any amendments thereto, relative to absent voting at town elections.

A unanimous vote.

Article 16. To see if the Town will vote to instruct the Highway Surveyor or Selectmen to proceed with the removal of a retaining wall on the westerly side of Old Bedford Road, said wall being a part of the former abutment of a railroad bridge.

No action taken.

Article 17. To see if the Town will vote to authorize the placing of two electric lights on Winter St. and raise and appropriate a sum of money for the same, or take any action relative thereto.

Voted, to raise and appropriate the sum of thirty-four dollars (\$34.00) for the purpose of placing two electric lights on Winter Street.

A unanimous vote.

Article 18. To see if the Town will vote to raise and appropriate a sum of money to lease quarters for the Fred Bates Morse Post A.L., No. 91, or take any action relative thereto.

Voted, to raise and appropriate the sum of three hundred sixty dollars (\$360.00) to lease quarters for the Fred Bates Morse Post A. L. No. 91.

A unanimous vote.

Article 19. Voted, that the junction of Bedford, West and East Sts. in Elmwood be designated as Robert H. Hall, Jr. Square and that a committee of three be chosen by the Moderator to choose a suitable marker.

A unanimous vote.

Article 20. Voted, that the Town accept Section 120 and 120 A of Chapter 94 of the General Laws and any amendments thereto (an act relative to charging fees for slaughtering inspections).

A unanimous vote.

Article 21. Voted, that the Town raise and appropriate the sum of sixty-four dollars and ninety-two cents (\$64.92) for the purpose of paying unpaid bills of departments for 1943 and 1944.

A unanimous vote.

Article 22. Voted, that the Town authorize the Town Auditor to write off the sum of forty-six hundred eighty dollars and eleven cents (\$4,680.11) representing a tax judgment which has been carried on the town's books for many years and which cannot be satisfied and to charge it to a reserve carried therefor on the auditor's ledger.

A unanimous vote.

Article 23. To see if the Town will vote to extend the water main on Central St. 860 feet to the residence of Mrs. Park Avery and raise and appropriate a sum for same.

Voted, to raise and appropriate the sum of twelve hundred forty-two dollars (\$1,242.00) for the purpose of extending the water main on Central Street 860 feet to the residence of Mrs. Park Avery.

A unanimous vote.

	\$707.98

Article 25. Voted, not to establish a Planning Board under the provisions of General Laws, Chapter 41 with all the powers and duties therein and in any existing by-laws of the Town provided, to consist of nine members to be elected by ballot at the annual Town Meeting in March 1946, one member for a term of one year, two for a term of two years, two for a term of three years, two for a term of four years, and two for a term of five years, and thereafter in accordance with the provisions of the statute.

The vote count taken by a show of hands was:

Yes	No
52	71

The motion was declared not carried.

It was voted to adjourn at 10.20 P. M. to Saturday morning March 10th at 7.00 A. M. for the election of Town Officers.

The committee appointed as voted under Article 19 was Col. Percival Churchill, Mr. J. Frank Currie, and Mr. William C. Paulson.

A true record; Attest,

GEORGE J. FRAHAR,

Town Clerk

ANNUAL TOWN ELECTION

Saturday, March 10, 1945

A legal meeting of the inhabitants of the Town of East Bridgewater was held at the Town Hall on Saturday, March 10, 1945 under a Warrant issued by the Selectmen and dated February 24, 1945, to give in their votes for the election of Town Officers.

Penalty and instruction cards having been posted, and having complied with all other requirements of the law the polls were declared open at 7.00 A. M. by Moderator George F. Zwicker.

Three sealed boxes said to contain twenty-two hundred ballots were delivered to the ballot clerks and a receipt therefor obtained by the Town Clerk.

Upon inspection the ballot box was found empty and registered zero. It was then locked. The keys were delivered to Constable Wilrose Labelle, who had been previously sworn to the faithful performance of his duties.

The following were sworn to the faithful discharge of their duties:

CHECKERS

Margaret Timmons	Anna R. Silva	Barbara Donahue
Mae Foley	Marion Dunbar	Edith Paine
Louise Hoyt	Alice Humble	

BALLOT CLERKS

James H. Feeney	Ruth Matthews	Elizabeth O'Brien
Margaret Kenneally	Constance Marvill	Evelyn McKenney
Dorothy Noel	Earl A. Peterson	Gwendolyn Barker
Pearl MacNeill	Barbara Washburn	Elizabeth Campbell
Elizabeth Weichel	Hannah Stetson	

The ballot box was opened at the stated times with these results:

Time	Ballots Removed	Total
1.38 P. M.	217	217
2.23	38	255
3.12	45	300
4.01	52	352
4.27	48	400
5.41	100	500
6.02	62	526

The total number of votes cast was five hundred twenty-six (526) which included one voting certificate. Two hundred sixty-eight (268 women's and two hundred fifty-eight (258) men's names were checked on the voting lists as having voted.

Sixteen hundred seventy-four (1,674) unused ballots were returned after the closing of the polls.

The polls were officially declared closed at 6.00 P. M. Upon completion of the tabulations these were the results:

GEORGE J. FRAHAR,

Town Clerk

* Declared elected.

Special Town Meeting Monday, August 6, 1945

At a legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in town affairs, held in the Town Hall, the sixth day of August, 1945 at 7.00 P. M., under a Warrant issued by the Selectmen and dated the thirtieth day of July, in the year of our Lord one thousand nine hundred and forty-five, action was taken under the Article in the Warrant as follows:

The meeting was called to order at 7.00 P. M. by the Moderator. The Clerk read the Warrant and the Constable's return.

Article 1. To see if the Town will vote to authorize the Selectmen to sell or convey for a sufficient consideration, whatever interest the Town may have in those parcels of land acquired by the Town under tax title procedure.

The following motion was made and seconded: That the Selectmen be and hereby are authorized to sell or convey, for a reasonable consideration, whatever interest the Town may have in property described in tax title deed as land of low value which has been acquired by the Town under tax title procedure, and to execute and deliver a deed to any

purchaser thereof, provided that no sale shall be made until a notice has been posted in some public place at least fourteen (14) days prior to such sale, said notice to contain a list of all properties for sale.

Upon taking a voice vote the result was doubted by the Moderator; a second voice vote was doubted by Selectman William C. Paulson and a show of hands requested.

The vote taken by a show of hands was:

Yes: 12

No:14

The motion was declared not carried.

The meeting was adjourned at 8.20 P. M.

A true record, Attest:

GEORGE J. FRAHAR,

Town Clerk

Special Town Meeting, Monday, October 29, 1945

At a legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in town affairs, held in the Town Hall, the twenty-ninth day of October, 1945 at 8.00 P. M., under a Warrant issued by the Selectmen and dated the eighth day of October, in the year of our Lord one thousand nine hundred and forty-five, action was taken under the Article in the Warrant as follows:

The meeting was called to order at 8.00 P. M. by Moderator George F. Zwicker. A poll of voters was taken to determine if a quorum of voters was present. Tellers Willard DeChambeau, W. Earle Dougherty, Ralph Keith and Theodore Tripp reported one hundred forty-two voters in the hall.

A motion was made that the Warrant be read by the Clerk. The moderator then declared that the entrance of additional voters had increased the number present to over the necessary one hundred fifty (150) thereby constituting a quorum.

Article 1. To see if the Town will vote to raise and appropriate or transfer a sum of money not exceeding ten thousand dollars (\$10,000.00) for the purpose of purchasing the land and buildings owned by Joseph Calliendo at 107 Central Street, East Bridgewater as a site for a school building and authorize the Selectmen to act in behalf of the town in making said purchase and that to meet the appropriation made, that the sum of five thousand dollars (\$5,000.00) from the Sale of Real Estate Account and the sum of five thousand dollars (\$5,000.00) from the Surplus Revenue Account be authorized.

Upon motion duly made and seconded, it was voted to raise and appropriate the sum of ten thousand dollars (\$10,000.00) for the purpose of purchasing the land and buildings owned by Joseph Calliendo at 107 Central Street as a site for a school building; said lot described as follows: bounded easterly by Central Street, northerly by land of Alton L. Hurlburt, westerly by Bedford Street and southerly by land of Mabel Hobart and authorize the Board of Selectmen to act in behalf of the town in making said purchase and that to meet the appropriation made, the transfer of the sum of five thousand dollars (\$5,000.00) from the Sale of Real Estate Account and the sum of five thousand dollars (\$5,000.00) from the Surplus Revenue Account is authorized.

The vote count as taken by a show of hands was:

Yes: 167

No: 5

The motion was declared passed and the meeting adjourned at 8.43 P. M.

A true record, Attest

GEORGE J. FRAHAR,

Town Clerk

Special Town Meeting, Thursday, December 27, 1945

At a legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in town affairs, held in the Town Hall in said East Bridgewater, on Thursday the twenty-seventh day of December, at 7.30 o'clock in the evening under a Warrant issued by the Selectmen and dated the seventeenth day of December in the year of our Lord one thousand nine hundred and forty-five, action was taken under the Article in the Warrant as follows:

The meeting was called to order by the Moderator. The Warrant and the Constable's return were read by the Clerk.

Article 1. To see if the Town will vote to authorize the transfer of the sum of two hundred forty-seven dollars and one cent (\$247.01) from the South Street Account and the sum of three hundred thirty-nine dollars and thirty-four cents (\$339.34) from the Sidewalk Account to the Highway General Maintenance Account.

Voted, that the town authorize and does hereby authorize the transfer of the sum of two hundred and forty-seven dollars and one cent (\$247.01) from the South Street Account and the sum of three hundred thirty-nine dollars and thirty-four cents (\$339.34) from the Sidewalk Account to the Highway General Maintenance Account.

A unanimous vote.

It was voted to adjourn at 8.00 P. M.

A true record, Attest:

GEORGE J. FRAHAR,

Town Clerk

GEORGE J. FRAHAR,

Town Clerk

YOUR ATTENTION IS CALLED TO THE FOLLOWING:

The object in printing the registration of births, marriages, and deaths is to afford opportunity for corrections of errors and omissions. If any be noted, notice should be immediately sent to the Town Clerk, in writing, giving the correct facts, that the records may be perfected for the current year.

Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.

GEORGE J. FRAHAR,

Town Clerk

Report of Board of Selectmen

The year 1945 has brought victory to our country and its allies and with it the return of many of the men and women who contributed to the victory. We can now hope that 1946 will see most of our servicemen and women reunited with their families. On behalf of your friends, neighbors, and fellow townspeople we welcome you back and offer all possible assistance to re-establish yourselves in the life of the community.

No words can express the feelings in people's hearts for the families of the boys who will not return. For these boys, who will remain forever young in our memories, some tangible memorial should be erected where a permanent record of their sacrifice can be made. An article will be found in the warrant for the annual town meeting to see if the town will authorize the appointment of a committee to set this project in motion.

A variety of matters have come before the board of selectmen for disposition during the past year. The most important items will be dealt with in this report.

Among other things the board has been called on to fill several vacancies in town departments and to appoint a Post War Emergency Construction Committee.

In June the dean of all town officials, Ezra S. Whitmarsh passed away. Mr. Whitmarsh had served the town in various capacities for half a century and at the time of his death was Chairman of the Board of Assessors. Several discussions were held with the two remaining members of the board and various names were considered. The requirements of the position were felt to be such as to require unusual care in filling the vacancy. In the appointment of

Dr. Harry W. Kingman we feel that the town has secured the services of a man of wide experience and sound judgment, who will prove to be a valuable addition to the board.

In May the resignation of the Tree Warden and Moth Superintendent was received. The work of this department had caused your board some concern. A large amount of work resulting from the hurricane was unfinished and the gypsy moth condition was such that notices had been received from the State Department of Conservation.

Edmund D. Kenneally was appointed in May to fill this vacancy and was instructed to make every effort to start the spraying as soon as possible. From reports received from areas where the gypsy moth infestation is the heaviest, we feel that the most thorough job of spraying in a number of years has been done by Superintendent Kenneally. Despite the large amount of spraying done a sufficient balance remained in the appropriation to do the equally important work of painting the nests after the foliage was gone.

As previously stated, considerable tree work needs to be done, so much so that some time will be needed. We have every confidence that this work will proceed as quickly as the limitations of the budget and available satisfactory help will allow.

A committee was appointed by the board of selectmen to study the needs of the town for postwar construction work. The selectmen also served on this committee whose report will be found in another section of this report. A great deal of time was spent in the meetings of this committee and we believe their report warrants the careful consideration of every citizen.

In May a group of men composed largely of former members of the auxiliary civilian defense police were appointed special police officers at the request of Chief Hayden. While this is a new practice for East Bridgewater, it appears to have certain advantages in the conduct of police work.

The system is to be given a reasonable trial to determine its necessity or value. In connection with the appointment of these men, a list of rules was promulgated which received considerable publicity in the Brockton Enterprise. The news story was so misleading and incorrect in its interpretation of the rules that the selectmen considered publishing a correct version. After due consideration, it was felt that the rules concerned only the members of the department and that the lack of knowledge of the laws governing arrests displayed by the author of the article was no concern of the board of selectmen. We feel that the rules are necessary for the proper operation of the police department and any man accepting the responsibility of an appointment as a regular or special police officer will be required to abide by them.

Early in the year, an inspection was made by Arthur J. Hassett, Deputy Secretary of State, of the town clerk's records. The board of selectmen received his report which spoke in the highest terms of the efficient work done by town clerk, George J. Frahar, in the preservation of the public records in his custody. For the first time in the history of the town the records of vital statistics have been collected and bound in volumes as required by law and the board of selectmen who saw the tremendous amount of work which was necessary to prepare these records for binding are glad to add their praise.

Two vacancies on the Finance Board were filled during the year by the appointment of Mr. Arthur L. Leland and Mr. Fred Cross. The board of selectmen have worked in close cooperation with the Finance Board during the past year in their study of the operation of town departments. We urge every voter at the annual town meeting to give their recommendations careful and unbiased consideration. Heavy expenditures face the town during the next decade and some increase in the tax rate appears inevitable. Just how much the increase will be depends entirely on the voters at the annual town meeting.

A comparison of per capita expenditures of all towns in Massachusetts has been made and published in the magazine "The Massachusetts Selectman." There are forty-three towns in Massachusetts with a population of between 3,000 and 5,000 based on the 1940 census and the statistics are based on 1941 expenditures. Only six towns exceed the per capita expenditures of East Bridgewater. Five of these towns, Bourne, Scituate, Rockport, Nantucket, and Cohasset have large summer populations with a corresponding large amount of taxable summer property. The sixth town is Weston which has a number of sizable estates of wealthy individuals. The range of per capita expenditures is Scituate with a high of \$95.40 to Medfield with a low of \$26.11. The per capita figure for East Bridgewater is \$57.01. While it is recognized that the statistics as presented in the complete tabulation may be subject to adjustment due to unusual circumstances they do seem to indicate a liberal rate of expenditure for East Bridgewater.

With the lifting of the restrictions imposed by war conditions, an extension of the route of the Elmwood bus to Westdale was finally secured. It is hoped that the patronage will show a sufficient increase so that more trips may be added for this section. Another bus company has requested permission to operate over West Street to West Bridgewater. It was felt that this would jeopardize the present service, as there does not appear to be enough business for two companies and the request was denied.

All tax title property owned by the town was sold at auction by the board during the year. The small attendance at these auctions makes it difficult, if not impossible, to secure much competition for the properties. We feel that better results could be obtained by private negotiation with abutters of parcels offered for sale. A special town meeting was held during the year to see if the town would authorize the selectmen to sell this type of property at private sale. A sparsely attended meeting defeated the proposal. It seems to your board that inasmuch as all of the parcels acquired by the town have been offered at public auction by the town

treasurer without securing a bid that no risk would be involved in giving any board of selectmen such authority. It was interesting to find that by approaching an abutter of a parcel which the town had owned for eighteen years, a buyer was secured. All of this property is now back on the tax rolls and will produce revenue during the coming year.

Collections by the Board of Selectmen during 1945 paid to Town Treasurer:

34 Pistol licenses at 50c	\$17.00
10 Common Victuallers' licenses at \$2.00	20.00
6 Second Class Used Car licenses at \$10.00	60.00
13 Gas and Oil Sale permits at \$2.00	26.00
8 Lord's Day licenses at \$5.00	40.00
2 Liquor licenses at \$300.00	600.00
2 Package Store licenses at \$100.00	200.00
Miscellaneous licenses	17.00
Sales of Real Estate	3,406.50
Rents received	60.00
Total	\$4,446.50

We wish to express our appreciation for the cooperation extended by all town departments in the conduct of our work during the past year.

GLEN CHURCHILL, Chairman
 WILLIAM C. PAULSON, Clerk
 CLARENCE E. ANDERSON

Report of Park Commissioners

The present condition of the tennis court is unsatisfactory and unusable. Many who desire to use the courts are unable to do so because of their condition. We recommend that an appropriation be made at the annual town meeting in 1946 to permit the rebuilding of the court and the placing of a permanent surface on the court.

During the past few years it has been impossible to maintain the baseball field in a satisfactory condition for games owing to the cost of cutting the grass by manual labor. To properly care for the surface of the playing field a power mower is necessary and we recommend that consideration be given to this request at the annual meeting.

During the past year our activities have been directed to the maintenance of Strong Field, War Memorial Park and the traffic squares.

General Appropriation	\$500.00
Expended	499.57
Balance	.43

Respectfully submitted,

NELLIE A. ROACH, Chairman
RALPH G. CONNORS, Clerk
THOMAS O'BRIEN

Report of Highway Surveyor

Year Ending December 31, 1945

To the Honorable Board of Selectmen and Voters
of the Town of East Bridgewater:

I submit herewith my inventory of stock and tools:

1 10-Ton Rebuilt Gas Roller	14 Torch Bombs
1 Caterpillar Power Grader	18 Street Brooms
1 International Dump Truck	1 Hand Saw
1 Ford Dump Truck	1 Stone Hammer
1 Heater Tank	2 Sledge Hammers
3 Tool Boxes	5 Frost Wedges
1 Grind Stone	4 Axes
1 Hand Roller	3 Pairs of Rubber Boots
2 Sets Truck Chains	2 Raincoats
2 Sets of Blades for Grader	15 Gallons of White Paint
1 Road Hone	1 Gallon of Gray Paint
22 Long Handled Gravel Shovels	1 Gallon of Red Paint
16 Picks	1 Gallon Barn Paint (Red)
11 Mattocks	3½ Tons Coarse Fine Salt
12 Handles	1 Tar Kettle
12 Short Handled Square Shovels	2000 Feet Snow Fence
6 Long Handled Square Shovels	9 Snow Ploughs
14 Short Handled Round Shovels	4 Sidewalk Ploughs
20 Long Handled Round Shovels	23 Snow Shovels
2 Crow Bars	1 Set of Blades for Each Plough
4 Iron Rakes	1 Power Sand Spreader
6 Wooden Rakes	1 Conant Sand Loader
1 Large Hoe	20 Tons Half Inch Stone
4 Pitch Forks	(Estimate)
8 Stone Forks	200 Gallons Tar for Cold Patch
24 Lanterns	1 New Street Home Broom

HIGHWAY MAINTENANCE

Our highways were much in the same routine as last year. Cost of materials were as follows:

Patching	\$405.29
Gasoline and Oil	495.72
Tires	421.00
Welding and Repair Parts	306.80
Catch Basin Rings and Covers	32.76
Insurance	118.08
Guard Rails and Planking	321.35

Water Street Bridge is very much in need of expensive repairs such as a large culvert or a cement box-type bridge. It cost the Town \$400 to plank and patch stringers, and that is only a temporary job.

Harvard Street is very much in need of gravel, and it is requested of the Highway Surveyor to do something about it. Winter Street is in the same condition, with the same request.

On Crescent Street, the Highway Surveyor last summer put on \$110. worth of calcium chloride to lay the dust. These dirt roads should have special appropriations because they need a lot of gravel before penetration.

Cost of Harvard Street Culvert was as follows:

Edward T. Dwyer, Crane	\$510.00
New England Concrete Pipe	828.00
Lumber and Labor for Headers	455.46
Chas. O. Ortel, Concrete	110.00
Lanzillotta & Sons, Gravel	162.00
Stone Hardware, Bolts	11.80
Owens, Welding	45.37
Town Labor (Estimate)	400.00

STREET OILING

We have covered several streets which are as follows:

Bridge Street from Plymouth to Crescent
 Walnut Street from Central to Washington
 Union Street from Bedford to End of Penetration
 Keith Place and Dean Place from Central to Central
 Thayer Avenue from Union to West Bridgewater Line
 Cook Street, Oregon Street, and West Union Street
 North Central Street from West Union to Vinton's
 Corner
 Spring Street from Center to West
 Park Avenue from West to Spring
 Oak Street from Washington to Franklin
 Water Street from Union to Bedford
 Folsom Avenue from Water Street to End
 North Water Street, Grove Street, and part of Belmont
 Street

SIDEWALKS

The sidewalk appropriation was spent on North Central Street from West Union Street to Vinton's Corner, and in the center of the Town. Both sides of Central Street from Bedford Street to Union Street, including curbs and asphalt walks. This work was considered an asset. There was more or less patching in all parts of the Town.

For 1946 the Highway Surveyor would like to repair the sidewalk from the Town Hall to the Carver Cotton Gin on Plymouth Street, and make all necessary repairs.

SNOW REMOVAL

The snow removal for this year was a problem. Ice and snow had all Highway Surveyors guessing, and ours was as bad as any. We had three trucks broken down at the same time, and the storms in such rapid succession licked

us. In order to clean our streets we were obliged to hire a State Four-Wheel-Drive Truck and a bulldozer to break through the drifts.

This year we have eight trucks and ploughs to fight the storms and hope to keep the roads clean.

CHAPTER 90

This appropriation was spent on West Street from Spring Street to Elmwood Center.

This work was done under State supervision.

Thanking the Board of Selectmen and the Finance Committee, as well as the voters of the Town of East Bridge-water for their co-operation in my work, I remain,

ADAM McCORDICK,

Highway Surveyor

Report of Tree Warden

To the Citizens of the Town of East Bridgewater:

During the year 1945 the department removed many old stumps and trees that could not be given the proper care. Broken and dead limbs as well as overhanging branches were trimmed off.

The large elm trees were sprayed as usual for the control of the elm beetle.

For the work of this department \$1,700.00 was appropriated. There was a refund of \$4.40. Of this amount \$1,631.70 has been expended as follows:

Appropriation	\$1,700.00	
Refund	4.40	
Total		\$1,704.40
Expended		
Labor and Trucks	\$1,559.60	
Supplies, etc.	72.10	
Total		\$1,631.70
Balance		\$72.70

Respectfully submitted,

EDMUND D. KENNEALLY,

Tree Warden

Report of Moth Superintendent

To the Honorable Board of Selectmen:

I hereby submit my report for the Moth Department as of May 1945, ending December 31, 1945.

The town has been canvassed for the control of Gypsy Moth. The outlying districts are naturally more heavily infested than is the center of the town. This condition could be remedied by closer cooperation with our neighboring towns.

During November and December a crew of men was busy painting egg clusters on trees, especially those bordering the Highways.

The appropriation made for the 1945 work of this department was \$2,200.00. Of this amount \$2,064.58 was expended as follows:

Appropriation		\$2,200.00
Expended		
Labor and trucks	\$1,420.80	
Supplies and insecticide	643.78	
Total		\$2,064.58
Unexpended balance		\$135.42

Respectfully submitted,

EDMUND D. KENNEALLY,

Moth Superintendent

Report of Water Commissioners

To the Board of Selectmen:

We hereby submit our anual report for the year 1945.

Appropriation for 1945	\$18,953.80
------------------------	-------------

Expended:

Water Purchased and Hydrant	
Rental	\$9,300.66
Administration Expenses	383.34

Salaries:

Superintendent and Clerk	3,317.80	
Labor	3,395.84	
Rent	300.00	
Telephone	42.35	
Truck Expense	249.14	
Equipment and Supplies	1,900.79	
Freight, Postage and Express	25.07	
Office Supplies	29.07	
		\$18,944.06

Balance		\$9.74
---------	-------	--------

Central Street Appropriation	\$1,242.00
Expended	1,214.60

Balance		\$27.40

Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report of their respective activities for the year 1945.

General Relief

During the year 1945, 15 cases consisting of 25 people were aided under this category of relief at a total expense of \$2,690.44. Nine of these cases were aided in their own homes. One was a boarding case, four cases were hospitalized and one case was a burial. \$824.29 was paid to other towns for persons with an East Bridgewater settlement residing in other towns.

The town received from the Commonwealth, \$1886.70. From other cities and towns, \$90.60 and \$15.00 from an individual.

There were 8 active cases at the beginning of the year. During the year 7 new cases were aided and 7 cases were closed. We are carrying 8 cases at the close of the year.

Aid To Dependent Children

Twelve cases totaling 44 persons were aided during the year. There were 9 cases consisting of 40 persons on the rolls January 1945, and at the end of the year there were 6 active cases, consisting of 20 persons, being aided. During the year 2 new cases were accepted and 1 reopened and 6 cases closed.

These 12 cases received \$7498.47 in cash and in addition \$251.11 for medical care, \$90.00 for hospitalization and \$44.00 for glasses.

The town was reimbursed, \$2140.91 by the Federal Government and \$3812.36 by the Commonwealth.

Old Age Assistance

Ninety cases received Old Age Assistance during the year. There were 80 cases in January and 73 cases at the end of the year. 13 applications were received. 10 of these were accepted and 3 rejected. 17 cases were closed during the year. 90 persons received regular cash grants amounting to \$33,027.13. In addition, \$2572.99 was allowed for medical care, \$42.00 for dental care, \$98.00 for services of opticians, \$355.10 for nursing services and \$114.00 for ambulance and hospitalization.

There were 14 East Bridgewater cases residing in other towns for whom these towns received \$1338.72.

\$15,739.26 was received from Federal Funds, \$17,365.45 from the Commonwealth and \$1013.80 from other towns.

During the past year the Legislature revised the Old Age Assistance law making several changes. The greatest change was in the liberalization of the exemptions of the legally liable children of Old Age Assistance recipients. This change becomes effective January 1, 1946 and because of it it will be necessary for the town to make a substantial increase in the Old Age Assistance appropriation for the ensuing year.

Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1945.

During this year the department responded to 73 calls, 18 district and 29 still or telephone calls and 26 grass or woods fires.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one International.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The Department has 3,800 feet of 2½-in. double jacket hose and 1,400 feet of 1½-in. double jacket hose.

Appropriation	\$6,035.00
---------------	------------

Expended:

Salaries and Wages	\$2,769.96
Janitors	501.00
Gasoline, Oil, Etc.	51.13
Supplies and Equipment	1,361.30
Fuel and Light	592.36
Repairs to Building	212.40
Telephones	348.23
Insurance	180.00
	\$6,016.38

Balance	\$18.62
Appropriation for Purchase of Fire Hose	\$1,200
Expended:	1,180.00

Balance	\$20.00
---------	---------------

Respectfully Submitted,

MAURICE F. HENNESSEY,

Chief of the Fire Department.

Report of the Inspector of Animals

To the Board of Selectmen and Citizens
of East Bridgewater:

During the past year I have investigated nine dog-bite cases, and found no symptoms of rabies.

Twenty-seven carloads of interstate beef cattle, for immediate slaughter, and seven shipments of interstate dairy cattle have been inspected.

Three animals have been condemned for tuberculosis, and disinfection of premises has been approved by the state authorities.

Respectfully submitted,

HARRY W. KINGMAN, M. D. V.

Inspector of Animals

Report of the Chief of Police

MYRON H. HAYDEN
Chief of Police

WILLIAM J. CAMPBELL
Sergeant of Police

Patrolmen

Walter A. Benoit
Edmund D. Kenneally
Mitchell J. Gaucher
Edwin M. Drukenbrod

To the Board of Selectmen:

I hereby submit the following return of ARRESTS for CRIMES in East Bridgewater for the year ending December 31, 1945.

CRIMES AGAINST THE PERSON

Assault and Battery	2
---------------------	---

CRIMES AGAINST PROPERTY

Breaking and Entering and Larceny	3
Larceny and Attempt	4
Larceny of Automobile	2
Malicious Mischief	6

CRIMES AGAINST PUBLIC ORDER

Cruelty to Animals	1
Disturbing the Peace	5
Keeping an Unlicensed Dog	1
Driving a Motor Vehicle to Endanger Life	5
Driving a Motor Vehicle While Intoxicated	8
Drunkenness	16
Gaming	2
Violation of Illegitimate Child Act	1

Non-Support	3
Driving a Motor Vehicle Without a License	3
Driving an Uninsured Motor Vehicle	1
Driving an Unregistered Motor Vehicle	1
Speeding	117
Violation of Probation	1
Carrying a Dangerous Weapon Without a Permit	1

POLICE CRUISER

The car that the Police Department is now using is three or four years old and is in poor condition in so far as its use is concerned in this type of work. It has been at least one hundred thousand miles and is in need of a complete over-hauling from one end to the other.

The repairing of this car would run into a great deal of money and when the job is done the Town still owns an old car.

If the Town would trade this car this spring for a new one, they would save money as the trade-in value of this car at this time is high.

There has been some talk of a cruiser ambulance type car as this Department has many calls for an ambulance and has to call out of town aid which means a long space of time before an ambulance arrives and in some cases it has been over an hour.

People who are hurt on our highways and people who need hospital attention should be removed from the scene at once as it may mean the difference between life and death if an injured person has to be detained too long waiting for an ambulance.

In the event that the townspeople wanted an ambulance, I would suggest that they buy a cruiser that would take a full ambulance bed so that the person who is being transported to the hospital could ride in comfort rather than being cramped up in space that causes discomfort.

A beachwagon with a full ambulance bed equipped with dual heaters would solve the problem and would be a fine piece of equipment for the Town to own.

The type that is commonly used as a police cruiser ambulance in other towns is not fit to use because a person who has to be taken to a hospital should have far more comfort than they allow and I might add that it would be a waste of money to consider such a purchase.

Another feature of having a first class ambulance cruiser is that the people of this town should not be charged for its use as in other towns because their money has already paid for it and they should not be charged double.

Persons who are not citizens of the town should pay for the use of such an ambulance and this would help to pay for it in a period of time.

I wish to close this report to the people by thanking the Board of Selectman, Regular Police Officers, Special Police Officers, Telephone Operators and the Citizens for their kind cooperation during the past year.

MYRON H. HAYDEN,

Chief of Police,
East Bridgewater,
Massachusetts.

Report of Board of Health

To the Citizens of the Town of East Bridgewater:

Organization and first meeting of the Board was held on March 25th. General business transacted and slaughtering inspectors appointed for year. George Wadsworth and Ralph Wyatt were appointed slaughtering inspectors for 1945; Clinton Smith, milk inspector.

Inspection of eating and drinking establishments was started, also laboratory analysis of swabs test of utensils.

Inspections of Waldorf Park facilities were made and analysis of Robbins Pond water made at points used for bathing. Analysis showed water to be suitable for public bathing. Rules and Regulations were made for Waldorf Park.

Analysis of water and sanitary inspection was made of several streams in town for bathing purposes and to check complaints received as to local contamination.

Complaints of poor drainage were promptly investigated and where conditions warranted the Board took action. Sewage complaints were handled in similar manner.

Laboratory analysis of forty-two milk and cream samples were made during year, and any unsatisfactory condition promptly corrected. One culture was made for hemolytic streptococcus.

Routine quarantine procedures were handled promptly.

Dead animals were buried.

Slaughtering fees were started by Board of Selectmen after March town meeting; fee of thirty-five cents per head for cattle, twenty-five cents per head for calves, hogs and sheep. The collection of this money comes under duties of Board of Health. During the year starting latter part of March there has been collected \$599.05 from this source.

**Report of Inspection of Eating and Drinking Establishments
for 1945.**

During the year 1945 Board of Health started inspection and laboratory analysis of swabs taken of eating and drinking utensils in all the establishments in town. This program has been introduced by U. S. Public Health Service and Mass. Dept. of Public Health. We were aided by Mr. H. Kingsbury, Sanitary Officer of South Metropolitan District Office, Mass. Public Health Dept. to install program.

Results of this inspection have been very satisfactory, cooperation of eating and drinking establishments has been excellent. The object of the program is to prevent the spread of contagious diseases.

Report of Milk Inspection — December 31, 1945

Librarian's Report

To the Board of Trustees of the
East Bridgewater Public Library:

I have the honor to present the report of the librarian for the year ending December 31, 1945:

The library carried on its usual activities during the year. Hundreds of patrons came through the doors of the library and benefited from its service. There were the youngsters just learning to read, and the school boys and girls to whom the library is indispensable; then the teachers, the parents, and the young people preparing for jobs. The list could be extended indefinitely for the library touches the lives of practically all our townspeople.

That the library services are increasingly essential to the town is indicated by the fact that there was an increase during the year, both in the number of registered borrowers and in the circulation of books. It has been our responsibility to make the public aware of the resources of the library, to maintain our book stock on a high level, to be diligent in research and reference services, and to attract people to the library.

The inventory of non-fiction was completed last year; an inventory of the fiction begun last summer is moving slowly to completion. Members of the staff continued to give their services unstintingly to serve the men and women in the armed forces. As the War Information Division of the Public Safety Committee, we printed and mailed "The Town Teller", mailed cigarettes or plum puddings to all who were overseas, and to all who were wounded in service. The task was difficult but we endeavored to keep a correct file of addresses. The service roll now lists 444 names.

Members of the library staff have spoken to groups in the community, served on local civic committees, and attended meetings of library organizations.

Last year's report summarized a few of the building needs of the library. Additional repair must be made on the outside of the building and this work is now being given consideration by the librarian and the Board of Trustees.

From time to time throughout the year we have received gifts of books, pictures and magazines. I should like to acknowledge these gifts with deep appreciation. With the presentation of each gift we felt the donor's interest in the greater usefulness of the library.

A special word of appreciation is extended to the members of the library staff for the spirit in which they have carried on during a year of increased demands and gratitude to the members of the Board of Trustees whose understanding and vision sets the library standard in East Bridge-water.

Respectfully submitted,

ETHEL B. CHANDLER,

Librarian

STATISTICS

The library was open 300 days for reading and lending—53 hours a week during school months, and 24 hours a week during June, July and August.

Fifty-eight thousand seven hundred sixty-nine volumes were lent for home use. The juvenile department circulated 24,548 books.

The circulation per capita was 17.158.

The number of books borrowed through inter-library loan was 50.

On December 31, 1945, the library contained 16,740 volumes; 94 were added by gift and 606 were added by purchase.

Report of Sealer of Weights and Measures

January 10, 1946

To the Honorable Board of Selectmen,

Gentlemen:

I have performed the duties as Sealer of Weights and Measures for the year 1945 as follows:

Vehicle Tank Meter System	3			

I made five store inspections and reweighed 140 articles.

Respectfully,

JAMES W. FEENEY

Report of State Auditor

February 19, 1945

To the Board of Selectmen
Mr. Glen Churchill, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1944, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts

TNW:CAH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1944, and report thereon as follows:

The financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked with the books of the accounting officer and the treasurer.

The books and accounts of the accounting officer were examined. The receipts, as recorded, were checked with the treasurer's books and with the records of the several departments collecting money for the town, while the payments were checked with the treasury warrants and with the books of the town treasurer.

The appropriations as listed from the town clerk's records of town meetings, as well as the transfers from the reserve fund authorized by the finance committee, were checked to the accounting officer's ledger. The ledger accounts were analyzed, the necessary adjusting entries resulting from the audit of the several departments were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1944. An examination of this balance sheet indicates that the town is in very good financial condition.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the warrants of the selectmen authorizing the disbursement of town funds. The cash balance on January 10, 1945, was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed. The income was proved and the withdrawals were verified.

The tax title deeds representing liens on real estate were listed, the amounts transferred to the tax title account were checked with the collector's records, the reported redemptions, foreclosures, and disclaimers were verified, and the tax titles, as listed, were reconciled with the accounting officer's ledger and checked with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved. The collections as posted on the commitment records were compared with the cash book collections and with the recorded payments to the town treasurer as shown by the treasurer's cash book. The abatements, as entered, were checked to the records in the departments authorized to grant such credits, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog and sporting licenses issued were examined, the payments to the State being verified by comparison with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

It is recommended that the board of selectmen keep a permanent record of all licenses and permits issued in order that receipts from this source may be properly audited.

It is also recommended that all departments pay to the town treasurer all receipts once a month or oftener.

The surety bonds of the town officials required to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

Report on Salvage Collections

The end of the war brought to an end the organized collection of salvage materials. Listed below are the results of the various collections and the disposition of the proceeds.

BOY SCOUT SCRAP RUBBER COLLECTION

Received from sale of Rubber		\$88.68
Paid Troop 1, East Bridgewater	\$29.56	
Paid Troop 2, East Bridgewater	29.56	
Paid Troop 1, Elmwood	29.56	
		88.68

BOY SCOUT SCRAP METAL COLLECTION

Received from sale of Scrap Metal		88.72
Paid Troop 1, East Bridgewater	11.07	
Paid Troop 2, East Bridgewater	11.08	
Paid Troop 1, Elmwood	11.07	
1 Series F War Bond for each troop	55.50	
		88.72

SCHOOL CHILDREN'S SCRAP METAL COLLECTION

Received from sale of Scrap Metal		315.83
Donation		2.00
		\$317.83

Cigarettes for servicemen	218.10	
Postage, wrapping paper, etc.	21.40	
Donation, American Red Cross	5.00	
Paid to School Nurse	73.32	
		317.83

PAPER COLLECTIONS

Received from sale of paper		402.43
Handbills and gasoline	16.50	
Paid to Ralph H. Keith, treasurer of East Bridgewater Servicemen's Fund	385.93	
		402.43

The money donated to the East Bridgewater Servicemen's Fund has been used in part to defray the expenses of the newspaper which has been mailed to servicemen at various times and the balance has been applied towards the cost of the cigarettes and candy sent to them at Christmas in 1943 and 1944.

TIN CAN COLLECTIONS

Through the kindness of Mrs. Lester R. Fisher, a collection depot for tin cans was secured in a building in the rear of the First National Store. The success of this method is an outstanding example of the way everyone helped to make the salvage operations a success. No regular collections were attempted, but instead notices were put in the newspaper that cleaned and flattened cans could be left at the collection depot. Nearly four tons of tin cans were left there during the period the depot was in use, all by people who were willing to prepare the cans and take them to the depot. The people of East Bridgewater can be justifiably proud of this record. The cans were taken away by the Brockton Salvage Committee each time a freight car was secured for shipment. One check for \$10.00 was received for the cans and contributed to the American Red Cross.

It is a matter of regret to your chairman that he did not keep a record of all the volunteer workers who made these collections possible, so that proper recognition could be given in this report. Trucks were donated by local business men, many of whom furnished drivers or drove the trucks themselves. The three Boy Scout Troops deserve special recognition as their members were the mainstay of every collection. The way in which everyone cooperated by saving salvageable materials for collection enabled us to collect well over every quota set for East Bridgewater.

WILLIAM C. PAULSON, Chairman,

Salvage Committee

Report of Soldiers' Relief Agent

I submit herewith the annual report of the Soldiers' Relief Department of the Town of East Bridgewater.

From April 1, 1945, the date of my appointment, I have personally investigated all applications for relief made to this department. By filing reports of applicants with the State Commissioner of Veterans Aid and Pensions the town has been able to secure payment in part in a number of cases from the State. The office of the Commissioner has been most cooperative in all instances. A case history has been kept for each case and is on file for future reference by any subsequent agent.

Cases handled have been:

War allowance outside cases	2
War allowance town cases	4
Fuel aid given	4
Medical aid and supplies given	7
Monthly cash cases	4
Monthly cash cases closed	2
Board for minor child	1

Respectfully submitted

CLARENCE E. ANDERSON,

Soldiers' Relief Agent

East Bridgewater Rationing Board

Charles W. Waterman, Chairman
 Forest W. Cousins Robert Inglee

January 1942 — October 1945

Allen K. Belcher	Leroy Wilson
Horace A. Carver	Charles Issertell
Justin B. Hall	William A. Luddy
Horace W. Collamore	Joseph M. Chandler
Mrs. Constance Marvill	Marjorie Pratt
Mrs. Eleanor Collins	Mrs. Anne K. Ewing
Mrs. Emilie Pratt	Miss Marlene Andrews
Mrs. Ethel Wilson	Mrs. Ida Currie
James J. Fruzzetti	Mrs. Beatrice Smith
William I. Carleton	Mrs. Evelyn Spencer

Messrs. Waterman, Cousins and Inglee were the first members appointed to the Rationing Board in January 1942 and served for the entire period to October 1, 1945, when the office was closed. The other members were appointed as other commodities were rationed.

This page is in recognition of the work performed by these self-sacrificing citizens who gave so unsparingly of their time to carry on a most difficult task.

Post War Emergency Committee

This committee was formed in conjunction with other committees in each Massachusetts city and town for the purpose of surveying the needs and possibilities of post war construction projects with the primary object of providing employment.

Your committee subscribes heartily to the announced objective of the State Committee to recommend projects with the dual purpose of providing jobs and securing for the town needed improvements and additions of a lasting nature.

With this view in mind your committee at its organization meeting reviewed the different town departments and decided to limit its studies to highway, water, and school departments as they appeared to offer the best possibilities for projects.

Of these possible sources of projects the committee were unanimous in feeling that the building of an elementary school was of primary importance. As one of the members of this committee was also secretary of the Building Committee, we asked him to see if he could activate that committee, to the end that the Town might sooner have the benefit of a new elementary school. The results have been evident.

The first meeting was held with the Board of Water Commissioners who brought in recommendations for three possible projects and later a fourth. These projects were:

1. 5860 feet of 8" pipe on Highland Street to connect with the large main on Harvard Street and the main at the junction of Highland Street and Elm Street. The estimated cost of this project is \$12,872.02.

2. 5300 feet of 6" pipe on Spring Street from the railroad track to West Street at an estimated cost of \$8,987.18.
3. 5300 feet of 6" pipe on Hillcrest Road and Metzler Road at an estimated cost of \$9,075.50. This project is contingent upon the acceptance by the Town of these streets as public ways in accordance with a petition filed by a number of property owners in that section.
4. 4200 feet of 8" pipe on Central Street from the Brockton Main to Cedar Street at an estimated cost of \$9,805.76. This would be an additional connection with the large 24" main which runs from Silver Lake to Brockton.

400 feet of 6" pipe on Washington Street from Oak Street to the Whitman line at an estimated cost of \$927.48. This would tie in our water system with Whitman for emergency use by both towns.

The next meeting was held with the Highway Surveyor who presented the following projects for consideration.

1. A new bridge on Spring Street at a cost of \$24,000.
2. Rebuild Oak Street from Washington Street to Franklin Street at a cost of \$45,000.
3. Rebuild Spring Street from the Square to West Street at a cost of \$35,000.
4. Tar penetration of Harvard Street from Bedford Street to Pine Street.

The Committee has made a careful study of the projects as presented by these departments. Of the projects submitted by the Highway Surveyor, the Board of Selectmen believe the Town may receive assistance on the first three

from the State and County. At the time of writing this report, the County Commissioners have made a survey for a new layout of Oak Street. The Spring Street bridge is in poor condition and the repairs made a short time ago were necessary as war time conditions made new construction impossible. The construction of a new bridge as soon as conditions permit is recommended.

In studying the projects of the Water Department, the Committee secured a map of our water system showing the location and size of the pipes on all the streets in town. A careful study of this water map is well worth the while of the taxpayers and citizens. The Water Commissioners have inherited an antiquated system which seems badly in need of considerable overhauling, and which at no far distant date will have to have it. When a system gets about so old the cost of ordinary upkeep increases by leaps and bounds as ours is now. This system was originally purchased from a private individual whose only thought apparently was to get as much for as little as possible. No record of the age of the pipes appears to be available.

Water pressure and the entire matter of pipe sizes, age of pipe, sources of supply, etc. are a technical subject requiring a knowledge of hydraulic engineering. The members of your committee do not feel that the knowledge they have gained in their study of the water system warrants a recommendation either for or against the projects submitted to them.

An examination of the map makes it appear that our water system has grown from year to year with no over all plan to work on. Before any further major extensions are made it would seem advisable to have such a plan.

The recommendation of your committee is, therefore, that a survey of our present system be made by an engineering concern to be hired for that purpose.

The projects which the Water Commissioners recommend total over \$40,000. The survey would cost only a small fraction of this amount and may easily save the town many times its cost.

For the co-operation of the departments in assisting the committee we wish to extend our appreciation.

FRED CROSS, Chairman
JAMES O'BRIEN

Report of the Superintendent of Schools

To the Members of the School Committee:

I am pleased to present my eighth annual report as your superintendent. The year 1945 was pleasant and profitable for our schools and will undoubtedly be recorded as one of the truly great years in the history of the world. Two great wars were concluded, the atomic age was revealed, and another attempt at a world organization has been launched. Our students and teachers are tremendously interested in the wholesome outcome of all these events.

PERSONNEL

The most serious problem facing the schools of today is that of finding suitable teachers. This appears to be true almost regardless of the salary being offered. Not enough teacher candidates have been trained, all the married women who want to teach are now engaged, and those teachers who left to go into the service or other professions are not anxious to return to teaching. During the month of December we had first hand experience with the difficulty of finding a teacher for the first grade at the Allen School.

During the year we have made seven changes in our teaching force. Mr. Stanley B. Goldman, who was on military leave, returned to teach science and serve as Vice-Principal at the high school. Mr. John Roudels, a military substitute in science, resigned in June. Miss Mary F. Brown, teacher of commercial subjects, resigned in September to take a business position. Her place was taken by Miss Angela J. Latorella who has had two years teaching experience. Mrs. Kathryn M. Crain, who did not return as head of the household arts department, was succeeded by Miss Gladys W. Marble of this town. Miss Marble has had much experience in this work.

At the Allen School, Mrs. Elsie A. Tuholski resigned from the fifth grade position and was succeeded by Mrs. Rose B. Delano. Miss Anna M. York was elected to the first grade position. Both Mrs. Delano and Miss York have had many years of experience. Miss Mary E. McCarthy, who was graduated from the Bridgewater Teachers College in June 1945, was elected to teach the extra division of the second grade. Miss Jesse M. Banks resigned from the first grade in December and was succeeded January 2nd by Mrs. Ellen Rucker who has had three and one-half years experience.

PHYSICAL EDUCATION

We have instituted a physical education program for all pupils in grades six through twelve. The objectives are better posture, better co-ordination, stronger bodies, elimination of physical defects, opportunity to know and play more games, and a general improvement in our athletic program. The reports of Miss McNally and Mr. Morey will give a more detailed account of this work. There is no doubt about the great values being derived, even if we do work under some handicaps. Our high school building was not designed to accommodate a physical education program and the playground facilities are just non-existent.

BUILDING PROGRAM AND REPAIRS

During the year the building committee has been active with the result that the building site has been selected, the property purchased, federal funds have been allocated for the drawing of plans for the building, and a number of architects have been interviewed. It is our hope that we may select the architect in the near future. Every member of the committee is extremely anxious to use care and time in planning the building in order that the best possible work may be done. It does not seem possible to do any building in the near future, because materials are not available and the costs are prohibitive. We hope to be ready to submit definite plans and drawings to the town as soon as building conditions warrant such action.

The severe rain and wind storm did much new damage to the addition at the high school. When labor and materials become much better, the town should plan on making some major repairs on that part of the building.

CONCLUSION

I am pleased to have the assistance of a capable Vice-Principal again this year. His report will give a more detailed account of the activities at the high school. I wish to recommend that all the reports of the various department heads be read carefully. The entire teaching force is to be congratulated on their loyalty to the profession during the year. I urge all teachers to continue this loyalty and recommend to the townspeople that they be considerate when economic conditions start to change. The teachers did not receive high pay during the war, neither have they stayed away from work "on strike" as most other employees seem to be doing.

I wish to express my appreciation for the loyal support given by the school committee. You have all attended the meetings faithfully and have given careful consideration to every item of business placed before you.

Sincerely yours,

JOHN H. GOTSCHALL,

Superintendent

REPORT OF THE VICE-PRINCIPAL

Dear Dr. Gotschall:

I herewith submit my first report as Vice-Principal of the East Bridgewater Senior-Junior High School. This report covers the period from September 5, 1945 to December 31, 1945.

The East Bridgewater Senior-Junior High School is providing a program that encourages young people to develop thier minds, increase their knowledge, add to their skill, improve their health, enlarge their friendships, and contribute to the welfare of the community and the nation. While not every pupil has made full use of these opportunities, there has been evidence of a spirit of loyalty to the school and a willingness to cooperate with the faculty. Under these conditions it has been possible to achieve some excellent results.

People naturally associate intellectual development with the work of the school. Reading, study discussion, recitation and examination are designed to add to the store of useful knowledge and to increase ability to think and to express ideas. No one should expect these ends to be reached if the means are neglected, yet some appear to do so. They hope that somehow their marks will be satisfactory in spite of unnecessary absence, neglected study, and forgotten assignments. In so far as this is caused by immaturity, parents and teachers have obvious responsibilities as guides and counsellors.

Proper nutrition has a bearing on the health of young people. Our newly remodelled cafeteria kitchen greatly facilitates the preparation and serving a hot, wholesome, and attractive lunches. Miss Marble reports that about one hundred and forty pupils purchase hot dishes daily and many others buy milk, sandwiches, or desserts.

Many people still consider the School Magazine, Athletics, Physical Education, Band and Dramatics as extra-curricula activities. In my opinion, these activities make up some of the most vital parts of the secondary school program and should rather be considered as a part of the regular work of any good school.

In order to carry out this policy, it has been necessary to lengthen the school day. This new plan went into effect

on January 2, 1946. With every boy and girl in high school taking physical education with the exception of those having doctor's certificates, a full-time program of physical education was inaugurated this year. It might be added that physical education is being taught to the boys and girls of the sixth, seventh, and eighth grades one period per week and they will be just that much more advanced when they enter the senior high school.

The usual fine musical program is being carried out this year under the direction of Mr. Sarkis Kurkjian. The Band will participate in the New England Music Festival which will be held in Gloucester, Massachusetts on May 24th and 25th, 1946. The assembly program includes outside speakers, educational movies, pep assemblies, and pupil-sponsored special assemblies. The dramatic program included a Christmas Pageant produced by members of the junior and senior classes. The senior class is making plans to present a play in the spring of 1946.

The Student's Pen Staff has decided to publish three issues during the present school year. This decision marks a return to pre-war times. The Pen Staff is under the very capable direction of Miss Marlene L. Andrews, Mrs. Mary R. Pimentel, Miss Anne R. McNally, and Miss Angela J. Latorella of the faculty. The student editorial board is headed by William Clemons, Dorothy Ferry, Carol Mason, and Meredith Winsor. Norman Ritchie is the student business manager. The Christmas issue of the Student's Pen continues on the very high level set in previous years.

A Student Council has been organized in the High School with Miss Anne R. McNally and Mr. Stanley B. Goldman as advisers. We believe that the Student Council can be a very valuable organization in the entire school, because of the many ways in which it can improve school morale, and give the pupils opportunities to plan and administer many activities.

The Minstrel Show, the first since 1941, was given two performances before capacity audiences. Much credit is due Mr. Sarkis Kurkjian, Mr. Joseph F. Morey, Miss Isabelle R. Odabashian, and Miss Mary H. Waterman for the time and effort spent in coaching the successful show. Also, a word of thanks to the minstrel show cast for its efforts in performing so well.

Another new and worthwhile organization added to our school is the Junior Classical Club sponsored by Miss Mary Sullivan of the faculty. The Junior Classical League is a nation-wide organization and I am proud that East Bridge-water High School now has an active chapter. The purpose of the club as stated in its charter follows: "The members of the Junior Classical League covenant to hand on the torch of classical civilization in the modern world. They believe an acquaintance with the civilization of Greece and Rome will help them understand and appraise this world of today which is indebted to ancient civilization in its governments, laws, literatures, languages, and arts."

In closing this report, I wish to express sincere thanks to the School Committee for the military leave granted me. For the fine spirit of co-operation of the Superintendent, the faculty, and the student body in helping me to fulfill the duties of my position, I am exceedingly grateful.

Respectfully submitted,

STANLEY B. GOLDMAN,

Vice-Principal.

REPORT OF THE GUIDANCE DIRECTOR

Dear Dr. Gotschall:

I present, herewith, my second report on guidance activities in the Senior High School.

During the year 1945 we have continued the very sound guidance practices that have been operating in the past years. This has included testing and individual counseling to assist students in setting up and achieving their educational and vocational aims. We have dropped the wartime practice of part-time job placement, as the consensus of opinion was that few pupils are able to carry outside work along with the full-time job of achieving satisfactory school records.

Much time was spent in the spring of 1945 in conferring with students and interviewing parents in order that courses of study selected would be satisfactory from the standpoint of both successful completion of high school requirements and preparation for further training and vocations. The guidance office at that time became a center for imparting information to both students and parents.

Commercial guidance institutes have in the past few years over-emphasized the value of so-called psychometric testing and the interview technique in revealing and evaluating individual interests and abilities with a view to using this information in giving vocational guidance. It is our belief that it is a mistake for small high schools to adopt this clinic-like routine in their guidance program. On the other hand, group methods have long been recognized by educational leaders and sociologists as being a superior technique for guiding the high school pupils. It is for this reason that in addition to carrying on the established practices, we have encouraged group activities insofar as

possible. We feel that such group participation has done much to improve not only the individuals taking part, but have also tended to increase the "we-group" feeling of the entire student body.

To coordinate group activities, a student council was organized in September. Members elected to represent the four classes of the Senior High School have been responsible for encouraging and carrying on Student Activities. The following list of projects completed and proposed will indicate the value and success of the group:

1. Assemblies:

A. Commandant Marcel Maillard, French Underground Leader.

B. December 7th—Pep Rally—officially opening the basketball season.

C. January 15th—Mid-Season Rally.

2. Sale of Sachem Head School Insignia.

3. Victory Loan Drive.

4. Publication of the "Blue and Gold Cheer Book"—
To revive the school song "Heart of Dear Old Sachem."

5. Co-sponsoring of Cheerleaders to represent the school at all games.

6. Victory Clothing Drive.

Since the cessation of hostilities, our high school boys of draft age have been able to obtain deferments until graduation. It is our belief that there is a noticeable change in the attitudes of many of our male students toward their high school work. There is more interest in post graduate study and increased interest in better preparation while at high school. Direct contact has been maintained with graduates of the class of 1945 in order that our follow-up

work can be carried on. We have had many requests for information and assistance from graduates who are now desirous of furthering their education. Graduates in the service are making use of the Armed Forces Institute and the Massachusetts Department of Education Correspondence Courses in order to prepare them for college entrance upon their release from service. We are happy to report that every employable graduate in the class of 1945 is either attending an institute of higher learning, serving in the armed forces, or gainfully employed.

May we express our sincere thanks to Dr. Gotschall for his continued support and his ever ready "go ahead" signal, to the School Committee for its cooperation, to the townspeople for their interest in our work.

Respectfully submitted,

ANNE R. McNALLY,
Director of Guidance.

REPORT OF THE MUSIC SUPERVISOR

Dear Dr. Gotschall:

The Music Supervisor wishes to comment on the fact that more than fifty percent of all the students in the High School take part in some form of music activity. This is a high percentage and has been brought about by the active support of the Administration and Faculty.

The Supervisor's program begins in the elementary schools where each grade is visited once a week. At this time any new problem is presented and an assignment is given. The actual drill work for the new material is done during the week by the classroom teachers who have always shown fine enthusiasm and cooperation.

The choral groups in the High School are planned to give the students not only an opportunity to sing, but also to become familiar with secular and sacred music of a high calibre. The girls' chorus has a membership of fifty. During the past year, through the suggestion of the boys themselves, a boys' chorus was started again with twenty-three members who were the "hit of the evening" at the Annual Spring Concert. The group has grown to thirty-three since September and plans for an even bigger and better boys' chorus in the future.

During the past year, the band took part in the various assemblies and exercises of the school. Its members performed admirably at the Spring Concert which was considered by many to be one of the finest in many years. Another interesting event was their performance at a Lawn Party at which time former members of the band and guest conductors were invited to take part. The band is now preparing for participation in the New England Contest Festival and plans to bring home a high rating.

A Minstrel Show, given in the fall under the direction of the Music Supervisor and the valuable assistance of Mr. Stanley B. Goldman and the Faculty, "played to a capacity house" for two evenings. Specialty numbers and the chorus for the Show were made up almost entirely from members of the band majorettes, and choruses who gave many of their after-school hours for its preparation.

Respectfully submitted,

SARKIS KURKJIAN,

Music Supervisor

REPORT OF THE ART DEPARTMENT

Dear Dr. Gotschall:

One aim of the Art Supervisor has been to make children enjoy the beautiful — to feel free to express their ideas by drawing and painting, without self-consciousness and without fear of ridicule. I think this has been accomplished.

A second aim has been to make Art a live subject, tying it up in an interesting way with Social Studies, English, and outside activities. This has been well started. Murals have been painted and colored films taken of the results. There are twenty such. They show activities of Pre-historic man, Egypt, Holland, Greece, the Western Reserve trek, South Western Indians, Mexico, Sachem Rock, Farm Life and Winter Sports. Holiday work has not been neglected and Christmas cards, window illuminations and block printing were carried on.

The High School Class has increased from five to fifteen. Here it is planned to study perspective, water color, poster art, design and modeling. The back drop for the minstrel show and posters for school and community activities have been made by this class.

Your supervisor hopes the enthusiasm shown by the grades will carry on through high school and that the pupils will feel their lives have been enriched by Art.

Respectfully submitted,

ELLA B. HEBBERD,

Supervisor of Art

REPORT OF THE SHOP DEPARTMENT

Dear Dr. Gotschall:

For another year the shop is laboring under difficulties. The materials needed for shop work are either non-existent or impossible to obtain. Good lumber is very hard to find, and that which is obtainable is very expensive. This in itself is a real handicap.

For a general project this year, we are building a new tool room, utilizing the space under the stairs of the boys' entrance. This is a large space and by removing part of a wall, we have been able to make a door way, entering the Shop proper. We are building shelves and cabinets for tools and supplies. A number of useful projects for the school have been completed. This is good practical work, and we hope it will cultivate a little personal interest in the school among the boys.

In line with a previous suggestion, we have been able to have the circular saw rebuilt, and it now does very accurate work. The drill press has been equipped with a new chuck and spindle, and is now in first class condition. The jointer planer is still in the process of rebuilding. Because of the difficulty in getting repair parts, it has taken a long time to put these machines in a safe and accurate condition. However, we do feel that progress has been made. As conditions permit, it would be very desirable to add a shaper and a disk sander to the shop equipment.

This year we are having double Shop periods. This is a real advantage over the old single period, because it enables the boys to really get something done on their projects before the clean-up signal. We work with the idea that each year we will add to and improve the Shop Course, either as to equipment or projects, and by so doing, give each boy a respect for and a desire to be a good Craftsman.

Respectfully submitted,

ROBERT EASTMAN,

Shop Instructor

REPORT OF THE HOME ECONOMICS DEPARTMENT

Dear Dr. Gotschall:

This is a report of the work accomplished by the Home Economics Department during the past four months.

The Cafeteria has been reorganized, both as to arrangement of equipment and the method of serving. This reorganization has made it possible to serve more students in a shorter period of time. We endeavor to serve a balanced, nutritious lunch every day, with as much variety as the present market conditions will permit. The students' response and cooperation has been most gratifying.

The food classes have double periods this year, thus enabling more thorough practice in both the preparation and serving of foods. The aims of the food classes are: good nutrition, food preparation, including basic food principles, and table service and etiquette. Many fundamental rules of cooking have been taught as well as the individual daily food requirements. Each girl works individually, thereby being personally responsible for the product she is preparing. Some practice in cooking in large quantities is given the girls by their preparing dishes to be served in the Cafeteria. Some additional equipment is needed in the foods laboratory.

The clothing classes also have double periods this year. This greatly assists the girls in the amount of work it is possible for them to accomplish. The aims of the clothing classes are to acquaint the girls with the fundamental steps of garment construction, correct usage of the sewing machine and the selection of clothing as to the suitability and attractiveness.

My recommendation for another year is that a complete Home Economics Course be offered. This course including foods, clothing, Household Organization and Management, Home Nursing and Dietetics.

I wish to express my appreciation to Dr. Gotschall and the School Committee for their help and co-operation.

Respectfully submitted,

GLADYS W. MARBLE,
Home Economics Instructor

REPORT ON BOYS' PHYSICAL EDUCATION

Dear Dr. Gotschall:

This year physical education classes were introduced in the Senior-Junior High School curriculum. We began by holding classes for Grades nine through twelve and added Grades seven and eight a bit later. Grade six boys are now participating since the new school hours make it possible to include these boys. Altogether one hundred and forty-seven boys are enjoying the course.

The boys have undergone a physical examination conducted by the school doctor and the school nurse. This examination included check-up on the heart, lungs, eyes, ears, nose, throat, blood pressure and feet. All must be physically fit to participate. Those who cannot participate with unlimited vigor are allowed to do a proportionate part of the activity as their condition permits. Not more than eight are unable to pursue the course.

Facilities are limited to a certain extent. We played and exercised out-of-doors at the "sand bank" beside the

railroad tracks. This necessitated dangerous travel across Bedford Street. A large playground is vitally necessary to a physical education program. Strong Field is too distant for time allotted.

The Objectives of the program are:

A. Physical health and organic vigor

1. General health
2. Muscular strength
3. Speed
4. Co-ordination of mind and muscle
5. Endurance

B. Social traits and qualities of character

1. Initiative
2. Teamwork
3. Leadership and fellowship
4. Aggressiveness
5. Sportsmanlike observance of rules
6. Decisions of constituted authority

C. Recreational Skills

The course of study includes calisthenics, obstacle course running, skipping rope, tumbling, boxing, wrestling, basketball, volleyball, handball, horseshoes, ping pong, softball, and track events. We are slowly accumulating such articles as boxing gloves, handballs, gym "potatoes" and other needed equipment for our program. Mr. Eastman's shop department has helped immeasurably.

The senior high boys have one hour per week participation, the junior high boys approximately one-half hour per week. These time allotments are exclusive of the time allowed for dressing and showering.

This amount of time given per week per boy is in the eyes of leading physical education men only "wishful thinking" as far as obtaining objectives is concerned. Some schools maintain a schedule of at least three hours per week per boy. It is to be hoped that we will progress toward such a goal.

Our gym is not a gym in the strictest sense, but an assembly hall and gym combined. This often results in physical education classes being skipped when seats must be upon the floor for other activities. Also gym equipment such as climbing ropes, etc. cannot be fastened to the ceiling.

The boys' reaction has been favorable. They look forward to the period. From their view-point, it is a break in the traditional school day. I sincerely hope that the idea of a full-time physical education program, taking its rightful place in our educational system, with the view of developing the "whole" child, strong mentally and physically, can be sold to the School Committee and the townspeople of East Bridgewater. If this aim is to be realized, it behooves the townspeople to obtain the outstanding physical necessities — a decent sized gymnasium and an adequate playground.

In closing let me leave this thought. One way to strengthen democracy is to strengthen the bodies, minds, and characters of those who believe in it.

Respectfully submitted,

JOSEPH F. MOREY,

Physical Education Instructor

REPORT ON GIRLS' PHYSICAL EDUCATION

Dear Dr. Gotschall:

The aims of our physical education program for girls are:

1. To evaluate the physical condition of each girl in order to provide for individual differences in eliminating weaknesses.

2. Universal participation by all girls in some activity.
3. Instruction in individual sports to afford an opportunity for the wise use of leisure.
4. Instruction in group activities to develop a sense team play, good sportsmanship.
5. Encouragement of sound hygienic practices.

With the cooperation of the school nurse and physician, a medical examination was given all girls to determine their medical fitness for taking physical education. The examination included a check of heart, lungs, and blood pressure. While this examination was necessarily cursory, it was thorough enough to bring to light certain medical weaknesses. Girls found to have slight impairments are assigned to limited activity. We are happy to report that only a small percentage of the girls fall into this category.

During the early part of October, we administered a very thorough orthopedic examination. This included the examination of and recording of the position of head, shoulders, scapular, vertabrae, and the feet. This examination revealed a need for work on posture. The general posture of the girls in the school is below average. Specific weaknesses were pointed out to pupils individually and advice was given to help them eliminate posture and foot faults.

It should be noted that corrective gymnastics is not given much support by leading physical educators. It is true that in individual cases trained orthopedic specialists can eliminate certain posture defects. It would seem that the adage, "as the twig is bent, the tree's inclined" is more applicable to the problem of posture in public school systems. With the exception of malformations and serious orthopedic defects, posture problems can best be solved through the development of proper habits of standing, sitting, and walking. It is obvious that until a general physical

education program, embracing all grades, can be established, too much progress along this line cannot be expected.

Since October, we have organized physical education in grades seven through twelve. The program includes calisthenics and drill, dancing, games of low organization, and lead-up games for basketball. Our equipment to date provides for a very meager program. While we realize "Rome wasn't built in a day" it is becoming increasingly obvious that unless we can present a more diversified program, the enthusiasm upon which the success of such work depends will be lost.

A girls' basketball team for beginners has been organized. Inadequate allotment of time has interrupted this part of our program. However, it is hoped that the team will soon know enough of the fundamentals to be ready for interscholastic competition. May we note that we strenuously object to the policy of playing girls' teams as preliminaries to boys' varsity competition. The harm done to adolescents by the excitement and strain alone of such contests cannot be estimated. We would prefer the development of afternoon games in which friendly competition and play for the joy of playing rather than winning would be the keynote.

Suggestions:

1. An adequate outdoor play field should be made available to provide for such sports as soccer, softball, archery, tennis, and golf.
2. The girls' shower room is not only inadequate, but unhygienic. More showers than the present four are needed. Each locker is used by three to four girls. Needless to say, such conditions are hardly conducive to the encouragement of good hygiene.
3. In order to fulfill the desire of many pupils, some provision should be made for extra-curricula athletics in the form of a girls' athletic association.

„Respectfully submitted,

ANNE R. McNALLY,
Girls' Physical Education Instructor

REPORT OF THE SCHOOL NURSE

Dear Dr. Gotschall:

In writing this year's report, I will first record the developments that are satisfactory. One was our low rate of contagion, namely, mumps 11; chicken pox 7; and whooping cough 15, indicating a very healthy year. This was partly due to the cooperation of the parents in giving preventive serum as in whooping cough. Also, we were fortunate that in many instances children contracted a disease during a vacation period. Parents as a whole are becoming more conscientious about keeping their own child from exposing others.

This year for the first time we used the new State equipment for eye testing. This tests for three defects instead of one, namely — muscle imbalance, far sightedness, and visual acuity. However parents should realize that this report gives merely a clue to eyestrain. A *specialist* should determine to what extent the eyes are defective. In a number of instances, children had complained of their eyes and yet passed the old method of testing. With this new equipment we have been able to find the reason and direct them to further care. There were 67 defective slips sent home in grades six through twelve: 50 defective slips sent home in grades one through six. I have personally taken eleven pupils to an eye specialist. One of which received care from the School Health Fund which was benefited by the Woman's Club donation.

With the addition of Physical Education in High School as a compulsory subject, every pupil from grade nine through twelve received a physical examination by the school physician in September and early October before they were allowed to participate in strenuous activities. This included blood pressure and the boys examined for hernia. In a few instances we had cases of hernia which have al-

ready been operated on, also, beginning hernias which are being watched. Previously pupils received physicals only as far as the eighth grade. Also, all pupils are required by State Law to have a foot examination each year. Those with defects will be referred to an orthopedic clinic or specialist. This work has doubled the Health program in the high school.

Every pupil in grades one to eight inclusive received a dental inspection by the school dentist. There were 286 defective slips sent home. 170 certificates for good teeth. This is not a record to be proud of. I believe this is due in part to not having a dental clinic for the past two years.

Again in 1945 the Audiometer test was omitted by the State as in previous war years. We are to have it again this year.

For the third successive year, all entering pupils were requested to register at a special clinic in June. There were forty-four pupils registered, weighed, measured and had dental inspection. Thirty-two were examined by the school physician; twelve were to go to their own doctor or to Dr. Morris' office. The school physician; school dentist; Mrs. Keith, the Public Health nurse; and myself all contributed to the success of the clinic.

The consumption of milk in the school has not been as satisfactory as previous years, partly due to the fact that we are no longer able to purchase chocolate flavored milk. A representative of the Hood Company interviewed us and we are to have some educational films in the Spring. Meantime I have given health talks and literature and posters have been distributed. It has been interesting to note that during this epidemic of colds the room with the *highest* record for milk had the *lowest* rate in absences from colds.

At Dr. Morris' suggestion I have tried to start a program in posture work. Lack of time is the only set back. Through the cooperation of the Physical Education Depart-

ment and Dr. Gotschall, we were able to show some excellent posture films to grades three through twelve as an introduction to posture work.

Routine school work was carried on as follows:

School Visits	400
Special Attention including First Aid	1634
Recommended for exclusion and carried home	138
Children taken to School Physician	9
Interviews with Parents	376
Elementary grades weighed and measured in October, February, and May.	
Frequent cleanliness inspections regularly, also inspection for contagion.	

In closing this report I wish to say that the Health Program in the public schools is given excellent co-operation by Dr. Gotschall, Mrs. Murray, and all teachers in town, which adds to the efficiency of the work.

Respectfully submitted,

ELIZABETH H. COCHRANE, R. N.

Substitute School Nurse

Annual Town Meeting 1946

Monday, March 4th, 1946

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs, was held in the Town Hall on Monday, March 4th, 1946, under a warrant issued by the Selectmen dated February 18th, 1946.

The meeting was called to order by Moderator George F. Zwicker. The warrant, with the exception of the articles contained therein, and the Constable's return were read by the Clerk.

Article 1. To hear and act on reports of Town Officers and Committees.

A motion made that the acceptance of reports of Town Officers and Committees, as printed in the Town Report, shall not include the acceptance of the first paragraph on Page 51, as part of the report of the Board of Selectmen, was voted in the negative.

The vote count taken by a show of hands was:
Affirmative, 63 Negative, 78

It was then voted to accept the reports of Town officers and Committees, as printed in the Annual Report.

A unanimous vote.

Article 2. Voted, to adopt the same method for the collection of taxes as used in the previous year.

A unanimous vote.

Article 3. Voted, to raise and appropriate the following sums and for the purposes herein named:

For General Government	\$15,150.00 as follows:
Moderator	\$25.00

Selectmen, Salary	900.00

rebuilding Hudson Street from the Hanson line to the Halifax line.

A unanimous vote.

Article 21. Voted, to raise and appropriate the sum of eighteen hundred dollars (\$1,800.00) for Hydrant Service, this amount of money to be transferred to the **Water Revenue Account**.

A unanimous vote.

Article 22. To see if the Town will vote to lay a 6-inch line up Highland Street from Elm Street a distance of about 1,800 feet and raise and appropriate the sum of forty-three hundred dollars (\$4,300.00) for same.

The following amendments were made to this article and rejected.

To amend the motion by striking out 6-inch and adding the following:

No money shall be expended on this project until a survey of the water system has been made by a competent hydraulic engineer.

The Water Commissioners, with the approval of the Selectmen are authorized to employ said engineer at a cost not to exceed five hundred dollars (\$500.00).

The size pipe recommended by the engineer shall be laid on this project if approved by the Water Commissioners.

It was then voted, to raise and appropriate the sum of forty-three hundred dollars (\$4,300.00) for the purpose of laying a 6-inch line up Highland Street from Elm Street, a distance of about 1,800 feet.

A unanimous vote.

Article 23. Voted, to raise and appropriate the sum of two hundred dollars (\$200.00), to be added to the 1945 appropriation of twelve hundred forty-two dollars

(\$1,242.00) for the completion of laying the water main on lower Central Street.

A unanimous vote.

Article 24. Voted, to raise and appropriate the sum of eight hundred dollars (\$800.00) for the purpose of replacing the present water service through the Spring Street Bridge.

A unanimous vote.

Article 25. To see if the Town will vote to raise and appropriate the sum of twenty-three hundred dollars (\$2,300.00) for the purpose of rebuilding the tennis court at Strong Field and for the placing of a permanent surface on the court.

No action taken.

Article 26. Voted, to raise and appropriate the sum of four hundred dollars (\$400.00) for the purpose of purchasing a power lawn mower by the Park Commissioners.

A unanimous vote.

Article 27. To see if the Town will vote to authorize the placing of an electric light on North Central Street near the residence of Moses Kambegian and raise and appropriate a sum of money for the same.

No action taken.

Article 28. To see if the Town will vote to authorize the placing of two electric lights on Chestnut Street and raise and appropriate a sum of money for same.

Voted, that the Town hereby authorizes the placing of two electric lights on Chestnut Street and to raise and appropriate the sum of Thirty-five dollars (\$35.00) for same.

A unanimous vote.

Article 29. To see if the Town will vote to raise and appropriate a sum of money for the proper observance of Memorial Day and Armistice Day, said funds to be expended under the direction of the Fred Bates Morse Post No. 91, The American Legion, subject to the approval of the selectmen.

Voted, to raise and appropriate the sum of three hundred dollars (\$300.00) for the proper observance of Memorial Day and Armistice Day, said funds to be expended under the direction of the Fred Bates Morse Post, No. 91, The American Legion, subject to the approval of the selectmen.

Appropriation in the budget.

A unanimous vote.

Article 30. To see if the Town will vote to raise and appropriate a sum of money for the purpose of leasing quarters for the Fred Bates Morse Post No. 91, The American Legion.

Voted, to raise and appropriate the sum of two hundred seventy dollars (\$270.00 for the purpose of leasing quarters for the Fred Bates Morse Post No. 91, The American Legion.

Appropriation in the budget.

A unanimous vote.

Article 31. To hear the report of the School Building Committee acting under vote passed under Article 2 of the Town Meeting held on September 4, 1941, and to take any action relative thereto.

A motion made that the School Building Committee be increased to eleven members was voted in the negative.

The following report of this committee was read by Attorney John B. Thorndike:

The committee was instructed by a Special Town Meeting held on September 4, 1941, "to make a study of

the needs for a new elementary school building and have prepared suggested plans and specifications for a new elementary school building to be presented at a special town meeting to be held at some future date or at the annual town meeting in 1942, and that the Moderator be and hereby is authorized to name citizens to fill any vacancy or vacancies which may exist on the said building committee from time to time”.

Following these instructions, the committee held three more meetings in 1941 to discuss plans for the new building. When war was declared in December, 1941, everyone realized that we would have to abandon the building program for the duration. Early in 1945 conditions seemed to indicate that the committee should again become active. Through conferences with the school committee, it was decided in a general way that the site to be recommended should be near the center of the town. The committee viewed all lots near the center considered suitable, with the result that the Calliendo property has been purchased as the building site.

The building committee applied to the Federal Government for a grant of money to be used in preparation of plans and specifications for the erection of the building. This grant has been approved by the government and is obtainable by the town.

The committee has discussed the type and size of building it would recommend, together with the furnishing to be included. The school committee and the elementary teachers have been asked to give their suggestions. The committee has spent two days visiting buildings recommended by the State Department of Education and by four of the five different firms of architects which have been interviewed to date.

The committee makes the following recommendations:

1. That the town build a two-story sixteen classroom building with a cafeteria, playroom, and audi-

torium in the basement. Note: Because of the topography of the land, one side of the basement can have full length windows and doorways which will not require any steps at the places of exit.

2. That the town vote to accept a federal loan or grant of \$7,000.00 to be used for the preparation of plans and specifications for the proposed building.

3. That the committee be authorized to continue its study, engage an architect, and have plans and specifications drawn and prepared.

Michael J. McCarthy, Chairman	Alton Hurlburt
John H. Gotschall, Clerk	Edmund Nutter
Glen Churchill	John B. Thorndike
Edna Whitmore	

Voted, that the Town hereby accepts the mimeographed report of the School Building Committee, and authorizes the committee to proceed with plans and specifications and to report at some future town meeting.

A unanimous vote.

Article 32. Voted, that the School Building Committee is hereby authorized to accept an advance of the sum of seven thousand dollars (\$7,000.00) in the name of the Town of East Bridgewater from the United States Federal Works Agency, Bureau of Community Facilities, to be used for the purpose of partial payment of plans and specifications for an elementary school building and notwithstanding any previous vote passed relative to the time when the committee might make its report, that the committee is hereby authorized to make its report at any future town meeting.

A unanimous vote.

Article 33. To see if the Town will vote to raise and appropriate a sum of money to be used for the purpose of defraying expenses by the School Building Committee.

Voted, to raise and appropriate the sum of two hundred

dollars (\$200.00) to be used for the purpose of defraying the expenses incurred by the School Building Committee.

A unanimous vote.

Article 34. To see if the Town will vote to raise and appropriate a sum of money for the purpose of making repairs to the Public Library building.

Voted, to raise and appropriate the sum of eleven hundred dollars (\$1,100.00) for the purpose of making repairs to the Public Library building.

A unanimous vote.

Article 35. Voted, to raise and appropriate the sum of one hundred dollars (\$100.00) for the purpose of purchasing supplies and care of the Service Roll of residents of the town who served in the Armed Forces in World War II and authorize that the appropriation be expended under the direction of the Trustees of the Public Library.

A unanimous vote.

Article 36. To see if the Town will gravel and oil, also seal coat Crescent Street, from Washington Street to Cedar Street and raise and appropriate the sum of four thousand dollars (\$4,000.00 for same

By request

Article 36. The following motions were made and voted in the negative:

That this article be laid on the table until the next annual town meeting and the moderator appoint a committee of five, who acting with the highway surveyor, shall investigate the condition of all gravel roads in town.

They shall recommend the order in which said roads should be hard surfaced, to render the most benefit to the town for the money expended.

Their report shall be printed in the next annual report, and they shall cause an article to be inserted in the warrant

calling for the appropriation of sufficient money to hard surface the amount of road they recommend improving in 1947.

It was then voted, that the Town gravel and oil, also seal coat Crescent Street, from Washington Street to Cedar Street and raise and appropriate the sum of four thousand dollars (\$4,000.00) for same.

A unanimous vote.

Article 37. To see if the Town will vote to raise and appropriate the sum of nine hundred dollars (\$900.00) to continue the water main on Chestnut Street, from the residence of Laurence Bouldry to the residence of Charles Bouldry. The distance of 600 feet.

No action.

Article 38. To see if the Town will vote to raise and appropriate a sum of money for a welcome home celebration for returned veterans of World War II.

A motion that the Town raise and appropriate the sum of one thousand dollars (\$1,000.00) for a welcome home celebration for returned veterans of World War II and that a committee of five members be appointed with Michael J. McCarthy, chairman, and said Mr. McCarthy to appoint the other four members, veterans of World War I was voted in the negative.

Article 39. To see if the Town will vote to accept the provisions of Chapter 723, Acts of 1945, being an act to authorize the establishment and maintenance of municipal departments and of districts for furnishing information, advice and assistance to veterans of World War II or other veterans or take any action relative thereto.

No action taken.

Article 40. Voted, that the Town rescind all previous votes regarding the election of the Collector of Taxes and to substitute the following: that the Collector of Taxes shall

be elected for a term of three years beginning with the Annual Election in 1947.

A unanimous vote.

Article 41. Voted, that the Town rescind all votes now in effect regarding the term of office of members of the Board of Public Welfare, and to substitute the following: That the term of office of members of the Board of Public Welfare shall be for a period of three years, provided that at the annual election in 1947, the election shall be as follows: One member for three years, one member for two years, one member for one year and at each annual election thereafter, one member shall be elected for three yars.

A unanimous vote.

At 10:40 P. M. it was voted to adjourn until Saturday morning at 7:00 A. M. for the election of Town Officers.

A true record; Attest,

GEORGE J. FRAHAR,

Town Clerk

ANNUAL TOWN ELECTION

Saturday, March 11, 1946

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Town Hall on Saturday, March 11, 1946, under a warrant issued by the Selectmen and dated February 18, 1946, to give in their votes for the election of Town Officers.

Penalty and instruction cards were posted. All other requirements of the law were observed and the polls declared open at 7:00 A. M. by Moderator George F. Zwicker.

Two sealed boxes, said to contain twenty-one hundred ballots were delivered to the ballot clerks and a receipt obtained therefor by the Town Clerk.

Upon inspection the ballot box was found empty and registered zero. It was then locked. The keys were delivered to Constable Wilrose LaBelle, who had previously been sworn to the faithful performance of his duties.

The following Ballot Clerks and Tellers were sworn to the faithful performance of their duties by the Town Clerk:

TELLERS

Gwendolyn Barker	Margaret Kenneally	Barbara Washburn
Constance Marvill	Elizabeth Weichel	Evelyn McKenney
Hannah Stetson	Elizabeth Campbell	Alice Farrell
Ralph H. Keith	S. Elizabeth O'Brien	Pearl MacNeill
Herbert Thorndike, Jr.		

BALLOT CLERKS

Margaret Timmons	Marion Dunbar	Barbara Donahue
Anna R. Silva	Edith C. Paine	Louise Hoyt
Mae Foley	Alice Humble	

The total number of votes cast was eight hundred ninety (890) which included one voting certificate. Four

hundred eighty-seven (487) men's and four hundred three (403) women's names were checked on the voting list as having voted. Eight absentee ballots were included in this number.

Twelve hundred ten (1,210) unused ballots were returned after the closing of the polls.

The polls were officially declared closed at 6:00 P. M. Upon completing the tabulations these were the results:

SPECIAL TOWN MEETING

Monday, August 26, 1946

East Bridgewater Sr. Jr. High School Auditorium

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in Election and Town Affairs, was held in the Sr. Jr. High School Auditorium, on Monday, August 26, 1946 at 8:00 P. M.

The meeting was called to order by the Moderator. The warrant with the exception of the articles contained therein, and the Constable's return were read by the Town Clerk.

Article 2 was then taken up and acted upon. Selectman William C. Paulson questioned whether any more money could be appropriated under the By-Laws of the Town without the necessary quorum of one hundred fifty voters being present. By ruling of the Town Counsel, Robert E. McCarthy, it was declared legal to continue with any article dealing with less than an appropriation of \$1,000.00

Accordingly Articles 3, 7 and 13 were then acted upon. At 8:25 a recess of 30 minutes was declared for the purpose of securing additional voters to make the necessary quorum of 150 voters before continuing with the meeting. A vote count being taken showed one hundred forty-five voters present. As additional voters entered a quorum was declared and the following action was taken under articles in the Warrant:

Article 1. Voted, that the Town raise and appropriate the sum of three thousand seven hundred dollars and twenty cents (\$3,700.20) to install 1400 feet of 6-inch pipe on Chestnut St., and to meet said appropriation that a transfer of the sum of three thousand seven hundred dollars and twenty cents from available funds in the treasury is authorized.

A unanimous vote.

Article 2. Voted, that the Town raise and appropriate the sum of eight hundred nine dollars and thirty-six cents (\$809.36) to continue the 2-inch pipe on West Union St., a distance of about 300 feet, and to meet said appropriation that a transfer of \$809.36 from available funds in the treasury is authorized.

A unanimous vote.

Article 3. Voted, that the Town raise and appropriate the sum of nine hundred twenty-seven dollars and fifty cents (\$927.50) to purchase a road sweeper and that to meet said appropriation a transfer of the sum of \$927.50 from the Machinery Rental Account is authorized.

A unanimous vote.

Article 4. Voted, that the Town raise and appropriate the sum of four hundred sixty-five dollars and fifty cents (\$465.50) to pay part of the cost of repairing the road roller, and that to meet said appropriation a transfer of \$465.50 from the Machinery Rental Account is authorized.

A unanimous vote.

Article 5. Voted, that the Town raise and appropriate the sum of five hundred dollars (\$500.00) for care and hire of the public dump, and that to meet said appropriation a transfer of \$500.00 from available funds in the treasury is authorized.

A unanimous vote.

Article 6. Voted, that the Town hereby authorizes the Board of Selectmen to invite bids on the buildings on the Calliendo property and the Eastville School Building, and to sell same to any satisfactory bidder.

A unanimous vote.

Article 7. Voted, that the Town hereby accepts the legacy under the will of the late Joseph H. Strong, the income to be used for the care and maintenance of Strong Field by the Park Commissioners.

A unanimous vote.

Article 8. Voted, that the Town raise and appropriate the sum of four hundred fifty dollars (\$450.00) to be added to the appropriation of the Park Department and to meet

said appropriation that the transfer of \$450.00 from available funds in the treasury is authorized.

A unanimous vote.

Article 9. Voted, that the Town appropriate the sum of five thousand dollars (\$5,000.00) for the purpose of having plans and specifications for a new grade school building prepared by the School Building Committee, said sum to be used by said committee in conjunction with any federal funds received or to be received and that to meet the appropriation herein made, that the transfer of the sum of five thousand dollars from the insurance received on the Allen School is authorized.

A unanimous vote.

Article 10. Voted, that the Town place in reserve any money received by the town as insurance adjustment or payment on account of the Allen School fire attributable to the building on July 4, 1946, not heretofore appropriated, and that such fund shall be held subject to appropriation for the erection of a new grade school building.

A unanimous vote.

Article 11. Voted, that the Town place in reserve the unexpended balance in the Allen School Repair Account, in the amount of twelve thousand six hundred nineteen dollars and fifty-seven cents (\$12,619.57) and that said fund shall be held subject to appropriation for the erection of a new grade school building.

A unanimous vote.

Article 12. Voted, that the Town raise and appropriate the sum of five thousand dollars (\$5,000.00) to be added to the appropriation of the school department and that to meet said appropriation a transfer of the sum of four thousand five hundred ninety-four dollars and sixty-two cents (\$4,594.62) from the contents received from the Allen School

fire and a transfer of four hundred five dollars and thirty-eight cents (\$405.38) from available funds in the treasury is authorized.

A unanimous vote.

Article 13. Voted, that the Town raise and appropriate the sum of two hundred dollars (\$200.00) to be added to the appropriation of the Veterans Service Committee and that to meet said appropriation a transfer of two hundred dollars (\$200.00) from available funds in the treasury is authorized.

A unanimous vote.

Article 14. Voted, that the Town raise and appropriate the sum of three thousand five hundred dollars (\$3,500.00) to install 1150 feet of 6-inch pipe on Spring St., and to meet said appropriation that a transfer of the sum of three thousand five hundred dollars from available funds in the treasury is authorized.

A unanimous vote.

It was voted to adjourn at 9:20 P. M.

A true Record; Attest

GEORGE J. FRAHAR,
Town Clerk

STATE ELECTION

November 5th, 1946

Sr., Jr. High School Auditorium

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in Elections and Town Affairs, was held in the Jr. Sr. High School auditorium on Tuesday, November 5, 1946, under a warrant issued by the Selectmen and dated October 25, 1946.

The warrant and the Constable's return were read by the Town Clerk. Specimen ballots, penalty and instruction cards, and booklets of information to voters were posted as required by law.

The following ballot clerks were sworn in by the Town Clerk:

Republicans
Marion Dunbar
Louise Hoyt
Edythe Paine
Florence Willis

Democrats
Ida D. Currie
Barbara Donahue
Marion Oakley
Margaret Timmons

Three sealed boxes said to contain twenty-three hundred eighty-two ballots were delivered to the presiding officer at the polls and a receipt obtained therefor.

The ballot box was inspected by the Election Officers and found to be empty. It registered 0000. It was then locked and the key delivered to Constable Clinton Spinney, who retained it until all ballots were removed from the box at the close of the polls.

The polls were declared ready for voting at 8:00 A. M. The absentee ballots together with the applications filed with the Town Clerk, were examined and found to be in order with the exception of one ballot which was rejected.

At 3:00 P. M. these Tellers were sworn to the faithful performance of their duties.

Republicans
Ralph H. Keith
Mildred Craig
Pearl MacNeill
Elizabeth Campbell
Hannah Stetson
Audie Woodworth
Thelma Drew
Dorothy G. White
Alice M. Swanson

Democrats
Herbert C. Thorndike
Ruth Matthews
S. Elizabeth O'Brien
Mae H. Foley
Constance Marvill
Evelyn McKenney
Anna Silva
Margaret Kenneally
Margaret V. Bates

Counting was ordered to commence at 3:15 P. M. After the closing of the polls at 8:00 P. M., the absentee ballots were cast separately announcing each name at the check lists on entering and at the ballot box. Eight official Absentee ballots were cast, five women's and three men's

The check list at the entrance and at the ballot box checked with the reading at the ballot box, namely: thirteen hundred seventy-six which included one voting certificate issued by the Board of Registrars.

When the tabulation of votes was completed the results were announced as follows:

Recount of Votes For the Office of Lieutenant-Governor

Selectmen's Room, Town Office, December 10, 1946

A recount of votes for the office of Lieutenant-Governor was held in the Selectmen's Room, Town Office, December 10, 1946 by the Board of Registrars. All ballots and records of the election officers at the State Election were transmitted to the Board by the Town Clerk.

Mr. Justin B. Hall, Assistant Registrar and Miss Margaret Kenneally assisted by order of the board.

Mr. Glen Churchill and Edwin M. Drukenbrod represented Arthur Coolidge and Paul A. Dever respectively.

At 3:00 P. M. the final result was announced as follows:

Arthur W. Coolidge, Nine hundred eighty-six	986
Paul A. Dever, Three hundred fifty-three	353
Francis A. Votano, Three	3
Blanks, Twenty-eight	28
Total	1,376

By the recount Arthur W. Coolidge gained one vote and Paul A. Dever received one less.

A certificate of the result was signed by members of the board.

The ballots were resealed and returned to the custody of the Town Clerk.

A true record, Attest:

GEORGE J. FRAHAR,
Town Clerk

Recount of Votes for the Office of State Auditor

Selectmen's Room, Town Office, December 12, 1946

A recount of votes for the office of State Auditor was held in the Selectmen's Room, Town Office, December 12, 1946, by the Board of Registrars. All ballots and records of the election officers at the State Election were transmitted to the board.

Mr. Justin B. Hall, Assistant Registrar and Miss Margaret Kenneally assisted by order of the board.

Mr. Glen Churchill and Edwin M. Drukenbrod represented Russell A. Wood and Thomas J. Buckley respectively.

Russell A. Wood, Nine hundred forty-six	946
Pearl J. McGlynn, Ten	10
Francis Semino, Five	5
Blanks	36
Total	1,376

Russell A. Wood gained one vote leaving thirty-six blanks instead of a previous 37.

A certificate of the result was signed by members of the board.

All ballots were resealed and returned to the custody of the Town Clerk

A true record, Attest:

GEORGE J. FRAHAR,
Town Clerk

SPECIAL TOWN MEETING

December 19, 1946, Jr. Sr. High School Auditorium

Junior-Senior High School Auditorium

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs was held in the Junior-Senior High School Auditorium Thursday, December 19, 1946 at 8:00 P. M., under a warrant issued by the Board of Selectmen and dated December 10, 1946.

The meeting was called to order by the Moderator. The Warrant and the Constable's Return were read by the Town Clerk.

The following action was taken under the articles in the warrant:

Article 1. The following report of the Selectmen was read by Chairman Glen Churchill:

East Bridgewater Mass., November 6, 1946

We, the undersigned, Selectmen of the Town of East Bridgewater, having heretofore adjudged and determined that the public convenience and necessity required that Hillcrest Road from Murray Road to Metzler Road and Murray Road from Plymouth Street to Hillcrest Road and Metzler Road from Washington Street to Bixby Drive and Hubbard Road from Hillcrest Road to Bixby Drive and Davenport Road from Hillcrest Road to Bixby Drive, should be laid out and located as town ways as hereinafter described, having decreed our intention to so lay out and locate said ways as aforesaid, did subsequently give written notice of our intention to lay out and locate said Hillcrest Road from Murray Road to Metzler Road from Plymouth Street to Hillcrest Road and Metzler Road from Washington Street to Bixby Drive and Hubbard Road from Hillcrest Road to Bixby Drive and Davenport Road from Hillcrest Road to Bixby Drive, as aforesaid as town ways, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday, November 4,

1946, at eight p. m., and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon Thomas and Mary Melton, Frank Brison, Horace Collamore, Alberta E. Conrad, Winifred Bailey, William F. Joyce, Jr., Dorothy Lewis, William B. and Grace G. Bovill, Alice R. Soars, Albert H. and Helen Muggah, Nils E. and Mildred Lundberg, Robert Lundberg, Antoinette Dost, William and Beatrice C. Diamond, Oswald Trudeau, George and Ida Gelinas, Miles A. Herrold, Ella Loud, Clinton Whitney, Ivanall Cunningham, Henry Graham, Joseph B. Grossman, Irene R. Voish, Carl G. Anderson, Oscar A. Moody, Marchel and Frances Latlip, William Wiercinski, Clarence B. and Beulah W. Drake, Waldemar and Lydia Hoglund, Burton McAllister, William and Cora Smith, John and Helen McCarthy, Napoleon Blanchard, Albert Curtis, Frank and Sadie Morgan, George A. and Jennie Levangie, Charles and Lida Sisson, Carl T. and Agnes Anderson, Harold E. Sherman and Earl H. Johnson, Harold E. Sherman, Clarence Wyman, Arthur Frank, Joseph V. B. Grover, William Keyes, Jean White, Clara Gilbert, Melbourne Beals, Francis and Alexcena Morin, Alta P. Atwood, Lawrence Grover, Carl H. Johnson, Leon and Evangeline Nelson, Mary Sheehan, George and Elizabeth Lidback, Donald B. Mower, Earl A. and Julia A. Bigelow, Gustave Nelson, Walter Benoit, Evelyn Costello, William Maskell, Florence R. Sullivan, Thomas Reilly; being all the parties known to us **who may** be interested in the subject matter and gave notice to them and to all other persons and corporations if any who may be interested in the subject matter whose names are not known to us by posting up true and attested copies of such notices in three public places in this town seven days at least before the day appointed for said hearing and by publishing in the Brockton Enterprise-Times seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place therein appointed for said hearing and heard the remarks and objections of all persons, if any, who desired to be heard, and having therefor viewed and examined the route of said

ways as hereinafter described we do hereby adjudge and determine that the public convenience, necessity and safety require that said ways be laid out and located as town ways as aforesaid and as hereinafter described, and we do hereby so lay out and locate said ways as town ways according to the several boundaries, measurements, and grades thereof, as hereinafter described.

The land over which said ways is hereby laid out and located as aforesaid, and which is hereby taken therefor, is described as follows:

HILLCREST ROAD

Beginning at a point on the westerly side of Hillcrest Road where the same intersects the Southerly side line of Murray Road; thence running North $01^{\circ} 43'$ East by Murray Road and land now or formerly of Lawrence Grover thirty-seven and $16/100$ (37.16) feet; thence North $28^{\circ} 01'$ East along the Westerly side line of Hillcrest Road by land now or formerly of Lawrence Grover, Davenport Road, Oscar A. Moody and Hubbard Road five hundred and one and $92/100$ (501.92) feet; thence North 19° East by land now or formerly of Nils E. and Mildred Lundberg one hundred ninety-two and $13/100$ feet; thence South $56^{\circ} 17'$ East by Metzler Road thirty-one and $2/100$ (31.02) feet; thence South 19 West along the Easterly side line of Hillcrest Road by land now or formerly of George and Ida Gelinas one hundred eighty-six and $62/100$ (186.62) feet; thence South $28^{\circ} 01'$ West along the easterly side line of Hillcrest Road by Hubbard Road and land now or formerly of George and Ida Gelinas, Marchel and Frances Latlip, Davenport Road, Carl T. and Agnes Anderson, William Keyes, and Murray Road four hundred ninety-seven and $28/100$ (497.28) feet; thence South $01^{\circ} 43'$ West by Murray Road thirty and $16/100$ (30.16) feet; thence North $88^{\circ} 17'$ West by Hillcrest Road thirty (30) feet to the point of beginning.

MURRAY ROAD

Beginning at a point on the Northerly side of Murray Road where the same intersects the Easterly side line of Plymouth Street at a point one hundred eighteen and 72/100 (118.72) feet South from the county bound on Plymouth Street; thence running South $88^{\circ} 17'$ east along the Northerly side line of Murray Road by land now or formerly of Carl H. Johnson, Harold E. Sherman and Earl H. Johnson, Clarence Wyman, Arthur Frank, Crosby Road, and Lawrence Grover eight hundred thirty-one and 62/100 (831.62) feet; thence South $01^{\circ} 43'$ West by Hillcrest Road thirty (30) feet; thence North $88^{\circ} 17'$ West along the Southerly side line of Murray Road by land now or formerly of Clara Gilbert, Melbourne Beales, Francis X. and Alexina Morin, Crosby Road and Alta P. Atwood eight hundred twenty-five and 14/100 (825.14) feet; thence North $10^{\circ} 27'$ West by Plymouth Street thirty and 70/100 (30.70) feet to the point of beginning.

METZLER ROAD

Beginning at a point on the Northerly side of Metzler Road where the same intersects the Easterly side line of Washington Street; thence running South $77^{\circ} 24'$ East along the Northerly side line of said Metzler Road by land now or formerly of Thomas Reilly, Antoinette Dost, John and Helen McCarthy and Crosby Road five hundred forty and 10/100 feet; thence South $88^{\circ} 17'$ east by land now or formerly of Thomas Reilly, William B. and Grace G. Bovill, Alice R. Soars, Antoinette Dost, William and Beatrice C. Diamond, and Oswald Trudeau five hundred sixty-six and 11/100 (566.11) feet; thence South $56^{\circ} 17'$ East by Hillcrest Road and land now or formerly of Thomas Reilly, Lydiana Recreation Field, Albert Curtis, Ella Loud, Clinton Whitney, Town of East Bridgewater, Ivanall Cunningham, four hundred forty-nine and 81/100 (449.81) feet; thence South $33^{\circ} 43'$ West by Bixby Drive thirty (30) feet; thence North $56^{\circ} 17'$ West along the Southerly side of Metzler Road by land now or formerly of Frank and Sadie Morgan, Joseph B. Grossman, Henry Graham, Miles A. Herrold, George and

Ida Gelinas three hundred ninety and 80/100 (390.80) feet; thence on a curved line R-15.43 by land now or formerly of George and Ida Gelinas twenty-eight and 20/100 (28.20) feet; thence North $56^{\circ} 17'$ West by Hillcrest Road thirty-one and 2/100 feet; thence on a curved line R-14.72 by land now or formerly of Nils E. and Mildred Lundberg twenty-seven and 57/100 (27.57) feet; thence North $88^{\circ} 17'$ West along the Southerly side line of Metzler Road by land now or formerly of Nils E. and Mildred Lundberg, Robert Lundberg, Albert H. and Helen Muggah, Napoleon Blanchard, William F. Joyce, Jr. five hundred and forty (540) feet; thence North $77^{\circ} 24'$ West along the Southerly side line of Metzler Road by Crosby Road and land now or formerly of Thomas Reilly, Winifred Bailey, Alberta E. Conrad, William and Cora Smith, Frank Brison, Thomas and Mary Melton five hundred thirty-nine (539) feet; thence North $4^{\circ} 56'$ East by Washington Street thirty and 27/100 (30.27) feet to the point of beginning.

HUBBARD ROAD

Beginning at a point on the Northeasterly side of Hubbard Road where the same intersects the Southerly side line of Hillcrest Road; thence running South $56^{\circ} 17'$ East along the Northeasterly side line of Hubbard Road by land now or formerly of Leon and Evangeline Nelson, Mary Sheehan, George Lidback et ux, Donald B. Mower, Earl A. and Julia A. Bigelow, three hundred fifty-eight (358) feet; thence South $33^{\circ} 43'$ West by Bixby Drive thirty (30) feet; thence North $56^{\circ} 17'$ West along the Southwesterly side line of Hubbard Road by land now or formerly of Evelyn Costello, William Maskell, Florence R. Sullivan, and George and Ida Gelinas three hundred fifty-five (355) feet; thence North $28^{\circ} 01'$ East by Hillcrest Road thirty and 15/100 (30.15) feet to the point of beginning.

DAVENPORT ROAD

Beginning at a point on the Northeasterly side of Davenport Road where the same intersects the Southerly side

line of Hillcrest Road; thence South $56^{\circ} 17'$ East along the Northeasterly side line of Davenport Road by **land now or** formerly of Marchel and Frances Latlip, William Wiercinski, Clarence B. and Beulah W. Drake, Waldemar and Lydia Hoglund, three hundred and thirty-five and $5/100$ (335.05) feet; thence South $8^{\circ} 35'$ West by Bixby Drive thirty-three and $14/100$ (33.14) feet; thence North $56^{\circ} 17'$ West along the Southwesterly side line of Davenport Road by **land now or** formerly of George A. and Jennie Levangie, Charles and Lida Sisson, Carl T. and Agnes Anderson three hundred twenty-three and $81/100$ feet; thence North $88^{\circ} 17'$ West by land now or formerly of Carl T. and Agnes Anderson twenty-four and $77/100$ (24.77) feet; thence North $28^{\circ} 01'$ East by Hillcrest Road forty-three and $34/100$ (43.34) feet to the point of beginning.

For a further identification of this description, location and grade, reference is hereby made to plans entitled "Plan of Hillcrest Road from Murray Road to Metzler Road, Town of East Bridgewater," "Murray Road from Washington Street to Hillcrest Road, Town of East Bridgewater," "Metzler Road from Washington Street to Hillcrest Road, Town of East Bridgewater," "Metzler Road from Hillcrest Road to Bixby Drive, Town of East Bridgewater," "**Hubbard** Road from Hillcrest Road to Bixby Drive, Town of East Bridgewater." "Davenport Road from Hillcrest Road to Bixby Drive, Town of East Bridgewater," dated July 30, 1946, drawn by Hayward-Hayward, Surveyors, approved by us, verified by our signatures and adopted as and made a part of this report, which plans are recorded in the Office of the Town Clerk of said Town of East Bridgewater.

The grades of said streets as hereby laid out and established are shown on said plans and use as **a base the** elevation of the county bound located on Plymouth Street one hundred eighteen and $72/100$ (118.72) feet North of the intersection of the Northerly side line of Murray Road with the Easterly side line of Plymouth Street one hundred one and $35/100$ (101.35) feet.

This order and laying out and locating of said Hillcrest

Road, Murray Road, Metzler Road, Hubbard Road, and Davenport Road is made under the provisions of law authorizing the assessments of betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages as herein-after stated and we take the land of the following persons :

We give the owners of land taken for the laying out and locating of said ways fourteen days from the acceptance thereof by the Town of East Bridgewater in which to take off and remove all trees, fences and buildings and other property which may obstruct the building of said ways.

Said ways so laid out and located as aforesaid are hereby reported to the town for its acceptance, and when so accepted and allowed shall become and be known as Hill-

crest Road, Murray Road, Metzler Road, Hubbard Road, and Davenport Road as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk of East Bridgewater.

Given under our hands at East Bridgewater this sixth day of November, 1946.

GLEN CHURCHILL

WM. C. PAULSON

CLARENCE E. ANDERSON

Selectmen of East Bridgewater

Voted, to accept and allow said laying out and locating of said ways, as aforesaid, to be known as Hillcrest Road, and Davenport Road, respectively with the several boundaries, measurements, and grades thereof, all as shown by the report and plan on file in the Office of the Town Clerk as read and exhibited at this meeting and to authorize the Selectmen to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out.

A unanimous vote.

Article 2. Voted, that the Town hereby authorizes the Board of Selectmen to advertise and sell at public sale the land and buildings known as the Eastville School Property.

A unanimous vote.

Article 3. Voted, that the Town hereby authorizes the transfer of two hundred dollars (\$200.00) from the Assessors' Expense Account to the Assessors' Salary Account.

A unanimous vote.

Article 4. Voted to raise and appropriate the sum of one thousand dollars (\$1,000.00) for Water Department Maintenance Account and to meet said appropriation, a transfer of one thousand dollars (\$1,000.00) from available funds in the treasury is authorized, said amount to be restored to available funds in the treasury from Water

Department Revenue received from sales of water made in 1946.

A unanimous vote.

Article 5. Voted, that the Town hereby authorizes the transfer of four hundred dollars (\$400.00) from the State Guard Account to the Miscellaneous Government Account.

A unanimous vote.

It was voted to adjourn at 8:45 P. M.

A true Record: Attest

GEORGE J. FRAHAR,
Town Clerk.

SPECIAL TOWN MEETING

Selectmen's Room, Town Office, December 27, 1946
7.30 P. M.

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs was held in the Selectmen's Room Town Office on Friday, December 27, 1946 at 7:30 P. M. under a warrant issued by the Selectmen and dated December 18, 1946.

The meeting was called to order by the Moderator at 7:30 P. M. The warrant and the Constable's return were read by the Town Clerk.

Action taken under the articles in the Warrant was as follows:

Article 1. Voted, that the Town hereby authorizes the transfer of seven hundred dollars (\$700.00) from the Water Main. Elm St., Account to the Water Department Maintenance Account.

A unanimous vote.

Article 2. Voted, that the Town hereby authorizes the transfer of three hundred dollars (\$300.00) from the Water Department Surplus Account to the Water Department Maintenance Account.

A unanimous vote.

Article 3. Voted, to raise and appropriate the sum of three hundred dollars (\$300.00) for the Tree Warden Account and that to meet said appropriation, a transfer of three hundred dollars (\$300.00) from available funds in the treasury is authorized.

A unanimous vote.

Article 4. Voted, that the Town will take by eminent domain for the use of the public library a right of way of Roger Bates and Margaret V. Bates over the Public Library lot and also a parcel of land owned by Roger Bates and Margaret V. Bates in the rear of and joining the Public Library lot containing about two thousand seventy square feet and bounded and described as follows: Beginning at the stone bound at the Northwest corner of the present Public Library lot; thence by land of Richard Whitmarsh North $18^{\circ} 48'$ West 41 feet; thence by other land of said Roger and Margaret V. Bates North $72^{\circ} 33'$ East 45 feet; thence still by land of said Roger and Margaret V. Bates South $33^{\circ} 38'$ East 43 feet to the said Public Library lot South $72^{\circ} 33'$ west 56 feet to the point of beginning; and that a transfer of twenty-five (\$25.00) dollars from available funds in the treasury is authorized for land damages.

A unanimous vote.

Article 5. Voted, that the Town will sell to Roger Bates and Margaret V. Bates for the sum of twenty-five dollars (\$25.00) a strip of land from the east side of the public library lot containing about four hundred seventy-three square feet and bounded and described as follows: Beginning at the iron pipe now marking the Southeast corner of the public library lot on the North side of Union Street; thence by land of said Roger and Margaret V.

Bates North 16° 42' West 104.88 feet to a stone bound at the Northeast corner of said lot; thence still by land of said Roger and Margaret V. Bates South 72° 33' West 9 feet; thence by the remainder of the public library lot South 21° 37' East about 105 feet to the first bounds.

A unanimous vote.

It was voted to adjourn at 7:45 P. M.

A true Record; Attest

GERGE J. FRAHAR,
Town Clerk.

YOUR ATTENTION IS CALLED TO THE FOLLOWING

The object of printing the registration of births, marriages, and deaths is to afford opportunity for corrections of errors and omissions. If any be noted, notice should be immediately sent to the Town Clerk, in writing, giving the correct facts, that the records may be perfected for the current year.

Parents, within forty days after the birth of a child, and everyhouseholder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.

GEORGE J. FRAHAR,

Town Clerk

LESTER R. FISHER, JR.
Auditor

Report of Board of Selectmen

The 1946 legislature adopted an act requiring the establishment of a Veterans' Service Department and the appointment of a Director who shall be a veteran to head the department. Mr. W. Earle Dougherty, a veteran of World War I was appointed as Director. A small appropriation was asked for at a special town meeting to provide for a salary of \$25.00 per month for the balance of 1946. Starting with 1947 a number of changes will become effective regarding payments made for soldiers' relief and benefits. If the requirements laid down by the State are met a substantial portion of the payments made for veterans' benefits will be reimbursed by the State. It is the belief of the Board of Selectmen that, in order to qualify, the Veterans' Service Department must be established on a full time basis and an office maintained for the department. The use of the Selectmen's room has been granted for this purpose and the salary of the Director was set at \$2,000 per year from January 1, 1947. The town has approximately 600 veterans eligible for veterans' benefits and as members of a veteran's family are also eligible for certain benefits the possible growth of the department is substantial.

The disastrous fire which destroyed the Allen School in July required the School Committee to secure temporary quarters for school purposes before the opening of the schools in September. Upon request of the School Committee the use of the Town Hall was authorized.

A settlement was made with the fire insurance companies for the full amount of the insurance namely \$30,254 on the building and \$4,594.62 on the contents. By vote of a special town meeting the insurance received on the contents was transferred to the school appropriation for use in replacing the supplies lost and \$5,000 was transferred to be used in converting the Town Hall for school purposes. The balance of \$25,254 remains in a special deposit to be applied on the cost of the new school building. A contract was

made whereby the remains of the Allen School were to be removed without cost to the Town, all salvage materials with the exception of undamaged toilet facilities to become the property of the contractor Bernard L. Dame of Whitman.

Sealed bids were advertised for, looking to the removal of the buildings on the Calliando property. A high bid of \$835.00 from Bernard L. Dame for the house and barn was accepted calling for all material to be removed from the premises. The small shed was retained on request of the School Building Committee.

During the year the Eastville school property was turned over to the Board of Selectmen for disposal. Due to the difficulty in establishing a clear title to the land considerable delay was encountered but the Board felt it worth while to look up the old records so that the property could be sold in its entirety. The property was sold at public sale on December 28th for \$2,000. We feel that if the building alone had been sold to be removed from the lot a much smaller sum would have been realized.

A substantial improvement was made in the highway system with the building of the new bridge on Spring Street under a Chapter 90 appropriation. The original cost estimate of the engineers was found to be too high and the excess funds were used to build about 900 feet of new road. Before the road was built a six inch water main was installed by the Water Department.

The increasing demands made on the Police Department are a matter which must be given consideration by the Town before long. The Board authorized the employment by the Police Department of an officer to patrol the central area at night during the summer months. A number of robberies had been made in Brockton and diagrams found by the Brockton Police indicated that robberies had been planned in surrounding towns.

Repeated requests have been received for traffic protection for the Elmwood School children many of whom must cross the dangerous intersection of routes 18 and 106.

At the present time the school custodian has been hired for traffic duty at the necessary hours, but we feel it should be handled by a police officer with authority to take action against traffic violations. The Town requires the services of a full time police officer and we recommend it for consideration.

Conditions at the Town dump made it necessary to employ a caretaker during the year at \$20.00 per week. A sufficient appropriation is requested in the budget to continue this program. In a short period of two or three weeks the careless dumping blocked all access to the dump and a bulldozer was needed to push the refuse over the bank. The fire department was called out for dump fires on a number of occasions and the lessor became so dissatisfied with the conditions that immediate action had to be taken. A bulldozer was again hired to pile the refuse in its proper place and a caretaker hired to keep it in order. Since that time no more calls have been made on the fire department and the dump presents an orderly appearance at all times.

In accordance with a vote at the bi-ennial State election the Town is to have a retirement system for all town employees. The system will start to operate in July and an appropriation of \$1,000 is to be asked for at the annual meeting at the suggestion of the County Treasurer. No estimate can be made at this time of the probable cost when the plan is in operation.

At a special Town Meeting the Town voted to accept certain roads in the Robin's Pond area as public ways. A considerable amount of taxable property is contained in the area and the Board acted on this matter on the request of the property owners who petitioned for the acceptance some time ago.

Three new members were appointed to the Finance Board to fill vacancies caused by resignations. We feel that the Finance Board is most important, particularly in view of the serious financial problems facing our Town. In addition to the increased costs in all departments, a heavy

bonded debt must be incurred to build a new school when conditions permit.

Under the leadership of Chairman Leland, the Finance Board is requiring all departments to stand a careful examination of their expenditures. Several meetings with the Board of Selectmen have been scheduled subsequent to the writing of this report and the final budget figures will not be known for some weeks. We earnestly request the support of their recommendations by the Town Meeting. The current financial condition of the Town is the best for many years, but higher costs make an increase in the 1947 tax rate appear inevitable. The size of the increase will depend upon the care exercised by the voters at the annual Town Meeting.

The following collections were made during 1946 and paid to the Town Treasurer:

38 Pistol permits @ .50	\$19.00
12 Gas and Oil Licenses @ \$2.00	24.00
8 Common Victuallers' Licenses @ \$2.00	16.00
4 Slaughterers' Licenses @ \$1.00	4.00
12 Lord's Day Licenses @ \$5.00	60.00
3 Sunday Malt Licenses @ \$2.00	6.00
7 Second Class Used Car Licenses @ \$10.00	70.00
2 Third Class Used Car Licenses @ \$2.00	4.00
2 Package Store Licenses @ \$200.00	400.00
2 All Alcoholic Restaurant Licenses @ \$300.00	600.00
8 Miscellaneous Licenses	9.50
Rent Calliendo Property	240.00
Insurance Refund, Calliendo	3.56
	\$1,456.06

The cooperation of all town departments in working with the Selectmen has been gratifying and greatly appreciated.

GLEN CHURCHILL, Chairman
 WILLIAM C. PAULSON,
 CLARENCE E. ANDERSON

Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for their departments for the year 1946.

GENERAL RELIEF

9 cases consisting of 13 persons were aided in this category of relief at a total expense of \$2,433.60. 6 of these cases were aided in their homes, 2 cases were boarded and 1 was a Rest Home case.

There were 7 cases having an East Bridgewater settlement residing in other towns for which these towns were reimbursed in the amount of \$2,066.06.

There were 7 active cases at the beginning of the year and during the year 2 new cases were added and 4 cases were closed, leaving 5 active cases at the end of the year.

The town was reimbursed from the Commonwealth, \$1,045.15 and from other cities and towns, \$131.00.

AID TO DEPENDENT CHILDREN

There were 6 cases consisting of 21 persons on the A. D. C. Rolls, January 1, 1946 and at the end of the year, 5 cases made up of 17 persons were being aided. 2 cases were added and 3 closed, making a total of 8 cases of 27 persons aided during the year. These 8 cases received \$5,752.98 in cash and in addition received \$415.12 for medical care, \$96.20 for hospitalization, \$138.00 for dental work and \$45.00 for glasses.

The town was reimbursed \$1,361.19 by Federal Grants and \$2,190.68 by the Commonwealth.

OLD AGE ASSISTANCE

There were 30 new applications for Old Age Assistance received during the year. Twenty-six of these were ap-

proved and 3 were found ineligible and one application pending at the close of the year. 101 persons received assistance during the year. There were 75 active cases, January 1 and 77 cases at the end of the year, 24 cases being closed during the year. These 101 persons received cash grants of \$34,471.05 and in addition were allowed \$4,574.41 for medical care, \$164.00 dental care and \$51.50 for services of opticians, \$252.00 for nursing services and \$464.00 for hospitalization and ambulance service. \$478.51 was expended for Post Mortem payments.

There were 22 East Bridgewater cases residing in other towns for which these towns were reimbursed \$1,916.16. \$16,436.05 was received from Federal funds. \$16,593.61 from the Commonwealth and \$1,036.50 from other towns.

GLEN CHURCHILL,

MAUD R. ESTES,

PRESCOTT WASHBURN

Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1946.

During this year the department responded to 89 calls, 17 district and 23 still or telephone calls and 49 grass or wood fires.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one International, one 500-gallon Trailer Pump, one 500-gallon Skid Pump.

At the Elmwood Station there is a Seagraves Triple combination Truck of 500-gallon capacity.

The Department has 5,000 feet of 2½ in. double jacket hose and 1,400 feet of 1½ in. double jacket hose.

Report of the Inspector of Animals

January 27, 1947

To the Board of Selectment and
Citizens of East Bridgewater:

In the past year, I have quarantined twelve dogs, reported for dog bites. None showed symptoms of rabies.

1502 head of interstate beef cattle came in for immediate slaughter, and six shipments of interstate dairy cattle have been inspected and released.

All barns where cattle were condemned for tuberculosis were inspected and disinfection of the premises has been approved by the state authorities.

Respectfully submitted,

HARRY W. KINGMAN, M.D.V.,
Inspector of Animals

Report of the Chief of Police

I wish to conclude this report by thanking the Townspeople, Board of Selectmen, Telephone Operators, Regular Police Officers and the Special Police Officers for their kind assistance during the past year.

MYRON H. HAYDEN,
Chief of Police,
East Bridgewater,
Massachusetts.

Report of the Board of Health

January 4, 1947

During the year 1946 there were regular monthly inspections made of restaurants, bars and soda fountains. The standard of sanitation in these establishments is very good, and cooperation has been shown by all concerned.

Complaints were investigated, inspections of nuisances made and acted upon. Dead animals on public highways were buried. Inspections were made of public swimming facilities during the season. Analysis of milk sold in Town by all dealers was made four times during the year.

Contagious diseases were handled promptly, two patients were admitted to Plymouth County Hospital at South Hanson.

During the calendar year the Board collected the sum of \$1,168.15 from fees charged slaughter houses in Town, this money turned in to Town treasurer as collected.

A Town ordinance was passed to prohibit sale of raw milk, except Certified Raw after June 1, 1947. Extension of time was to allow any milk dealers not so equipped to install necessary pasteurization plant.

Respectfully submitted,

D. B. BANNERMAN, M.D.,
Chairman

CLINTON SMITH,
PUTNAM STEELE, Clerk

Librarian's Report

To the Board of Trustees of the
East Bridgewater Public Library:

If it were possible to choose a time to make an annual report, mid-year would give the most interesting picture. In September, the children's room is in party dress for the Vacation Reading Club, the summer patrons are coming in the library to say good-bye, and old friends of the library are looking over the book lists with a thought of long winter evenings ahead. The schools are open and pupils and teachers use the library as their own.

As the months go by, our program for adults is strengthened. Churches, clubs and organizations come for suggestions in working out programs, many groups and committees hold meetings in the library, and veterans come with questions that vary from basic classrooms problems to building and maintaining a home. By December 31, we are at the peak of our year's work and it is always a little difficult to realize that statistics must be compiled and plans formulated for another year.

If the figures only in this report are taken as the gauge of the library's usefulness, it would appear that the library functioned with customary procedure and with little progress. Examined carefully, however, the figures present a picture of the enlarged place the library occupies in the town and what lies ahead for it to accomplish in the future.

BOOKS LENT FOR HOME USE

International relations had a strong bearing on the use of books in both fiction and non-fiction. In the adult department books on the subject of post war employment and housing were in much demand. There was a marked increase in the use of books on philosophy, social problems and government.

Of the 61,431 books lent for home use during the year, 37,886 were from the adult department and 23,545 were from the junior department. The circulation of books was 15.3 per capita.

JUNIOR DEPARTMENT

Books for state certificates were read and reported on throughout the year and a Vacation Reading Club was conducted during the summer. Books to be read were selected by the Children's Librarian from the State Reading List compiled by specialists in the field under the direction of the Division of Public Libraries of the Massachusetts Department of Education. Story hours were continued and through interesting displays boys and girls were stimulated to read books on currently important subjects such as tolerance and inter-cultural relations.

The division of the duties in work with young people has made a richer library program for the children in town. Mrs. Esther Moorhouse is in charge of the work with children from pre-school age through the eighth grade, and Mrs. Grace Eastman is the high school reference librarian.

BOOKS BORROWED

Through inter-library loan service it was possible to borrow 75 books not owned by the library. In addition to these requested books, collections of books in Italian and Portuguese were borrowed for three month periods.

BUILDING IMPROVEMENTS

The library building was repointed, the brick work cleaned and a coat of linseed oil was applied. A new, waterproof tile floor was laid in the vestibule, and window sills, doors and ventilator were painted. This work was made possible under a special appropriation.

THE TOWN SERVICE ROLL

The Town Service Roll of all who entered the service in World War II is still being maintained as the state of emer-

gency has not been legally terminated. During 1946, 40 names were added. Since the first resident entered the service a record has been kept of each person which is completed at the time of his discharge.

SERVICE OUTSIDE OUR WALLS

Not so many years ago, it was the custom for the librarian to sit and wait for the public to come to the library, but today the librarian goes outside the walls to tell the public about the library. Staff members gave book reviews during the year and on June 6 entertained the Old Colony Library Club. This was made possible by the courtesy of the School Department in granting us the use of the High School auditorium.

The library staff has membership in the Old Colony Library Club, the Massachusetts Library Association, and the American Library Association. The librarian is vice-president of the Massachusetts Library Association.

GIFTS

During the year we have accepted with grateful appreciation gifts of books, magazines, clippings, newspapers, and flowers. A beautiful bookplate was designed for the Charles F. Mann Collection and was presented to the library by Mrs. Leon E. Keith.

STATISTICS

The library was open 303 days—60 hours a week during school months, and 30 hours a week during July and August.

61,431 volumes were lent for home and school use. The junior department circulated 23,545 books.

The library received 5 magazines and 2 newspapers by gift and purchased 65 magazines.

On December 31, 1946, the library contained 17,170 volumes: this year 64 were added by gift and 600 were added by purchase.

Respectfully submitted,

ETHEL B. CHANDLER,

Librarian

Report of State Auditor

April 8, 1946

To the Board of Selectmen,
Mr. Glen Churchill, Chairman,
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1945, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts

TNW:CAH

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporation and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1945, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by comparison with the books kept by the accounting officer. The recorded receipts were compared with

the treasurer's books and with the records of the several departments collecting money for the town or committing bills for collection. The records of disbursements were checked with the treasury warrants and with the payments as shown by the treasurer's books.

The general and appropriation ledgers were analyzed, the appropriations and transfers as recorded were checked with town clerk's record of town meetings and with the records of the finance committee, the necessary adjusting entries resulting from the audit of the several departments were made, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1945.

The books and accounts in the treasurer's office were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which money was collected for the town, and with the other sources from which money was paid into the town treasury. The disbursements were checked with the warrants authorizing the treasurer to disburse town funds.

The footings of the cash book were verified, and the cash balance on March 6, 1946 was proved by actual count of the cash in the office and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The payments on account of debt and interest were verified by comparison with the amount falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles and tax possessions held by the town were examined and listed. The taxes transferred by the collector were proved, the reported redemptions and

sales were checked with the treasurer's receipts, and the outstanding accounts were listed and proved.

The books and accounts of the town collector were examined and checked in detail. The tax, departmental, and water accounts outstanding according to the previous examination and the subsequent commitments were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective controlling accounts in the ledger.

The outstanding tax, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, town clerk, and the health department were examined and checked, and the payments to the State and to the town treasurer were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures, and of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's receipts and the records of the accounting officer.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, co-operation was received from all the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

18 Handles	2000 Feet Snow Fence
12 Short Handled Square Shovels	10 Snow Ploughs
3 Long Handled Square Shovels	6 Sidewalks Ploughs
8 Short Handled Round Shovels	76 Snow Shovels
2 Crow Bars	1 Set of Blades for each Plough
4 Iron Rakes	1 Power Sand Spreader
6 Wooden Rakes	1 Conant Sand Loader
1 Large Hoe	20 Tons Half-Inch Stone
4 Pitch Forks	(Estimate)
6 Stone Forks	400 Gallons of Tar for Cold Patch
20 Lanterns	1 New Street Broom
	1 Ton Calcium Chloride

The following is a brief summary of work done in 1946:

STREET OILING

Allen Street.

Central St., the East end from Wash. St. to Hanson line.

East Street from Elmwood to the Bridgewater line.

Cottage Street from East Street to Bedford Street.

Belmont Street from the West Bridgewater line to Richard's Corner to where we left off in 1945.

Summer Street from Pleasant Street through Beaver to Elm Street.

Washington Street to the Hanson line.

Cedar Street from Central Street to the South Hanson line.

Crescent Street was graveled and oil penetrated.

Pond Street—Sealcoated from Plymouth Street to the Halifax line.

Bridge Street from Chestnut Street to the so-called Bridge.

Hudson Street from the Hanson line to the Halifax line was graveled and oil penetrated as voted at the annual Town Meeting in 1946.

SIDEWALKS

The greater part of the appropriation for sidewalks was spent on Plymouth Street from the drive of Mrs. Edward Hobart to the Carver Cotton Gin Co. Plant.

Work was completed in the cement sidewalk and curb on the westerly side of Bedford Street from Fred Bates Morse Square to Union Street in the fall.

CHAPTER 90 HIGHWAY MAINTENANCE

All money appropriated for Chapter 90 Highway Maintenance was utilized in building the new Spring Street Bridge.

SNOW REMOVAL

Snow removal presented no problem this year. Sanding was our main difficulty. All plows and equipment are now in first class condition.

RECOMMENDATIONS FOR 1947

Water Street Bridge — Iron girders and re-inforced cement slabs.

Seal Coating for the following streets:

Harvard Street, Winter Street, Pine Street, Highland Street, parts of Summer Street, and parts of Bridge and Pond Streets.

For a detailed account of expenditures for this department see the auditor's report.

In conclusion, I wish to thank the Board of Selectmen, the Finance Board, and the Voters of the Town of East Bridgewater for the co-operation given to me in 1946.

Respectfully submitted,

ADAM McCORDICK,
Highway Surveyor

Report of Tree Warden

To the Citizens of the Town East Bridgewater:

During the year 1946 this Department has removed many trees that were in poor condition and could not be saved by tree surgery. Yet with the many trees that have been treated and pruned they are coming back and have shown a decided improvement.

The large elm trees throughout the town have been sprayed as usual and it appears that we have the elm tree beetle under control.

There is however a great deal of work to be done to our trees in so far as trimming is concerned as in many places there are limbs hanging too low over the highway and in some places the limbs hang over too close to the wires.

The following is the expenditure of the amount appropriated.

Appropriation		\$2,000.00
Transfer		800.00
		\$2,800.00
Labor	\$1,702.40	
Use of team	710.00	
Supplies	279.20	
	\$2,691.60	
Unexpended Balance	108.40	
	\$2,800.00	

Respectfully submitted,

EDMUND D. KENNEALLY,
Tree Warden

Report of Moth Superintendent

To the Honorable Board of Selectmen:

Gentlemen:

The town has been canvassed for the control of the Gypsy Moth. The outlying districts are still badly infested and this department is giving a great deal of attention to such areas in order to completely control this type of pest.

During November and December each year a crew of men are painting egg clusters on the trees throughout the entire town and in this way it is possible to decrease the growth of moths each year.

This department is always glad to hear from any of the citizens when large infested areas are discovered and the area reported will be given special attention.

Appropriation		\$2,000.00
Labor	\$1,420.15	
Use of Teams	400.00	
Equipment	84.37	
Supplies and Insecticide	93.20	
	\$1,997.72	
Unexpended Balance	2.28	
	\$2,000.00	

Respectfully submitted,

EDMUND D. KENNEALLY,
Moth Superintendent

Report of Park Commissioner

Parks and Playground:

Appropriation	\$500.00
Transfers from Reserve	100.00
Transfers from Available Funds	450.00
	\$1,050.00

Expended:

Labor and Material	\$384.54
Christmas Tree	111.45
All other	359.95
	\$855.94
Unexpended Balance	194.06
	\$1,050.00

Purchase of Power Lawn Mower:

Appropriation	\$400.00
Unexpended Balance	\$400.00

RALPH CONNOR, Chairman
 THOMAS E. O'BRIEN, Clerk
 MAXWELL PEARSON

Report of the Department of Veterans' Service

The Dept. of Veterans' Services was created on July 1st 1946, taking over the duties of Soldiers' Relief Agent, and coordinating other Services to the Veteran and his dependents.

Among the duties of the Director are:

Receiving all applications for Veterans' Benefits and investigating the needs and qualifications of the claimant as required by the Commissioner of Veterans' Services.

Furnishing such advice and assistance to the Veteran or his dependents as will enable him to procure the benefits to which he may be entitled, regarding employment, vocational or other educational opportunities, medical care, hospitalization, pensions and other Veterans' Benefits.

The Department also records and certifies discharges, furnishes photo-static copies, and assists the Veteran in making application for Terminal Leave pay and State Bonus.

The office was open only two evenings each week until January 1st, 1947 when it became necessary to have a full time Director of Veterans' Services. The office is located in the Selectmen's rooms and is open each day and Monday evenings.

It is hoped that all Veterans will avail themselves of the services offered in order to make full use of their rights and privileges as defined by Statute.

Respectfully submitted,

W. EARLE DOUGHERTY,

Director

Report of World War II Memorial Committee

World War II Memorial Committee was authorized by vote under Article 17 at the Town Meeting, March 4, 1946.

The committee appointed by the moderator met at the Public Library on May 15, 1946. At that time, it was decided to contact all World War II veterans through a form letter, which offered suggestions as to a future World War II Memorial and asked for suggestions other than those mentioned. Twenty-eight written and thirty-five verbal replies were received, the large majority of them favoring a Public Auditorium with recreational facilities.

On July 31, 1946 a meeting was held and it was decided to send more letters to veterans making a total of three hundred fifty letters mailed. At a meeting December 4, 1946, it was voted to send letters to Fred Bates Morse Post, A. L., No. 91 and to East Bridgewater veterans of World War II of the Veterans of Foreign Wars Post in Bridgewater inviting them to send representatives to confer with the committee at a meeting on January 9, 1947.

The Committee met on January 9, 1947 with representatives of the Fred Bates Morse Post, A. L., No. 91. The Legion representatives expressed the opinion, that in the event a building is erected quarters should be provided for patriotic organizations. The committee in agreement expressed the opinion, that when or if a building is erected, space should be provided for veterans quarters and with room for town offices, realizing however, that with the present school-building program no building could be started until sometime in the future.

The committee presents this report of progress and is ready to receive suggestions from townspeople, who are interested in World War II Memorial.

Respectfully, submitted

9th Co. 25th Infantry, Massachusetts State Guard

To the Board of Selectmen,
Town of East Bridgewater.

After over four years of service, the 9th Co., 25th. M.S.G. have disbanded, effective Oct. 31, 1946, by order of the Adjutant General. The company was organized on July 29, 1942 and since that time one hundred and six (106) men have served with the company. Of this number sixty-five members have left to enter the Federal Service, and one was killed in action on the European front. During the service of the company it has been mobilized several times for emergency work, and saw active duty in both hurricanes, the Sharon fire, and while in training at Camp O'Connor, Framingham, Mass. In August, 1945, it was one of the companies ordered out by Governor Tobin, in the search for little Judy Gegan who was lost in Marshfield, and later found washed up on the beach at Wollaston. Also this past summer it was mobilized for the Cape fire. All 1st and 2nd Lts. and enlisted men have been given their honorable discharge certificates. All Federal and State Property has been shipped back to the supply depot, and all Town property has been returned to the Board of Selectmen, all bills have been paid, and no outstanding bills now remain against the Town, or the 9th Co., 25th Inf., M.S.G. The men who served with the 9th Co. deserve a lot of credit for their voluntary service for the past four and one half years to the State, Town, and County. Their service was given without pay. These men gave two nights a week and ten days in training at an army camp each summer, of their time. They spent money from their own pocket, used their cars, and asked nothing in return. Whenever an order was received to mobilize the company, these men turned out one hundred percent. And they were trained and ready for any duty they might be called on to perform. As Commanding Officer of the 9th Co., 25th Inf., I commend each and every man

under my command for a duty well performed. During the service of the 9th Co. we had the honor of receiving several commendations, and at our last federal inspection, the honor of having Gov. Maurice Tobin pay us a surprise visit. In leaving the service of the State, the Board of Selectmen have received a certificate of merit signed by Gov. Maurice Tobin expressing appreciation for the meritorious service rendered by the company. I want to take the opportunity at this time to thank the Board of Selectmen, the Police Department, and the citizens of the Town of East Bridge-water, for the fine cooperation we received during our four and one-half years of service.

LEON B. WILLIS,
Capt., Inf, Mass. S.G.

Report of School Building Committee

During the year of 1946, the Committee held eleven meetings at which time considerable progress was made. Acting in accordance with a vote passed at the annual town meeting in 1946, the Committee has proceeded with the study to have plans and specifications for a new grade school building prepared to present at some future town meeting. The Perry, Shaw and Hepburn Firm of Architects in Boston was selected to serve as the architects for the new building. Under their guidance, the land has been surveyed and test borings have been made to establish the fact that the land is suitable for building purposes.

The Committee carefully considered the type of building desired and used every known method to assist in the planning. A number of schools suggested by the State Department of Education were visited. All the elementary teachers were asked to give their suggestions and a considerable amount of literature dealing with elementary schools was read and considered. All our ideas were submitted to the architects for their guidance in the drawing of plans.

Preliminary sketches and plans were drawn and presented to the Committee for their consideration. After some study, it was decided to place them on display in the window of a local insurance company. A number of good suggestions and comments were received from this public presentation. The School Committee also inspected and discussed the plans.

The essential features include, 16 classrooms, a large kindergarten room, an assembly hall suitable for school use, a cafeteria for the preparation of school lunches to be used in connection with the assembly hall, medical suites with quarters for the school nurse, school physician and school dentist and the necessary administrative offices.

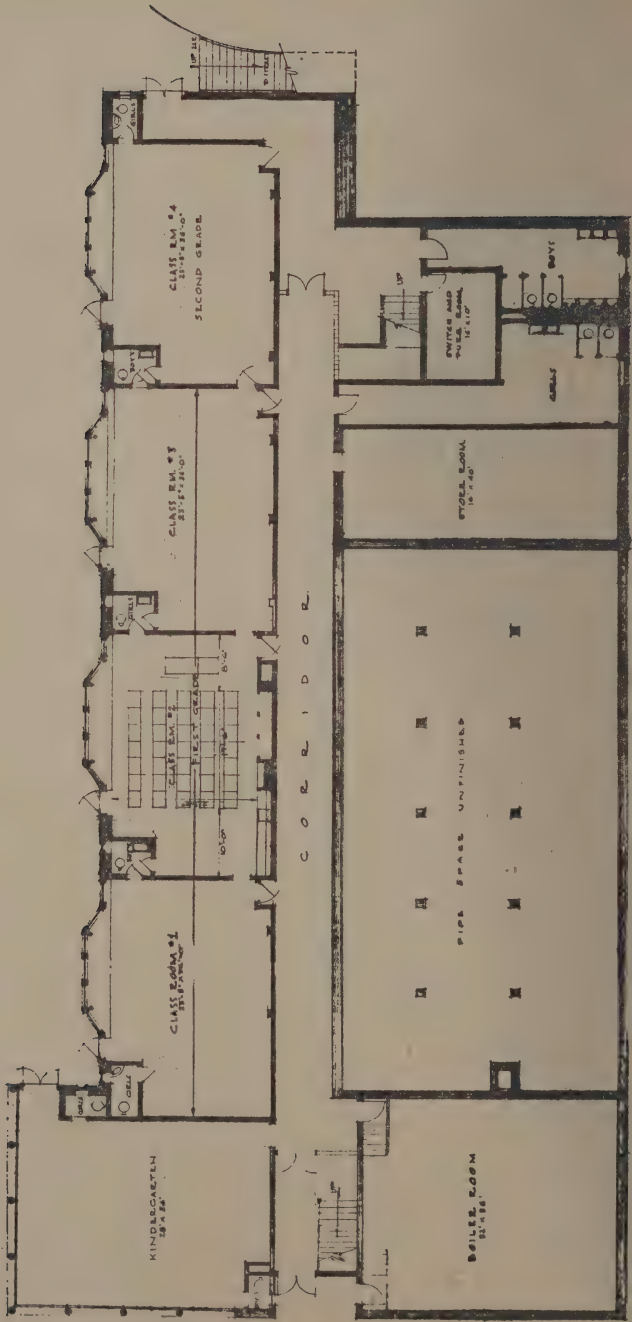

The Committee is asking the Selectmen to place sketches of the floor plans in the annual town report in order that all our citizens may have an opportunity to learn more about the plan of the building.

While this does not appear to be a suitable time to construct the building, the Committee believes that we should do everything possible by way of preparation in order to be ready when the right time comes. We believe the plans should be completed and that finances should be set at this time in order to reduce the financial load when the time for construction comes.

Report of the Superintendent of Schools

To the School Committee and Citizens of East Bridgewater :

My ninth annual report as superintendent of schools is submitted for your consideration. The year 1946 presented this department with many problems which varied greatly in scope ; however, I do not believe the children have suffered as a result.

ALLEN SCHOOL FIRE

The greatest single obstacle to overcome was the loss of the Allen School by fire on the morning of July 4th. The building was a complete loss in-so-far as any future housing of school children was concerned. The School Committee and Selectmen made certain agreements whereby the Town Hall could be used for school purposes and the High School Assembly Hall could be used for Town Meetings.

It was necessary to renovate the Town Hall considerably to make it suitable for school purposes. By starting to work seriously on this problem by July 10th, we were able to have the building ready for occupancy when school started September 4th.

All our school furniture, books, and supplies were burned, making it necessary to place orders for new equipment. Not all of this material was received by the opening of school, but enough was obtained to make it possible to open as planned.

While we in the School Department are thankful for the facility with which we were able to handle our housing problem, we would not want anyone to get the mistaken idea that the Town Hall represents a satisfactory school building or that our housing of grades four, five, and six at the high school is satisfactory. These appeared to be the best make-shift arrangements we could contrive in the time available. We wish to invite all the citizens to visit the Town Hall School to see the conditions there.

SOME HIGH SCHOOL PROBLEMS

Here, the greatest problem is caused by lack of space inside and outside of the building. There doesn't appear to be anything that can be done about the conditions inside the building until such time as more housing facilities can be provided. The crowded condition outside of the building can be overcome by the purchase of land from the Tony Appledorn Estate. I recommend that the Town purchase this land at the earliest possible moment. Because of its ready access to the school building, this land can be used for play purposes and also for physical education exercises. At present, we find it necessary to take these classes approximately one-quarter of a mile from the building to have outside exercise.

We have always had trouble with water leakage in the addition at the high school. We think we have found the answer to the problem this past summer. When the building was built, the copper flashing was nailed to the roofing boards with galvanized nails then a tar surface was placed over the top. When we flooded the roof, we found the places where the leaks were occurring and started to make the necessary repairs. We found that the galvanized nails had been eaten away by chemical reaction and that the flashing needed to be renailed with copper nails. This was done on all the roof of the addition and we haven't had any water come through since. I hope I won't have to make an apologetic report on this problem at the end of 1947.

Since we believe we have found the answer to the leakage problem, we shall undertake to re-plaster and repaint some of the classrooms in 1947. We have been following some good advice in postponing this work until we could correct the troubles outside the building.

THE ELEMENTARY BUILDING PROGRAM

The Building Committee has appointed the firm of Perry, Shaw and Hepburn of Boston as the architects for the construction of the new elementary school. The school lot has been surveyed and test borings have been made. The

architects have drawn preliminary plans of the proposed building. These plans have been discussed with the Building Committee and have been on display for two weeks in the windows of the Edson Insurance Office. We hope that building conditions may make it feasible to build in the near future.

THE LUNCH PROGRAM

We have investigated the desirability of applying for permission to participate in the Community School Lunch Program which is sponsored by the Massachusetts Departments of Education and Public Welfare and supported by the United States Department of Agriculture. We found the objectives of the program were: 1. To encourage increased consumption of foods in temporary abundance and to aid American farmers in the long-term development of better domestic markets for agricultural commodities. 2. To assist local communities in the development, maintenance, operation, and expansion of programs providing adequate lunches to children in schools, in order to strengthen the nutritional status of the Nation's children.

The School Committee has authorized the Superintendent to apply for permission to participate in the program, and a favorable reply has been received from the Department. During the month of December, we participated, thereby receiving aid on all hot lunches served and all milk sold in the schools. Along with this food assistance, there is available some non-food assistance which is given to help provide facilities for serving hot lunches. We have applied for funds to equip the lunch program at the Town Hall School and have received approval of our application. We hope to be able to start serving hot lunches there soon after school opens in January.

OUR TESTING PROGRAM

As a part of our guidance program, we have done considerable testing in 1946. The present ninth and eleventh grades have been tested by the Boston University Special Testing Service. The ninth grade was tested in May to de-

termine more accurately the wisest choice of high school program. The eleventh grade was tested in October to indicate special interests, skills, aptitudes, and abilities of the students. The members of the Junior Class, their parents, members of the School Committee, and the faculty held a meeting at which time the results of the tests were given. Those parents who attended had an opportunity to confer with Professor Thacker who presented the test results. The individual counselling work will be done by Miss Anne R. McNally, our Guidance Director.

I believe that I would be missing an opportunity if I did not divulge some of the results of the tests. Our eleventh grade is decidedly above the average eleventh grade in New England and somewhat above the similar grade in the nation as a whole. The part that pleases me most is the fact that the class is very much above normal in their ability to do problem work in arithmetic. This ability proves that our schools are doing good work in reading and in the arithmetic processes.

During the year our school department was selected as one of 256 in the Nation to cooperate with the World Book Publishing Company in the revision of the Metropolitan Achievement Test. In May, we gave the Pintner General Ability test from which the I. Q. of each child was obtained. This information was used in connection with the Metropolitan tests which were given in October. The results of these tests give further indication that our schools are entirely up to standard or above it. We have just completed a survey of the last two graduating classes and find that over half of these former students are either continuing their education or are now in active military service. We are happy to have eight veterans return to our school, five as post graduates and three as undergraduates.

PERSONNEL

We were unusually fortunate this past year in having only three faculty changes. Mrs. Mary R. Pimental, a teacher of English in grades VIII, IX, and X, resigned be-

cause her husband returned from service. Her position was filled by the appointment of Mrs. Audrey E. Scheffler of Bridgewater. Mrs. Scheffler graduated from Pembroke College, Brown University and did one year of teacher training work at Bridgewater Teachers College. She has had nine years experience.

Miss Angela J. Latorella, teacher of commercial subjects, resigned to be married. Her place was taken by Miss Grace M. Dunn who graduated from Boston University and has had five years of teaching experience.

Miss Mabel W. Ballentine who taught grades III, IV, and V at the Elmwood School resigned to take a more lucrative position in Connecticut. We were fortunate in obtaining Miss Clara R. Pallatroni to fill this position. She is a graduate of Bridgewater Teachers College and has had four years experience.

We are glad to welcome back Mr. Emery S. Loud and Miss Ruth G. Evans. Mr. Loud has been in service for three and one-half years and is now acting as Vice Principal of the Senior High School and teaching three classes. Miss Evans has been absent from her nursing duties the past two years to care for her mother who was ill.

CONCLUSION

It wish to thank the teachers for their loyalty during the year. The success of the school system depends largely on the energy which the teachers are willing to exert. It has been a pleasure to work with the Committee in the solution of all problems pertaining to the schools. I hope the year 1947 may be as pleasant as the past year has been.

Sincerely yours,

JOHN H. GOTSCHALL
Superintendent

REPORT OF THE VICE PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Dr. Gotschall:

May I submit my first report as Vice Principal of the East Bridgewater Senior High School for the period January 20, 1946 to December 31, 1946.

Our problems during the year have multiplied due to the disastrous fire of last July. There has been, however, such a spirit of friendliness and cooperation on behalf of both students and faculty that these problems have been reduced to a minimum. In spite of facilities taxed to the limit, we have had a busy and productive year.

Cessation of hostilities has brought back to us seven veterans, four as undergraduates and three doing post-graduate work. The work and attitude of these returning young men has been excellent and a source of inspiration to the remainder of the student body.

Current living demands a background in the physical and biological sciences greater than ever before. Our present science facilities are not adequate even for the present program. It is recommended that the extension of the present facilities be made a matter for future consideration to include laboratory provisions for biological and general science and an increase and modernization of the present accommodation for chemistry and physics.

The program of health and physical development has included a complete physical and dental check-up of all students and recommendations submitted to parents concerning defects found. Our program of physical education devotes a period weekly to fundamental exercises and play experiences. Our wartime experience has brought out one lack in our program, that of facilities to teach the fundamentals of swimming and to make the ability to swim a requirement for graduation.

The Student's Pen will reduce the number of issues for the year 1946-47 to two. Problems of printing and administration have made this step necessary. The Pen Staff is under the capable direction of Miss Marlene L. Andrews, Mrs. Audrey E. Scheffler, Miss Anne R. McNally, Miss Grace M. Dunn and Mr. Stanley B. Goldman of the faculty. The editorial staff is headed by John Brady, Rosemary Brady, and George Webber. Miona Winsor and John Clemons are business managers.

Music and dramatics are an important part of our program. The time allotted for band activities has been increased 100%. Two senior class plays have been successfully presented, one in May and one in December. A Minstrel Show again filled our auditorium for two successive nights and played to enthusiastic audiences. The proceeds will be devoted to the purchase of new uniforms for the band. Assembly programs have included outside guest speakers and student-sponsored assemblies. A Christmas pageant presented by the Sophomore class was an outstanding contribution.

In December a simple but impressive ceremony was held in the auditorium. The members of the class of 1939 under the leadership of the president, Mr. Robert Robichaud, held a dedication service for a memorial plaque to Henry J. Fisher, Jr., a member of the class who gave his life in World War II. The plaque was accepted for the school by Mr. Richard F. Bartlett of the School Committee and Dr. John H. Gotschall, Superintendent of Schools.

In closing may I thank the members of the School Committee for the military leave granted me and the Superintendent, faculty, and student body for their friendly co-operation.

Respectfully submitted,

EMERY S. LOUD

Vice Principal of the Senior High School

REPORT OF THE VICE PRINCIPAL OF THE
JUNION HIGH SCHOOL
and
DIRECTOR OF ATHLETICS

Dear Dr. Gotschall:

I submit to you my annual report for the school year of 1946.

The general organization of the junior high school remains the same as last year. It does attempt to meet the new educational trends, however, it is handicapped by the present overcrowded conditions in existence in our building.

The management of a school system is like that of any other business — it involves the retention and acquisition of efficient employees, an adequate supply of necessary material and equipment housed in well heated, scientifically lighted, properly ventilated buildings with attractive surroundings.

Without a doubt we are not meeting the specifications of a well heated shower room. The lack of space, unattractive surroundings to the rear of the building, and inadequate playground space has been called to your attention and that of the public many times and for the sake of the record is mentioned in this report.

In order to provide the school children of East Bridgewater with the above mentioned desirable features together with ample space for outdoor sports and recreation under school control, relief from the overcrowded conditions in our building is necessary. The needs of the art, music, physical education, audio-visual and other departments could then be met by re-arranging the present building.

Arrangements were made with Boston University, School and College Relations, Special Testing Service to administer Aptitude tests to all pupils of grade eight. The results of these examinations have proved to be very much worthwhile as they show strength and weakness in Fields

of Interest, Mental Maturity, Reading Comprehension, Mechanical Aptitudes, and Speed and Accuracy. In studying the results of these tests, one is convinced of the need of professional training for the interpretation of this type of work.

The athletic program has been increased during the year 1946. During the basketball season, the junior high school teams played a regular schedule of sixteen games. This additional participation in competitive sports should give our capable coach, Mr. Joseph F. Morey, an opportunity to observe more boys in action and give him a good idea of the material available for the future teams. In connection with our junior high basketball coaching, a word of praise and thanks is due Mr. Philip E. Carey for his competent coaching.

THE REPORT OF ATHLETIC ACCOUNTS

Cash on hand, December 31, 1945		\$294.60
Basketball receipts		446.39
Tag Day receipts		91.32
Total Assets		\$832.31

Taxes, admission	84.64	
Baseball Expense	181.86	
Gift to Red Cross	25.00	
Miscellaneous Expense	79.65	
Total Expenditures	\$658.66	
Total Assets		\$832.31
Total Expenditures		658.66
Balance on hand, December 31, 1946		\$173.65

Respectfully submitted,

STANLEY B. GOLDMAN

Vice Principal of Junior High School

REPORT OF THE SCHOOL NURSE

Dear Dr. Gotschall:

During the year 1946, the school health program was carried on by two nurses. The first part of this report will be the interpretation of Mrs. Elizabeth Cochrane's records (January through June). The second part will include work done by myself (September through December).

JANUARY THROUGH JUNE, 1946

Routine school work was carried on as follows:

School visits	262
Special attention, including first aid to	1030 pupils
Recommended for exclusion	56 pupils
Ill children carried home	59
Children referred to school physician	6
Interviews with parents	200

Communicable disease was low with a report of only one case of scarlet fever, three cases of chicken pox, and seventeen cases of measles. However, during the summer months, there were many more cases of measles.

Assistance was given Drs. Morris and Hurlburt in the completion of the physical examinations.

Posture work with the assistance of Miss Bond from the Massachusetts Department of Health was started in the elementary grades.

In the follow-up for physical defects, one child was transported to the Massachusetts General Hospital, four children to Eye Specialists in Brockton and seven children to the Orthopedic Clinic in Brockton.

The Schick Test for diphtheria was administered to 250 children in grades one through grades five. Immunization treatments were given to 33 children who reacted positively to the test, also to 10 other children.

Through the courtesy of the Massachusetts Department of Health, the audiometer became available again for the hearing tests. The test was given in grades three through grades twelve with results showing only eight pupils with hearing loss. Through a fund available for Plymouth County Hard of Hearing, three pupils were aided in their defect by lip reading instruction given twice weekly by Miss Harriet Gibson of Brockton.

The annual registration of entering first grade children together with weighing and measuring, dental and physical examinations were carried on as usual. There are no figures available as to results.

SEPTEMBER THROUGH DECEMBER, 1946

Before beginning my report, I wish to express my pleasure in being back again and to thank all teachers, parents and children for their friendliness and cooperation.

Although valuable health records were saved from the Allen School fire, they were in poor condition and nearly all of them needed re-copying. Files and first aid boxes are still in the process of being cleaned and repainted. However, good health quarters, which aid tremendously in carrying out a good health program, are now established at the Town Hall.

Routine school work was carried on as follows:

School visits	132
Special attention including first aid to	419
Recommended for exclusion	100
Ill children carried home	76
Children referred to Dr. Hurlburt	6
Interviews with parents	166
Examination of feet in elementary grades	
Classroom and individual inspections for cleanliness and contagion.	

Assistance was given Dr. Hurlburt in his extensive physical examination of pupils in the Senior-Junior High

School. This examination included weighing and measuring, blood pressure, examination of skin, eyes, ears, nose, throat, heart, lungs, and feet. Results of the examination showed the following: Five girls showed an overweight condition, four cases of skin disease but all under treatment, fifteen cases of hardened wax in ears, six slight deviated septums, eight pupils with enlarged tonsils, five reportable heart conditions, many cases of flat feet, but only two showing symptoms. Conferences were held with pupils showing defects and notices were sent home to parents. Already a good start has been made toward corrections. As a result of the above examinations, five pupils were barred from taking part in physical educational activities.

Assistance was given Dr. Fraser in his annual dental examination. This year pupils in grades nine through twelve were included. Records show the following results:

<i>School</i>	<i>Defects</i>		
	<i>Examined</i>	<i>Corrected</i>	<i>Percentage</i>
Senior High	168	57	34%
Junior High	105	35	33%
Grades 4, 5, 6, (Sr.-Jr. High)	135	55	41%
Elmwood	59	15	25%
West	50	22	44%
Town Hall	145	56	40%

The examination revealed 37 children with a perfect set of teeth. Notices of dental defects were sent to 432 parents with a return of 400 papers stating necessary dental work would be done. It is hoped that before school closes in June much of this correction will be made.

This fall two school children were stricken with poliomyelitis. In both instances, the cases were non-paralytic and the children made a rapid recovery. Due to the high incidence of diphtheria in the state, the East Bridgewater Board of Health conducted two diphtheria clinics in the high school. Much appreciation is extended to Dr. Hurlburt, Mrs. Forest Cousins, Mrs. Henry Perkins, Mrs. Allan Fuller, Mrs. Willard DeChambeau and to the teachers who most ably

assisted Dr. Bannerman and myself in the management of the clinics. The booster dose was given to 382 children in grades one through grades eight, also the complete series of three inoculations were given to 13 children.

During December, vision testing was done with the state loaned apparatus. 554 children were tested and 95 were re-tested. For failure to pass the test, notices were sent to seventeen parents of pupils in Senior-Junior High School and to forty-six parents of pupils in the elementary grades. Besides these 63 failures, records disclose that 58 pupils in the Senior-Junior High and 38 pupils in the elementary grades show vision defects, which are under treatment or that have been corrected by glasses. Before the close of school, it is sincerely hoped that the parents will heed these notices and give their children competent Eye Specialist care.

Respectfully submitted,

RUTH G. EVANS, R. N.,
School Nurse

REPORT OF MUSIC SUPERVISOR

Dear Dr. Gotschall:

For this report the Music Supervisor would like to mention some highlights of the music activities for the past year.

In collaboration with Mr. Luther Churchill, Music Supervisor in Middleboro, a joint assembly program was presented last spring in the high school and repeated at the Middleboro High School. Members of the faculty and students took part in presenting a program that was truly appreciated and enjoyed by the student bodies of both schools. A similar type of event will be arranged for this year.

On May 11th, the Band took part in the Massachusetts Festival at Needham. Each competing band was classified

according to the enrollment of its particular school and was judged for various qualities: intonation, technical proficiency, tone quality, balance, etc. Our band received the highest score in its classification — a rating of 100%. Two weeks later the group went to Gloucester, Massachusetts to participate in the all New England Festival, and in participation with groups from six states was again given the highest rating. They have certainly brought credit to the school and hope to repeat their success in this year's festivals.

This year we have finally been able to order new uniforms for the Band and Majorettes to replace the somewhat bedraggled caps and capes now in use. These uniforms are going to cost over \$1,300.00 and will be paid for entirely from a Band Fund earned and saved by the members in various performances during the past five years. Although the Fund has now approximately \$1,100.00, we do not doubt that the remainder will be raised.

In November of the present school year, the Music Department with the help of many of the Faculty presented another Minstrel Show which was evidently enjoyed by all since seats were sold out for two performances. The proceeds were given over to the Band Fund.

Respectfully submitted,

SARKIS KURKJIAN
Music Supervisor

REPORT OF THE ART DEPARTMENT

Dear Mr. Gotschall:

The Art Department of the Public Schools of East Bridgewater seems to be moving ahead with the modern trends in Art satisfactorily. The free expression, the correlation of Art with other school subjects, the branching out into civic interests has increased the interest of the pupils in Art.

More painting, more modeling, more designing than formerly has been attempted this year. The school department has been a great help, in that it has supplied the schools with the necessary equipment for this work. The pupils have seen the practical and enjoyable sides of Art. This is very encouraging to any Supervisor.

Respectfully submitted,

ELLA B. HEBBERD,
Supervisor of Art

REPORT OF THE GUIDANCE DIRECTOR

Dear Dr. Gotschall:

I present herewith my third annual report as director of guidance at East Bridgewater High School.

The most noteworthy development in the field of guidance has been effected through the use of the battery of vocational and educational guidance tests administered by the Cooperative Testing Service of Boston University. Upon the recommendation of the Superintendent, this became a part of the regular program in March 1946. To date, the classes of 1946, 1947, 1948, 1950 have been tested.

This battery includes tests of interest fields and types in addition to tests to determine basal vocabulary, problem solving ability, reading comprehension, habits of speed and accuracy, and mental maturity. This last concept has replaced the narrow and unreliable I. Q. rating as a measure of so-called native ability. With such diversified tools, it is obvious that individual guidance in the selection of courses of studies and in vocational planning can be accomplished on a highly accurate level.

During the year conferences were held with all students and many parents regarding the results of the tests.

Our vocational information services have been ex-

panded but cannot be entirely adequate until conditions permit at least one period per week for guidance group work. We have developed a course of study that we feel would coordinate and make more effective our present program. We now merely await the opportunity to expand that phase of our work.

A new pupil inventory has been devised for use in place of the older Pupil War Inventory which was hardly adequate for our purposes. Follow-up work involving graduates in June 1946 has included job-placement, and educational assistance. Of the 42 graduates, 14 are continuing their education, 15 are in the Armed Services, 13 are employed.

During the spring, the director served as consultant on the State Department of Education Committee for the veterans' guidance program at Bridgewater. This involved planning and setting up and exhibit of guidance materials and services. It was gratifying to note that although East Bridgewater is the smallest school accredited with an "A" rating by the State Department, its services and materials compare favorably with those of the largest school systems.

We have also contributed to the setting up of the guidance program of West Bridgewater. Inventories, follow-up and placement forms, devised by the director, were given to them for use in their program together with plans for the dissemination of vocational information and the testing program.

The Student Council continues to be a successful part of the school program. It has done much to coordinate and stimulate interest in the extra-curricular activities. The sponsoring of educational assemblies, cheerleaders, drum majorettes, community service drives, and the purchasing of school equipment form a major part of the council's work.

May I thank the Superintendent, School Committee and citizens of East Bridgewater for their continued cooperation and interest in the development of our guidance program.

Respectfully submitted,

ANNE R. McNALLY,
Director of Guidance

REPORT OF THE SHOP DEPARTMENT

Dear Dr. Gotschall:

The Shop is still confronted with the difficulty of getting good materials at a reasonable price. We have some native lumber and some Idaho pine, but both leave much to be desired. There has been added a few new hand tools to the toolroom. A good power sander and a jig saw would be welcome additions to the Shop when conditions permit. We are trying to incorporate some drawing in connection with Shop work. The eighth graders are making working drawings of their projects before starting the work.

The juniors and seniors have been working on the plans and specifications of a house that is actually under construction near the high school. It is hoped that they will acquire some knowledge and appreciation of the labor and planning as well as the difficulties of building a home during these trying times of shortages. As a part of this project, the boys are building a scale model of the house in the Shop.

With the great need of skilled hands, there is much that can be done with the Shop Course.

Respectfully submitted,

ROBERT H. EASTMAN

Shop Instructor

REPORT OF THE HOME ECONOMICS DEPARTMENT

Dear Dr. Gotschall:

The Cafeteria is now serving a larger number of pupils than ever before. A hot well-balanced nutritious lunch is available to every pupil every day.

New equipment has been added to the Foods Laboratory this year, thus making it possible for the girls to have a most satisfactory course in Foods and Nutrition. The number of girls taking this class has greatly increased during the past year.

Respectfully submitted,

GLADYS W. MARBLE

AWARDS

1. HORACE T. SMITH ESSAY PRIZE

Awarded to the member of the Junior or Senior Class who submits the best essay on some scientific subject. Annual Interest on \$1,000.00.

LORRAINE M. LaBELLE

2. HORACE T. SMITH SCHOLARSHIP FUND

Given to the graduate of the East Bridgewater Senior-Junior High School who fulfills all the requirements as set down by the will of the late Horace T. Smith. First year's tuition at Massachusetts Institute of Technology, \$500.00.

WILLIAM L. CLEMONS

3. THE MICHAEL J. McCARTHY PRIZES

Given annually to two Seniors who exhibit superior knowledge of the United States Constitution or a selected subject in American History.

1. CONSTANCE L. GLOVER 2. EVELYN M. FRABETTI

4. THE WASHINGTON AND FRANKLIN MEDAL

Awarded to the Senior who had contributed the most and stands the highest in the study of United States History.

WILLIAM L. CLEMONS

5. THE DICKINSON MEDAL

Given to the graduate who has shown the most improvement in scholarship during his or her four years of High School life.

LORRAINE M. LaBELLE

6. CLASS OF 1931 AWARD (MEDAL)

Given to the Senior who has fulfilled all the requirements towards being the best citizen of the Class during his or her four years of High School life.

JEAN O. EWING

7. THE SYLVANUS COOK PACKARD AND ALUMNI SCHOLARSHIP

Given to the graduate who fulfills all the requirements according to Article 5, Sections 1, 2 and 3 of the By-Laws of this fund, and who stands the highest of all those making application for this scholarship. Annual interest on \$1,500.00.

JEAN O. EWING

8. THE BANNERMAN SCHOLARSHIP

Given to the graduate who has completed the High School Classical Course and who is the highest ranking student in the list of applicants to enter a college on the approved list.

DOROTHY R. FERRY

9. RENSSELAER POLYTECHNIC INSTITUTE SCIENCE AND MATHEMATICS MEDAL

Awarded to the Senior who has attained the highest excellence in the studies of Mathematics and Science throughout his or her High School career.
